Chicago, Ills, Sept. 14.—The Armour at the country station, or possibly in his private granary. The farmer of cows and heifers, 2.25 to 6.30; stocktoday is not the farmer of twenty or ers and feeders, 3.00 to 5.10; calves, "follower of the plow" is a speculator erners, 4.35 to 7.00. in every sense that the word im-lies and instead of riding to chuich steady. on Sunday or to the village on week 4.25 to 7.65. days in a lumber wagon, he may be fancy prices recently paid for cash A year ago Tuesday the J.Y. Griffin wheat fattened his bank account no packing plant opened for business in little and he is anxious to see the Edmonton. The price paid for hogs figures in his bank book grow to larger amounts. There are many in the plant, whereas the price today is trade who believe that the spring eight cents and a little better wheat crop has been largely over choice hogs. Farmers have as ye estimated, but in time, when prices no reason to regret the presence not only refuse to decline, but ad- the packing plant at Edmonton. vance, there are any number of people! who are willing to advance an opinion to suit the occasion. There was an enormous trade in wheat today and the market was uncertain. Prices changing continuously and the one side to the other in rapid succes. The elevator will cost \$7,000 and will purchases were probably around Saturday and moved direct to 1,500,000 bashels. This buying was field to build an elevator there.

mour Grain Company's brokers sold a tion on the elevator at Bruderheim i big line of September wheat in order being rapidly advanced and will be brokers bought December, probably grain. in order to keep some wheat on hand in case of a rainy day, in addition to was given credit for having purchas ed 970,000 bushels of December wheat at Liverpool and the cable advices re the cutting of grain is about over and ported that there was no great trouble experienced in securing the wheat in the English market. Professionals of notice is that the crops in the went home short of wheat tonight and the bear side of the market was the favorite one in the ranks. Every big house in the wheat trade was in and out of the market of the market of those south of Calgary. The report is as follows:

Airdrie—Good: harvesting already. over; threshing commenced, slight damage from frost; weather favorand out of the market on a large scale. Wheat attracted more attention than all the other cereals combined. The Northwest was on both sides of the market. sides of the market. Primary re-ceipts of wheat were 1,875,000 bushels, compared with 2,197,000 bushels a year ago. Local receipts 95 cars, northwestern 506 cars and Winnipeg

568 cars.
While the strength in wheat helped ing; clear and warm.
-Innisfail—Good; weather cool and the corn market no little, the countryman is inclined to sell both his old and new corn around the present favorable.
Penhold—Good; fine; above aver level of values. There was a good demand from some of the strongest age; weather favorable.
Red Deer-Good, warm and dry interests in the trade and the cash market was steady. Oats values were influenced early by the strength in wheat, but eased later was some selling of May by commis houses and the September was on the market at a quarter cent over December with rather poor demand. Cash prices were steady to a quarter cent higher. The northwestern crop general; clear and cool. is beginning to show up at primary points, Minneapolis receiving 140 starts this week; no rain.

Strathcona—Good; grain cut; threshing starts this week; no rain.

Strathcona—Good; harvest about all There was enough bear pressure cut; weather favorable. shown in January hog products late Daysland—Good; fin today to lower the entire list. The volume of trade was of moderate pro-There was an advance the start on buying by scattered in terests, but prices eased off on re-alizing transactions, when there was also liberal sales of December and

TUESDAY'S GRAIN MARKETS. Winnipeg, Man., Sept. 14.-Cables and Minneapolis were fractionally higher, while in Winnipeg they were fractionally lower. There was no news of any moment other than the foreign crop summary and this could be construed either way. Most of the gossip from the south was fullish. After a range of 1½ cents the close found prices in Winnipeg.

Wenter—Good, no damage from any cause; weather warm and favorable. Gleichen—Excellent; weather favorable for threshing.

Langdon—Good; threshing in full swing; no grain marketed; weather fine.

Cayley—Crops in good condition; weather fine. the close found prices in Winnipeg and Minneapolis half higher all round, Winnipeg September alone being 36 up on the continued good damaged from 2 to 3 grades with frost.

Received—Crops in good condition; weather favorable.

Granum—Crops good, 50 per cent. damaged from 2 to 3 grades with frost.

Received—Crops in good condition; cash demand. Chicago September fell off and closed ½ lower, but the December was ¾ and May ½ higher. It was stated that Winnipeg September weather fine and warm. It was stated that Winnipeg September is in line for export, while other ber is in line for export, while other options are out of line. If a dribble of export can be worked and the eastern demand continues, while a large proportion of wheat inspected.

Lethbridge—Crops in fair condition; weather fine.

Macleod—Crops in good condition; threshing in full swing. eastern demand continues, while a large proportion of wheat inspected passes into store, prices may not only not recede further, but may steadily advance, especially if Russian shipments show any falling off. Receipts at Winnipeg are not yet phenomenal, those of yesterday being 568 cars, against 546 last year.
Bradstreet gives an increase in where he has been investigating conditions in the sheet investigating conditions in the
