

THOUSANDS TESTIFY TO MERITS OF TANLAC.

**Widespread Demand For
The Master Medicine Due
To Inherent Worth—
Another St. John's Man
Tells His Experience.**

The merits of a medicine spread by testimony. This accounts for the unprecedented demand for and ever increasing popularity of Tanlac. Those who once try it invariably buy it over and over again and tell their friends of the splendid results they have derived from its use.

Among the numerous St. John's people who have testified to the power of Tanlac is Robert Walsh, a well known Moving Picture operator living on Open Pond Road. Here is what he says:

"I have tested Tanlac now and when one needs something to build him up as I did it certainly is a winner. At the time I began taking it I was all run-down and very weak and was going down the road of ill health at a pretty rapid rate.

"I had not reached the point of having to give up my work, but just seemed to be right on the verge of it. I was getting very listless, had no

energy and was feeling all fagged out. My food seemed to do me no good and I could never get a good night's sleep. I was just in that condition that keeps a person feeling miserable and unfit for anything.

"Knowing so many people personally who were praising Tanlac I decided to see if there was anything to it for me. I really thought some of the statements I read were stretching the point a little until some of my friends up at the hall told me it was really a fine medicine, then I got busy and bought some and it has come up to every good word I have read and heard about it.

"I have taken three bottles and am feeling as well as I ever did in my life. I soon began to lose that tired, listless, feeling and take on new life and energy. I also secured a great deal from constipation, but Tanlac has corrected this, as well as my other troubles. It has made me feel like a new man and I am glad to pass the good word along."

Tanlac is sold in St. John's by M. Connors, by Reg. Sullivan, Pouch Cove; South Island Store, South Island; Dennis Flynn, Avondale; J. J. O'Brien, Cape Broyle; J. W. Smith, Balno Harbour; W. J. Burdock, Bellisport; John Morey, Farness; Mrs. Jos. Quinn, Renews—adv.

Flour Prices Will Soon Tumble.

WINNIPEG, Aug. 27.—Following the start of the full movement of the 1920 crop and the resumption of competitive dealing by millers, it is stated to-day on good authority, according to a local paper, that there will be a drop in the price of flour and also in the price of bran and shorts.

One prominent miller said that the drop in the price of flour would be \$1.50 per barrel at least. It was likely to take effect soon, probably next week, or the week following, he intimated. The price of flour per barrel now is \$14.30.

The price of bran and shorts, it was said, would drop from \$7.00 to \$5.00 per ton.

Notice to Medical Practitioners! Controller's Department.

For the more accurate record of Ales, Wines and Spirits dispensed by the Controller's Department, and by Medical Practitioners and Licensed Druggists, as provided for by the Prohibition Act, it has been found necessary to make a slight addition to the particulars called for on prescription forms, and pending the issue of a new series the additional record must be made on each prescription as indicated in the following paragraphs.

- Doctors practising in St. John's will write on the reverse side of each prescription issued, the house number and name of street and of the person prescribed for.
- City Doctors prescribing for non-residents will write on the reverse side of prescription the name of locality and the name of district of the person prescribed for.
- Prescriptions issued by City Doctors for residents of localities outside St. John's who may be visiting the city must show such person's temporary City address in addition to their permanent residence.
- Doctors practising outside St. John's will write on the reverse side of prescriptions issued by them the name of locality and the name of district of persons prescribed for.
- Outport Doctors prescribing Spirits for persons residing in St. John's must write on the reverse side of prescription the house number and street of the person prescribed for.

On and after September 1st, compliance with these conditions will be insisted on by this Department and by all Druggists dispensing Spirits.

Prescriptions issued prior to September 1st under the old form will be honored up to and including September 8th.

The co-operation of the Medical Profession is confidently relied upon for the enforcement of the above rules.

The new series of prescriptions will provide space for these additional details.

City players are reminded that there will be a full practice at the Shamrock grounds at 8.45 to-night.

'Twas August on the seashore, and on the sandy beach disported many damsels, most every one a peach. And one among the number, whose face was awful plain, had beaux galore; the others could not attract a swain.

They rolled their orbs and flirted in two-piece bathing suits, but could not trap a fellow tho most of them were beauts.

A casual observer was flabbergasted quite; unequal distribution of men did not seem right.

He asked the hotel porter: "How does that funny face monopolize the courtiers in this delightful place?"

The porter, weak in grammar, said: "Between you and I—she learned to make moonshine like the stuff you used to buy."

Extract From Minutes of The St. John's Amateur Baseball League of Aug. 19th, 1919.

The Chairman announced that the meeting had been called for the purpose of discussing the Inter-Town series, and that on a recommendation of Grand Falls the trustees of the Reid Inter-Town trophy had altered the inter-town series' rules from 3 games to the best 4 games out of 7, one challenging team to play 8 games on the home grounds of the Cup holders. All the other regulations to be in force as before. In the case of any team failing to observe these regulations while possessors of the Cup, the trophy is to be surrendered to the Trustees for safe keeping and eventual disposition. After a full and general discussion it was decided on motion that the above would be quite satisfactory to The League, and the secretary was instructed to write the Trustees accordingly.

Steamers Tied Up.

The S.S. Fern and the Edmund Donald are tied up in port, the crew of the former being paid off. Both were ready to sail for North Sydney when messages were received stating no steamers but those of the Dominion and Nova Scotia Co's could procure coal cargoes from the Cape Breton mines. From this it appears a big coal shortage here is imminent and that the results will be serious goes without saying.

Runaway Accident.

A horse owned by Mr. M. Reilly, and driven by Edward Cleary, tripped in a wire hoop while coming down Casey Street this forenoon. The animal, frightened bolted to Walgrave Street where the driver, in order to avoid killing a woman and child, turned the animal to the sidewalk causing a smashup. Cleary was picked up and taken to his home where he was attended by a doctor. He is much injured about the body.

Personal.

Government Controller, Mr. R. J. Devreux, who was out in the country convalescing, removed to town yesterday. He is much improved and in a few days will be able to move around.

Minard's Liniment Co., Limited.

Gentlemen.—Ever since coming home from the Boer war I have been bothered from running sores on my legs. I tried many salves and liniments; also doctored continuously for the blood, but got no permanent relief, till last winter when my mother got me to try MINARD'S LINIMENT. The effect of which was almost magical. After two bottles the sores completely disappeared and I have worked every working day since. Yours gratefully,
