### Address of Welcome

#### TO HIS GRACE THE ARCHBISHOP.

At 8 p.m. yesterday the Roman Catholic Societies of the city accompanied by the C. C. C., T. A. Juvenile, and Adult Bands assembled at the Cathedral grounds to present an address of welcome to His Grace Archbishop Howley on the occasion of his return from his visit to the Holy See. Owing to the weather conditions that prevailed when his Grace came to the steps to receive the greeting of the vast numbers who had assembled, the programme had to be slightly altered. His Grace then retired into the Church and ascended the Throne, and a large number of priests from the city and outports were present in the Sanctuary. Hon. J. D. Ryan thereupon read the following address:

ADDRESS  
To His Grace the Most Reverend M. E. Howley, D.D., Archbishop of Saint John's.

May it Please Your Grace:  
On behalf of the Catholic Societies and community of St. John's, it is our privilege to tender to Your Grace a most hearty welcome upon your return from the Eternal City to your own See and our respectful assurance of the great pleasure it affords us all to feel that the Spiritual Head of the Catholic Church in Newfoundland has

returned to the Archdiocese, which he has so wisely administered for many years.

This is an occasion upon which the many and difficult labours so successfully undertaken by Your Grace and under your auspices, recur to the minds of all—the churches and schools you have built, your many services to the great cause of education, the restoration of our Cathedral and the many other works which are a perpetual memorial of Your Grace's zeal and devotion.

We feel sure that Your Grace's efforts on behalf of the Archdiocese will be as fruitful of good in the future as they have been in the past. We trust that Divine Providence will, for many years to come, preserve you as our Archbishop and prosper the good works which you may undertake and in which you will be assured of the loyal co-operation of all for the good of the Archdiocese and the advancement of the Church in this Country.

In tendering you this expression of the devotion of our Catholic people towards Your Grace in person and towards the Church which you so worthily represent, we venture to express the hope that your visit to the Holy Father will have the effect of strengthening that loyalty to Holy Church and the Apostolic See which has ever characterized the Catholics of Newfoundland.

Signed on behalf of the Catholic Societies and the community of St.

John's, this twenty-third day of July, A.D. 1914:

J. D. Ryan President Benevolent Irish Society; J. P. Scott, President Mechanics' Society; C. W. Ryan, President St. Vincent de Paul Society; W. J. Ellis, President Total Abstinence and Benefit Society; J. T. Martin, Vice-President Star of the Sea Association; T. J. Walsh, President Holy Name Society (Cathedral Branch); Jno. Barron, President Holy Name Society (St. Patrick's); Joseph Partridge, President Christian Doctrine Society; C. O'Neil Conroy, Lt.-Colonel Catholic Cadet Corps; John T. Fitzpatrick, President St. Joseph's Institute; C. P. Eagan, Grand Knight, Knights of Columbus; J. L. Slattery, Chairman of Committee; Vincent P. Burke, Secretary.

After the address had been read His Grace left the Throne, and proceeding to the altar steps, expressed his sincere thanks for the reception accorded, and felt that the address was a beautiful manifestation of the loyalty of those present and all Catholic citizens to the Church. Referring to the awful calamity that had occurred during the sealing voyage, His Grace said that it was long after the event that he heard the news, and while he felt the deepest sympathy for the afflicted ones, he knew that an assurance was unnecessary as he had left a worthy representative behind, Rt. Rev. Mons. Roche, who, he felt, would do all that was required. As for himself he remembered the people in his daily Mass.

He pleasantly referred to the great work done by the Christian Brothers in Rome, where they have over 1,000 students, a remarkable number in a Latin country. Speaking of his visit to Ireland His Grace said that at his call at the schools in Tralee the band played the Banks of Newfoundland as a welcome, and a pleasing feature in this respect was that the teacher of the band was Brother Power, a native of this city, who went away with the Christian Brothers who first visited the country.

His Grace was in Ireland for the passing of the Home Rule Bill and in speaking of the issue said that he thought that more excitement prevailed on this side of the Atlantic. He stated that he thought the messages to the Press were greatly exaggerated statements, and that the country which is now flourishing will yet attain its second amongst the Nations and regain its ancient prosperity.

He then imparted the Pontifical interest.

blessing given him by His Holiness the Pope. The bands in the Cathedral grounds then rendered several selections and a display of fireworks was given, after which the gathering dispersed.

### The Royal Commission

Yesterday Hon. Edgar Bowring, a member of the Commission, received a wireless from the President, who is on the Alsatian, which was then east of Cape Race, that the steamer was 2½ days overdue, having been detained by fog. As the Commissioners on board the Alsatian debark at Rimouski, where they join Sir George Foster on a Canadian Revenue steamer for Newfoundland, they will not arrive in Newfoundland as early as was expected.

### PRIZE FOOD.

Palatable, Economical, Nourishing.  
A Western woman has outlined the prize food in a few words, and that from personal experience. She writes:

"After our long experience with Grape-Nuts, I cannot say enough in its favor. We have used this food almost continually for seven years. 'We sometimes tried other advertised breakfast foods but we invariably returned to Grape-Nuts as the most palatable, economical and nourishing of all.'

"When I quit tea and coffee and began to use Postum and Grape-Nuts, I was almost a nervous wreck. I was so irritable I could not sleep nights, had no interest in life. "After using Grape-Nuts a short time I began to improve and all these ailments have disappeared and now I am a well woman. My two children have been almost raised on Grape-Nuts, which they eat three times a day. "They are pictures of health, and have never had the least symptoms of stomach trouble, even through the most severe siege of whooping cough they could retain Grape-Nuts when all else failed."

"Grape-Nuts food has saved doctors' bills, and has been, therefore, a most economical food for us."

Even read the above letter! A new one appears from time to time. They are genuine, true, and full of human interest.

### McMurdo's Store News.

FRIDAY, July 24, 1914.

Welch's Grape Juice is the standard grape juice; it is the best known because it is the best and because it is the most skillfully, largely and persistently advertised. We are getting Welch's this season, and find that our customers both those who buy it by the bottle, and those who patronize the soda counter for it. Most of the latter order their Welch's diluted with soda water; the aerated water seems to give it an extra "punch" without in any way detracting from the flavor; others prefer to drink it pure. We are, of course, prepared to supply either demand. There are four sizes of bottles of Welch's selling at 12c., 25c., 40c. and \$1.25 each; 5, 10 and 15c. a glass. Try one if you are thirsty or tired.

### Motor Car Driver Guilty of Negligence.

An interesting case occupied the attention of Judge Knight in the Central District Court to-day. Sir William Horwood sued Dr. Burden for damages in negligently driving a motor car on the 20th instant. Sir William and Lady Horwood while sitting in a street car were bespattered with mud which came in through the window of the street car from the motor car. The action was taken to have a pronouncement by the magistrate as to the rights of citizens generally to be immune from such like damage at the hands of motorists who tour our streets. The complainant in this instance did not seek monetary damage but intimated that proceedings were taken to be a caution to motor drivers, that whilst many inconveniences have been suffered by citizens, many of those so inconvenienced and injured had not, though feelings of delicacy or otherwise, brought the matter before the courts. The defendant was represented by Mr. Jas. P. Blackwood, who tendered an apology and payment of damages, but defended the case upon the principle that there had been no negligence. The Magistrate, however, held that the act itself of splashing mud from a motor car at such a height and distance into a street car was the best evidence that could be adduced, and commented severely upon the use by motorists of our streets with an utter disregard to the rights of the general public. As no damages were asked for, His Honor merely ordered costs with a brief fee to the complainant's counsel.
