

ENTHUSIASTIC OVER NORTHERN ALBERTA

Timbermen Expect to Presenting... Trip to Wood Waters of Saskatchewan and Athabasca.

Representing the T. A. Burrows company, which is identical with the Imperial Pulp company, and which has large timber limits on the Athabasca, Macleod, Pembina, Brazeau and Saskatchewan rivers, D. B. Macdonnell, of Winnipeg, passed through the city Wednesday on his way east after an extensive inspection trip.

In speaking of the timber resources of the country through which he passed, Mr. Macdonnell said that the timber which is gradually being cut in there seem very anxious to preserve the timber, and that whenever a fire threatens they turn out and fight it to a man.

RIOTS AT CAMBRIDGE.

Students Refuse to Hear Mrs. Parkhurst - Police Called In.

Cambridge, June 14.—There were lively scenes at a meeting in support of the women's suffrage movement which was held at the Cambridge Hotel last night. A large number of undergraduates obtained admission, and the police had to be called in. Mrs. Parkhurst failed to obtain a hearing, and the proceedings culminated in a free fight, following an attempt on the part of the undergraduates to capture a flag on the platform. For some minutes the situation looked extremely serious, but this was eventually cleared up without much damage having been done. Some of the police were knocked off the platform into the lobby of the building, and in the struggle that ensued with the students many of the constables lost their helmets.

TWELVE HUNDRED MEN IN CAMP AT CALGARY

Alberta's Militia Assembles at Annual Instructional Camp - Elements of Cavalry, Artillery and Mounted Rifles. Mounted Rifles Used by Troops - Men Will Drill Both on Foot and Mounted.

Calgary, June 14.—Hundreds of tents are in readiness for the big militia camp which opens in earnest tomorrow. The Calgary contingent went into camp today. The Edmonton contingent arrived during the day and will be in readiness for the opening. The camping ground has been selected about four miles from the center of the city on a very nice piece of open ground. The soldiers in Calgary have a reputation for bringing with them whenever they go into camp, and they kept up their reputation. This morning it drizzled a little, but it now looks as though it will amount to much. The camp commander is Lieut. Colonel Cruikshank, while Lieut. Col. Walker commands the 15th Cavalry brigade.

The different units in attendance at camp this year and their commanding officers are: The 15th Cavalry brigade, comprising the 15th Light Horse (Calgary), Major Geo. MacDonald; 19th Alberta Mounted Rifles (Edmonton), Lt. Col. Robert Belcher; 23rd Alberta Rangers (Macleod), Major R. J. Campbell; the 25th Infantry (Edmonton), Major J. S. Stewart; 17th Field Ambulance Corps (Calgary), Capt. L. S. MacKinnon; Indian corps, Capt. P. T. Boulanger; Signalling corps, Lieut. J. J. Johnson; Corps of Guides, Capt. C. L. DeKam; Capt. R. Ross; Lieut. J. C. Blagg.

The men will drill on foot as well as mounted. The officers will give instruction during the day to the men in practical horsemanship. There are already twelve hundred men in camp and a corresponding number of horses. Eight hundred tents have been erected. The sanitary arrangements have been carefully looked after by the medical corps. The greatest difficulty is in getting water which has to be carried two miles from the city mains. The organizations that have effect in the militia are the 15th Cavalry, 19th Alberta Mounted Rifles, 23rd Alberta Rangers, 25th Infantry, 13th Army Medical Corps, 13th Signaling Corps, Corps of Guides and Engineers and the 15th Light Horse.

From Calgary, Mr. Macdonnell went to Winnipeg, but some time during the coming summer he will take a trip down the Saskatchewan from the headquarters of that river to the timber limits along the river which are held by his company. He will first go to Laganan and from there travel by pack train to the headquarters of the Saskatchewan, coming down the river by boat.

COLLISION NEAR CALGARY.

Two Freight Cars Together, Head-on on Bow River Bridge.

Calgary, June 15.—Two locomotives were telescoped and the engine crew of one injured in a head-on collision between two freight cars on the Bow river bridge, two and a half miles east of the city, shortly before five o'clock yesterday afternoon. The crews of both trains jumped when they saw that a smash-up was inevitable, but Pettman, the fireman on the west-bound train, did not make the leap quickly enough.

The locomotive had reached the bridge before he got over. Getting a firm footing on the ties of the bridge was impossible and the fireman slipped. His right foot went under the wheels, which passed over it. The men were dragged twenty feet along the ties before he was thrown aside. His shoe and a large part of his foot were taken off completely. What was left of the foot was crushed to a pulp. Fire shutting off the throttle and putting on the brakes, engineer McJames jumped out of the cab before the bridge was reached. He landed on the rough, stony ground and that is why his lip was badly cut. He was otherwise bruised about the face. He was on the outside of the curve, the fireman on the inner.

The head brakeman, G. J. Lutes, of Medicine Hat, was also in the cab. He sprang from the same side as the fireman and rolled over and over on the ground but was not scratched. He did not even lose his spectacles.

An investigation will be held by District Superintendent Maharg in an effort to set the blame for the accident.

Niagara Carnival Successful.

Niagara Falls, Ont., June 14.—Niagara's first international carnival was carried to a successful conclusion tonight after attracting 75,000 visitors to the city. The morning was occupied by a mammoth military and national parade. A picked corps of the Canadian militia from the camp at Niagara parade on the American side. Major Carpenter, B. C. R., was in command. Carnival features introduced made the day the greatest in the history of the Niagara frontier.

BITTER ATTACK ON SOCIALIST CAMPAIGN

London, June 14.—A speech in London today bore witness to the bitter attack on the Socialist campaign.

London, June 14.—Lord Joicey, who presided over a meeting of the Anti-Socialist Union of Great Britain, yesterday, at his residence, 68 Cadogan square, said it had been thought that in the English mind there was not much room for Socialism; and he thought so, provided that the English mind was not to realize what Socialism meant. The fact was that, while the purely Socialist party was very small, it was active and clever, and had secured much greater power than by its numbers it would seem entitled to. It contrived to obtain control of the executives of trade unions, and yet the experience of Mr. Burt, M.P., Mr. John Wilson, M.P., and Mr. Fenwick, M.P., when they refused to sign the Labour party's pledge, and appealed to the individual members of their unions, showed that the Socialist executive was not truly representative.

FOREST FIRE RAGING NEAR FORT WILLIAM

District Covering 24 Square Miles Burned - Homes Destroyed - Two Families May Also Have Been Cut Off by Flames.

Fort William, Ont., June 14.—A forest fire, which is raging in Conmee county, has destroyed two houses and is burning up the district covering 24 square miles. The fire is burning on both sides of the river, and extends from Kakikaka Falls to Stanley. All the men in the district, including 20 men who were employed on construction work for the Kaministiquia Power company, have been at work since early last Monday evening unless rain comes during the day the men will have to give up the fight if their homes are to be saved.

The home of Lord Scarlett, with all its contents, including a dog, have already been destroyed by the flames. E. B. B. and his wife and children were also forced to vacate their home and watch it with all their furniture and family effects go up in smoke before the flames.

The school house in Conmee county was also burned down and it is feared that the families of Mr. Nelson and Mr. Macgregor have been cut off by the fire and possibly burned to death. The two men are in Fort William, but all attempts to locate them were in vain up to an early hour this morning.

An official of the Kaministiquia Power company stated today that the power plant was safe owing to the large amount of cleared land surrounding it. It is expected that the fire will be put out by the end of the week. The fire has not yet been put out, but it is expected that it will be put out by the end of the week.

MAROOONS AGAIN BEFORE CALGARY

Out by a Score of 7 to 0. Look Like Dubs as They Rout for Manager.

Winnipeg, June 17.—Calgary's Maroons look like a lot of "dubs" in tonight's game, winning on the 7 to 0. Speiser's offerings were Carney's marksmen and they thirteen hits. Manager Lohr base, again played a miserable catch position. The score tells it all.

RUSSIAN JEWS WILL REMAIN UNDER BAN

Bill to Abolish Fair Has No Chance of Carrying, Though Favored by Many Members of the Duma.

St. Petersburg, June 14.—The bill for the abolition of the Jewish pale, which has been introduced in the Duma, has no chance of enactment. Its introduction, however, is of importance, as it shows the strength of the element which favors giving the Jews the right of unrestricted residence in Russia. It is signed by 165 members of the opposition in the legislative body, which originated the present anti-Jewish campaign. The total membership of the Duma is 440 and the measure had the support of more than one-third of the members. The "Russia" today prints an official statement by Premier Stolypin in his capacity as member of the Chamber regarding the Jewish expulsions, in which the premier minimizes the extent of the government campaign. According to the report in the "Russia" Kiev who were subject to expulsion number 446. The government is disposed to relax its rigid policy in so far as it is practicable in Kiev and other places, particularly as to the arresting of Jews who were well established in business. The score tells it all.

200 LIVES LOST IN BIG GERMAN FLOOD

Torrents Poured Through Berlin Streets - Cloudbursts Do Immense Damage to Property - Floods Caused by Heavy Rains.

Berlin, June 15.—It is now estimated that 200 persons were drowned in the Ahr river floods. Fifty lives were lost at the village of Scheufl, when a bridge that was crowded with people watching the turbulent waters, was carried away. Berlin itself was a heavy sufferer from floods last night when the worst cloudburst in many years occurred, causing many hundreds of thousands of dollars damage. The subway was filled with water. Tables and chairs in outdoor restaurants were swept away. For a time the water was three feet deep in most of the principal thoroughfares. Twenty persons were struck by lightning, but so far as has been reported none were seriously injured. Eighty bodies have been recovered from the Ahr river. These were found along the river banks tossed high by the flood or left stranded as the waters subsided. Throughout the Ahr valley only one bridge is left standing. The floods were caused by a heavy rain which continued for several days, causing the river to break its bounds. Sunday night there was a cloudburst and the waters choked the valleys, drowning every living creature in their path and causing immense monetary damage. The town of Oberammergau was flooded by a torrent three feet deep, running through some of the streets. The theatre was threatened. The roads are impassable and the railways have temporarily suspended service. Hundreds of Americans and other visitors are food-bored. It is reported that there is great suffering and much discomfort.

MISSIONARIES IN CONFERENCE

World's Convention at Edinburgh With Thousands of Delegates.

Edinburgh, June 15.—The third World's Missionary Conference, in which the various Protestant denominations of all nations and countries are represented by delegates. The United States and Canada, with their fifty-eight missionary societies and boards are also represented by about one thousand official and unofficial delegates. Great Britain has about an equal number, while other European countries have a similar representation in proportion to the extent of their missionary work. The first of these World's Missionary Conferences was held in London in 1887. The second was held in New York in 1900. Since then mission work in all its branches has made tremendous progress, especially in the United States and Canada, and the reports to be submitted to the conference will make a surprising showing. The most important of the subjects of its kind ever held, is utterly original in its character, and its reports will be of the greatest value to the religious work of the whole world. While all branches of Protestantism from the Unitarian to the orthodox of England to the Quaker meeting, are represented in the gathering, no bias of the eight commissions which have been appointed to investigate and report upon all phases of missionary work and conclusions to be drawn from the subjects entrusted to them and their reports will cover the whole ground of the world's work thoroughly and give a clear picture of the situation and of the possibilities of the world's missionary work.

In addition to the reading of these reports and discussions thereon, there will be a number of special topics by the most eminent speakers of the world. The conference will not even open its doors to resolutions on any even upon the reports of the commissions. Its sole aim is to gather and present before its commission and proceedings facts and conclusions to be drawn from the subjects entrusted to them and their reports will cover the whole ground of the world's work thoroughly and give a clear picture of the situation and of the possibilities of the world's missionary work.
