What was probably the most successful social event of the past year was the dance held on New Year's Eve in the C.C.C. Hall, for the purpose of ushering out the Old and celebrating the advent of the New Year in a manner was the New Year ushered in. Dancing was continued until nearly 2.30 a.m. when this decidely successful dance came to an end. Great credit is due Mr. Hugh Anderson, the organiser of the dance, through whose efforts the affair was such a great su

They are hold-ups alright but very different from the dangerous affairs we read of in the papers. In the hold-ups we are talking about, people are not relieved of their money by highwaymen. No! But Buckley's Bronchitis Mixture is relieving them of their colds, hacking coughs, bronchitis, chronic asthma and similar ailments. One Montreal man—Herbert Corri—was about to start South in hope that he might get rid of chronic asthma. Before going, he tried Buckley's Mixture as a last resort, and it literally held him up. He didn't go South. To quote Mr. Corri, "The cough disappeared, the wheezing ceased, and all the discomforts disappeared as if by magic."

What it did for him and for thousands of sufferers, it can do for you.

What it did for him and for thousands of sufferers, it can do for you. Even the first dose brings amazing relief, and after a few doses the cough vanishes.
