British Miners' Strike Inevitable.

Only Eleventh Hour Surprise Can Prevent It---Reprisals Taking Place in Ireland---Price Cutting Has Commenced in Chicago.

SIX CONSTABLES KILLED.

DUBLIN, Sept. 23. An official report issued at Dublin Castle this evening shows that the attack, Wednesday, on a motor ferry containing six policemen, near Lahinch, was more serious than was previously announced. Six Constables were killed, while soldiers, who fired on their assailants, assert that they saw four of them drop. The police allege that their assailants used dynamite bullets and that the wounded were fired upon and killed.

THE BEGINNING OF REPRISALS.

LONDON, Sept. 23. As a reprisal for the shooting of police near Lahinch, says a dispatch to the Central News from Ennis, a party of uniformed men during the night, set fire to 18 houses in Milltown, Malbay, Lahinch and Ennis, and three civilians were shot dead.

PRICE SLICING IN CHICAGO.

CHICAGO, Sept. 23. Price cuts were announced to-day by Sears Roebuck & Co. and Montgomery Ward & Co., two of the largest mail order houses in the United States. Sears Roebuck reductions range from 20 to 40 per cent, and those of Montgomery Ward & Co. are from 10 to 20 per cent. Some of Sears Roebuck cuts are: sheeting 45 per cent, standard muslin 60 per cent, automobile tires 25 per cent; women's shoes 20 per cent; men's overalls 40 per cent; jumpers 10 to 20 per cent. Although no radical cuts in food were announced, prices in sugar, rolled oats, prunes and a few other articles were reduced from 5 to 10 per cent.

NO DECISION REACHED.

LONDON, Sept. 23. This was a day of conferences. First, the Triple Alliance, composed of the Miners' Railway Men and Transportation Workers met as one body. Then there were sectional meetings, and finally another joint meeting, lasting until midnight. Many of the leaders favored conciliation and further negotiations with the Government, but so far as the miners were concerned the majority decided to endeavor to get what they desire by means of a strike. This policy having been adopted, it remained for the Triple Alliance to decide what, if any action, the Railway and Transportation Workers should take to support the miners. There were many speeches, but the long conference could not reach a decision.

Bell "Marathon" Fund.

LIST OF SUBSCRIBERS.

Editor Evening Telegram.
Dear Sir,—I had the pleasure of reading in the Telegram a letter signed "Give Us a Chance," suggesting that the general public be allowed to do their bit towards sending Bell—our local marathoner—to compete in the Halifax road race on behalf of Newfoundland.

The suggestion is an admirable one and I intend to avail of it inasmuch as I have asked some of the boys from the different clubs to go around the field after the first half of the game to-night soliciting donations and the very smallest amount will be thankfully received. During the interval our friend—Bell—will give an exhibition of his long distance and I hope winning—stride.

By the appended list of subscribers, kind readers, you will note that the goal in our "Drive" is a long way off. To do the trip satisfactorily and efficiently and as representatives of Newfoundland we do not want to appear as pikers or dead-beats. If we can't represent the Ancient Colony in a befitting manner then it's better we had stayed at home.

I may say that in the attached list there are a few friends who haven't paid as yet—though I may say no fault of their own—and I would ask them to pass on the promise as amount to any of the following gentlemen:—Messrs. Ben Stafford, Ern Churchill, Jack Tobin, Hy. Peddigrew, or

Yours truly,
J. I. VINNICOMBE,
Manager for John Bell.

P.S.—In view of Bell's long connection with the Football League and taking into consideration that he has appeared with the B.I.S. this season in three games, who are cup contenders to-night, it has been suggested that possibly Treasurer Brien and Secretary Harris might undertake to make up any deficit from the unusually large gate which will be present to-night. What say, boys?

Wall Street Explosion.

Mr. Jas. J. McGrath, B.L., received a letter, which we print underneath, from his nephew, Jim McGrath. The latter works for the Wall Street Journal and his office is situated on the corner of Wall and Broad.

New York, Sept. 24, 1920.
Time—3.25 p.m.
Dear Uncle Jim.—Great excitement around this section to-day, the whole district of Wall Street was shaken and thrown into consternation at exactly 12.01, noon. I had just left the office and was on Broad Street when there was a great explosion. We all looked in the direction of the sound and saw the smoke coming up from Wall Street right on the corner where the building of J. P. Morgan & Co. is located. Of course we were all scared stiff and a regular panic existed. The glass in all the buildings was broken by the terrific concussion and the latest reports that we have on our ticker is that there are at least 24 dead and approximately 200 injured. The office of J. P. Morgan & Co. were wrecked completely, the Stock Exchange building was likewise torn up and all the neighbouring buildings lost all their windows. You can imagine what it was like, ambulances and private cars and the Fire Brigade—the explosion also caused a fire. Everywhere you looked you could see some one bleeding and Broad Street was literally covered with glass—and big plate glass at that. The theory advanced as the cause of the explosion is that it was a conspiracy to wreck J. P. Morgan's place, and the means used were an old horse and wagon that drew up in front of J. P. Morgan's offices on the Wall Street side. There was about a hundred pounds of nitro glycerine and a bomb in the wagon. The bomb was timed to go off at 12.00 sharp and so it did. There was nothing left of the horse or wagon. This is only a supposition and nothing certain yet. It couldn't happen at a worse time as all the people were out at lunch. Will let you know further soon. Guess this is a mailed up affair anyway I am slightly excited. My office is about 100 yards from Morgan's place and in the same row of buildings as the Stock Exchange Building.

A High Freight.

The skipper of the four-masted schooner George W. Elvey, which pulled into Voight's wharf to unload her cargo of coal, received the sum of \$23,000 before departing from New Campbellton last week. This amount represented the amount of his freight on 1,100 tons of coal that are on board, and which was intended for a port in Holland or France. When the vessel cleared from New Campbellton her destination was at either one of the aforementioned places, but being obliged to put in to North Sydney, where her cargo heated, and after a survey it was ordered to be unloaded here, the vessel's voyage ends here, according to the charter. Which makes the freight paid to the owners of the schooner one of the richest freights ever earned by any craft sailing out of these waters in many years.—North Sydney Herald, Sept. 21.

BEWARE OF DECEPTION

Statistics show that when egg albumen is used as a constituent of baking powder, the amount so used is too small (usually 15/100 of 1%) to affect the quality or effectiveness of the baking powder containing it, and when so used, is plainly for the purpose of fraud. Intelligent buyers will not permit themselves to be deceived by the water glass test.
