...N LODGE HONOR MEN... (Continued from page 1) ...and of other peoples, by rubbing shoulders with all conditions of men. Cook's sons, duke's sons, sons of a hundred earls. We have developed a sense of nationhood we will not lose and it will give us the impetus to do our duty as members of the British Empire.

...Mr. Sam Richardson sang "Dear Old Pal of Mine." "Our Lodge and Order" was proposed by Noble Grand F. E. Carly. He spoke of the steady progress of Union Lodge. Last year over a hundred new members were taken in.

...D. N. Walker, veteran oddfellow and veteran citizen and good fellow made a happy response. He said outside of the church oddfellowship is one of the best institutions they have in the country to-day. He didn't think there was a better class of men and he was not ashamed of Union Lodge representatives of oddfellowship.

...Mr. Walker made a special kindly reference to the late Captain Frank McKinley, one of the finest fellows who ever lived. Bro. A. C. Ferguson sang a solo after which Lt.-Col. F. C. McCordick proposed "Our Guests."

...Major Frank Jackson responded. Not being a speaker he used his time telling stories which he did very well. Bro. Stanley Switzer sang a song after which Mayor Lovelace responded to "Our City."

...Captain Lovelace added his word of appreciation of what Union Lodge did for the men fighting in France and in the other theatres of the war. St. Catharines generally did noble work for the boys over there. In his unit he had men from every province, but no men were so well remembered by the folks at home as were the St. Catharines men.

...The affairs of a city are quite as important as those of an Empire, said the Mayor, because it is in our city we began to build for empire. The people of St. Catharines are especially favored. Nature has favored us greatly and he believed that the administrators of the city had done much to make the lot of our citizens just a little better than those of other places.

...There were improvements needed. It is true. Our street railway service required extension and development. There are other things needed. He believed the city had selected a good set of aldermen all actuated by the business idea and inspired by a sense of duty to the city.

...Stanley Ker sang and after Messrs. Wilson and W. A. E. Moyer had responded to "The Press," the exceedingly pleasant affair closed with "Auld Lang Syne," the hour being then about midnight.

How to Treat Stomach Trouble

A Tonic Medicine is Needed to Build Up the Digestive Organs.

The old-fashioned methods of treating stomach diseases are being discarded. The trouble with the old-fashioned method was that when the treatment was stopped the trouble returned in an aggravated form. The modern method of treating indigestion and other forms of stomach trouble is to tone up the stomach and glands to their normal work. Every step toward recovery is a step gained and not to be lost again. The recovery of the appetite, then disappearance of pain after eating, the absence of gas, are steps on the road to health that those who have tried the tonic treatment remember distinctly. Dr. Williams' Pink Pills are a tonic every constituent of which is helpful in building up the digestive organs, and therefore the very best remedy for simple or chronic cases of stomach trouble. The success of the treatment is best shown by hundreds of cases like the following. Mrs. Chas. Comer, Picton, Ont., says: "For upwards of two years I was a great sufferer from indigestion. Food would ferment in my stomach, and I would belch gas with a burning sensation. Often I would be troubled with nausea, sick headache and dizziness. Notwithstanding that I was under medical treatment the trouble grew so bad, that I would only eat when absolutely forced to, and I was in constant misery. I was finally advised to try Dr. Williams' Pink Pills, and had only been using them a few weeks when I found they were helping me. I very gladly continued their use and the result was that they have made me a well woman, every vestige of the trouble having disappeared. I am so grateful for what Dr. Williams' Pink Pills have done for me that I strongly advise any who may be suffering from stomach trouble to give them a fair trial, and I believe that, like myself they will find a sure cure."

You can get Dr. Williams' Pink Pills through any dealer in medicine or by mail, postpaid, at 50 cents a box, or six boxes for \$2.50, from The Dr. Williams' Medicine Company Brockville, Ont.

COLLEGIATE TEST EXAMINATIONS

The results of the January test examinations at the Collegiate Institute are given below. Owing to the small-pox and vaccination troubles chiefly, a large number of pupils were unable to take the examinations. This fact will not count against them on their mid-summer examinations if they are able to cover the work which they were compelled to miss during their absence from the school. Industrious habits, particularly with respect to the school work, are most desirable, and the principal and staff will appreciate the help of the parents in keeping the pupils' minds centred on school work during school days. The minds of the people should be occupied with school work. The school age will soon be gone. Let us have reasonable diversion, but lots of attention to school work.

In Class 1 names represent the order of merit. Class 2 contains the names of those who were not graded owing to absence from all or part of the examinations.

"Go Teach All Nations Beginning at Jerusalem"

"WHAT'S it," says a critic, "beginning at Jerusalem! You should correct paganism at home before going abroad to look for it. I do not believe in Foreign Missions."

Yet Jerusalem was not Christianized when the Apostles went to Antioch; when Philip was sent to the Ethiopians.

The Need of Africa
Africa was first explored by a Missionary who lies in Westminster Abbey, honored by all nations. David Livingstone was succeeded by other devoted men, who gave themselves unreservedly to the people of the Dark Continent. Triumphant success in some districts—Uganda for instance—is balanced by dull failure in others. Yet the general prospect is encouraging. Through Congolese Missions in that land, men are raised out of savagery, women are civilized, children are cared for and educated.

The Missions Established
Five Christian Communions in Canada—Anglican, Baptist, Congregational, Methodist and Presbyterian—have an extensive mission work abroad. They have sent overseas many devoted men and women. By their work, barriers have been broken down and in every land there is an eager call for more missions, more teachers, more doctors, more hospitals. Now, owing to the declining value of the dollar, it is necessary to double the expenditure in order even to hold the ground won. Until that is done, an advanced Missionary programme can not be undertaken.

Mass Movements in India
India is our brother-land, a loyal British dependency. Illiteracy is the rule. Caste imprisons the people and stifles all ambition. British administration has taught the folk the value of peace. English-speaking Missionaries from Canada are teaching them the value of education and the power of the Name which is above every name. Great masses of the people are asking for baptism, but there are not enough Missionaries to teach them.

A Mandate for Expansion

All men, who think honestly realize that the Gospel of Christ is unique in moral splendor, in spiritual force, in civilizing influence. It redeems the individual and exalts the nation. It has made the modern world of thought, of industry, of progress. It must go out over all the earth to ease international relationships, to put an end to cruelty and misery. There is free entry for the Gospel in every nation under Heaven. Lift up your heads, O ye Gates of India, and be ye lifted up, ye everlasting Doors of China and Japan and Africa, and the King of Glory shall come in.

The Chance in China
China is attempting to develop a democratic spirit before the nation is prepared for it. Many of the leaders got their first glimpse of true liberty in Christian Mission Schools. Now they talk of establishing one million Government primary schools. They look to Canadian Missionaries for help in the establishment of normal courses. Was ever such an opportunity before the Church—to help influence the school teachers of a great, new nation of four hundred million people?

The Call to Action

Canadians, Churchmen or non-Churchmen, you met the charges of the war with cheerfulness, since it was waged to establish righteousness in the earth. Now hear the call of the Churches for adequate means to continue by peaceful suasion the work which for four years was done by batteries and bayonets. Your Church appeals directly to you, civilized and educated by Foreign Missions of an ancient time, to meet your obligation to that same Great Cause today.

The Need of the World
Japan, Formosa, Korea, the South Sea Islands, South America, and not least, the pagans in our own land, need the Gospel. The Missionary is welcomed in all lands. Men everywhere appreciate the spirit of those Christians who forget themselves in order to serve the suffering and the weary. Idealism in action counts.

Mark Twain

In the days when interesting people came to Canada to find it interesting there was nobody could reveal the spirit of the land to them like George Ham of the C.P.R. It is said he put Major Pond of the United States out of business. Why go on a weary lecture tour under that presiding guide when George Ham could transport you to Winnipeg and on through the delights of the Rockies in all the comfort of a Pullman?
