European Powers Talk of Reducing Their Military Loads.

The Pope's Encyclical Displeases the Austrian Poles.

Failure of an Australian Scheme Colonize Portions of Paraguay.

#### Suicide of a Suspect.

MILAN, March 26 .- The conductor of railway train running between Turin and this city was arrested to-day on suspicion of having stolen 20,000 lire. He hanged himself in his cell.

## Bismarck Himself Again.

HAMBURG, March 26 .- Prince Bismarck has recovered his health so completely that Dr. Schweninger has withdrawn all limitation upon his smoking and drinking. He walks daily in the Frederichsruhe Park,

#### and hopes soon to resume his rides. Abolition of Royalty Demanded.

BRUSSELS, March 26 .- Socialist mass meetings were held at Mons and at Quaregnon yesterday, at which resolutions were unanimously passed demanding the abolition of royalty and the establishment of a Belgian republic. Speeches were made violently denouncing the King. The meetings were accompanied by no disorder, and no arrests were made.

Reorganizing the Bank of England. LONDON, March 26 .- At the next meeting of the directors of the Bank of England, which will be held on April 4, a section of the shareholders will raise the question of reorganizing the directorate. The existing board will propose that three of the present members be replaced by representatives of leading financial houses, Mr. David Powell remaining in his position as governor. The opposition are willing to assent to the retention of Mr. Powell, but will demand a larger representation of the leading banking interests on

## Canadians Are Wide Awake.

LONDON, March 26 .- The English gentleman who has lately furnished the Times with letters on the state of Canada, closes a five-column letter in to-day's issue in which he says that the day is practically past when either inferior goods or inferior men can find a dumping ground in Canada. The people of Canada now appraise both men and goods at their proper value. They are prepared to take that which is good, but have little use for poor brains or poor merchandise, as they can produce both commodities of the best grade.

## The Pope and the Poles.

VIENNA, March 26 .- The Pope's encyclical letter to the bishops of Russia, Prussia and Austria has made a bad impression in Austrian-Poland. Its conciliatory tone in all respects concerning Russia has caused much hostile comment in Galician cities. The leading newspaper of Lemberg describes the encyclical variously as a "thunder bolt," a "chilling gust of wind." and a "mockery of the sufferings of millions of oppressed Catholics in Russia." The Polish journal sam in closing its bitter article: "A brutal blow has been struck at the Catholic Poles in the interest of the Franco-Russian entente.'

## Kossuth's Admirers.

TURIN, March 26 .- The arrival of Hungarians to pay respects to the memory of Kossuth increases daily. Every train brings hundreds of these mourners, and it is estimated that at least 8,000 of them will be present at the funeral services, which take place here on Wednesday at 9:30 a.m. The ceremonies will be held in the Protestant Church, after which the body will be taken to the railway station for transportation to Hungary.

Kossuth's sons have telegraphed to Premier Crispi their thanks to King Humbert for his condolences and their assurances of their devotion to the royal family of Italy.

BUDA-PESTH, March 26 .- The troops which were stationed in the streets to preserve order have been withdrawn. The city is orderly and the theaters have resumed their performances. Much anxiety is felt as to the behavior of the crowd on the day of Kossuth's funeral. It is feared that the students will provoke turbulent

## Religious Feet-Washing

London, March 26.—Cardinal Vaughan improved the opportunity of Holy Thursday to introduce in London a ceremony which is more or less known on the continent, but was never seen in England before, at least since the Reformation-that of the public washing of fe . The rite was varied from continental usage in that he washed not old men, but young boys robed in long white serge gowns. The cardinal performed the function, attended by two priests, with ewers and towels, and two acolytes, with tall lighted candles. He gave each boy a new silver coin after his feet had been wiped. Bishop Butt, of Southwark, had a similar ceremony across the Thames. These performances, which Manning would never have permitted, are felt to be only the precursors of radical changes toward ornate, decorative ecclesiasticism which the English Church will now undergo.

## Talking of Peace.

London, March 26 .- The Paris correspondent of the Times, in reference to the recent utterances of Chancellor Von Caprivi, which are assumed to indicate that Emperor William is endeavoring to bring about a reduction of the military expenditures of the powers, says: "At a recent meeting of the Italian finance commission, one of the members, Signor Capelli, declared that he had learned from an absolutely certain source that Emperor William was pleased to see that Italy was reducing her army, and that Count Kalnoky had advised King Humbert that Emperor Francis Joseph was also pleased because of the lessening of Italy's military expendi-

The correspondent further says that the estimated at £5,000,000.

King of Denmark in conversation with a Spanish gentleman a few days ago said: 'The Czar, my son-in-law, whose mission is one of peace, is quite ready to co-operate,

and Emperor Francis Joseph is equally disposed to do his utmost to bring about this end. I have not ventured to speak to Emperor William on this subject because a young sovereign always dreams of winning new laurels, but I am sure that King Humbert is willing to discuss question of a reduction of military burdens, while the Queen Regent of Spain has proven her desire for a long peace. I am sure, therefore, that Russia, Spain, Austria and even Italy are equally eager for an unbroken period of peace." The King added that he hoped to live long enough to see the European

powers make sweeping reductions in their military establishments. A Berlin dispatch to the Times says that the Germania interprets the Chancellor's words to mean that several of the powers are willing to participate in a movement looking to a general reduction of military expenditures, and that the Kaiser is foremost among the rulers who earnestly de-

#### be held on March 29. Directly after the uneral the body will be taken to Ohladorf for cremation.

Queer Rifle Practice. BERLIN, March 27 .- Tailor Dowe, of Mannheim, will not be allowed to exhibit in Germany the wonders of his bulletproof cuirass. His plan was to put on the cuirass and allow men to shoot at him. The German police have been ordered, however, to prevent such an exhibition. Dowe will

LONDON, March 27 .- The Parliamentary election in Leith, made necessary by the appointment of R. C. Munro-Ferguson, sonin-law of Lord Dufferin, as one of the junior Lords of the Treasury, took place yesterday and resulted in the return of Munro-Ferguson by a vote of 5,823, against 4,692 for W. A. Bell, Liberal Unionist.

## Sedan's Anniversary.

BERLIN, March 27 .- Emperor William has decreed that the 25th anniversary of Sedan Day shall be celebrated by the creation of a new order to be called the Veterans of 1870. The decorations will be bronze medals struck from the guns that were captured from the French armies. These medals will be worn only by soldiers who fought at the front.

COXEY'S CROWD En Route to Louisville-A Sheriff

with which they have been furnished. PITTSBURG, Pa., March 26.-A foreign attachment was issued to-day by B. M. Everson, of this city, against "Gen." J. S. Coxey, commander of the so-called Commonweal army. The claim is for \$600 for mill supplies. The sherift will send deputies to the border of the county to meet Coxey and to escort him to the sheriff's office where he will be required to give bail in sum of \$1,500 or remain here. The company organized in the Eighteenth ward of this city to meet Coxey has been disbanded, the reports received having dis-

couraged the members. ALLIANCE, O., March 26. - The announce. ment that Coxey will heave his army here on Tuesday evening and go to Chicago on business causes considerable apprehension. It is feared that when the head of the movement departs the army may become unmanageable under Chief Marshal Browne and loot the city.

Louisville, Ohio, March 26 .- The followers of Gen. Coxey, who have pitched their tents for night at Camp Peffer, near here, are suffering to-night. The army is bigger and dirtier than when it left Masillon. Three or four days of warm weather would certainly swell it to large proportions. A cold wind sweeps down the hills, and the crusaders are lying like peas in a pod in the big tent, while outside are miserable looking wretches with blue and unshaven faces, performing the duty of sentinels. The column will move in the morning for Alliance, where a score or more of recruits are said to be waiting to join the ranks.

## KILLED THE FRUIT.

#### The Frost in the States-Wheat Crops Also Damaged.

INDIANAPOLIS, Ind., March 27 .- The cold wave which is now sweeping over the country has probably cut the chances for a fruit crop in this State down to a very low degree. For several weeks past the weather has been unusually warm for the season, and the result was that when the cold snap came it caught the fruit trees just ready to burst the swelling buds into blossoms. It is thought that peaches were to a large extent killed by the severe weather in January, but such as escaped that are now certainly gone. Cherries, plums and apples are almost certainly destroyed in the central and northern part of the State, but it is hoped that the hills in the southern part (the great apple section) have saved the staple fruit.

Financial and Other Statements Presented-An Encouraging Outlook - Pew Rents in New St. Paul's.

The Memorial Church. The annual vestry meeting of the Memorial Church was held in the parish rooms last night, with the rector, Canon Richardson, in the chair. There was a fairly large attendance, among those present being: Messrs. V. Cronyn, W. C. L. Gill, F. P. Betts, Dr. English, R. S. Hannah, A. S. Hannah, A. Fraser, J. Higginbotham, J. Shopland, P. E. adopted. Warden English, owing to the financial year not yet being closed, had no financial statement prepared, and the report will be brought in at the adjourned meeting two weeks hence.

The name of Mr. Richard Hannah was suggested by Canon Richardson as the successor of Dr. English, the retiring rector's warden. Mr. Hannah was the people's warden during the past year. He accepted and was elected. Mr. C. H. Armitage was appointed people's warden.

The following sidesmen were elected Messrs. Wm. Doherty, Wm. F. W. Findlater, F. Lawson, W. McMillan, H. H. Penny, R. Evans, John Hayman, F. T. Smith, Alf. Hannah, J. Nicholson, F. T. Montrose and A. E. Brock.

The vestry meeting of St. James' Church,

South London, was held in the school room, with the rector, Rev. Canon Davis, presiding. Feeling reference was made by several members to the death of the late John Beattie, and the following resolution was moved by Mr. George Sutherland and carried unanimously: "Whereas, it has pleased Almighty God in the dispensations of his providence to remove from our midst our esteemed brother, John Beattie, a faithful and active co-worker in all things having for their object the advancement of St. James' Church, resolved that at this, our first meeting, the sympathy of this vestry is hereby extended to the bereaved widow and family in their great affliction, and that a copy of this resolution be trans-

Besides other valuable members removed by death, several had left the bounds of the parish. In the place of these, however, a large number had become united with the church and the membership was increased. At the first vestry meeting held 21 years ago there were 17 members, this number had increased to 235. Since the last vestry meeting the new Sunday school had been completed. The membership had been steadily growing until now it included upwards of 350 children and teachers-making the school the second largest in the diocese. #### References to the Late Mickey Jones. the Pitcher-His Ball Career.

The Hamilton Spectator speaks thus of he late Mickey Jones: "Mickey Jones is dead. His was a name to conjure with in Hamilton some years ago. Everybody who was interested in baseball, when baseball was the favorite game here, was fond of Mickey Jones, and proud of him, too, for his prowess as a pitcher was as well known in many other cities and towns as it was in Mission Chapel, had severed his connection | Hamilton. Mickey was so good-natured with the church. Mr. Richardson spoke and unassuming, he always did his work so honestly and with such good will that he was one of the pets of the Hamilton baseball public; and he deserved the distinction

more than most public tavorites do. "He was born in Hamilton about 28 years ago. When a mere lad he began to play ball in earnest as catcher for the Shamrocks. He graduated into the Primroses, and made quite a local reputation as catcher for that club. He joined the Hamilton international team as first baseman after a short season with the Guelph Maple Leafs. Mickey was placed on the list of pitchers, and played with the Hamiltons during the seasons of 1886 and 1887. During the two following seasons he played with the London club, and in 1889 was sold by the London management to Louisville. After playing with the Louisville team for a short time he obtained his release, came home and quit the profession. He played here a few times, however, in amateur matches, last year helping the Athletics.

"Three years ago he bought the Walker House and went into the hotel business here with his brother Joseph, but he didn't like the business, and after a few months he retired from it. About six months ago Mickey was taken ill. It is supposed that the violent exertion of pitching was the cause of his illness. Whatever was the cause, his lungs became affected, and he went into a decline. He sank slowly until two or three weeks ago, when his decline became very rapid. He died very peacefully and without any pain Sunday morning at 9 o'clock. His wife and one child survive him. This is the third death that has taken place in the family within a month, the other two being Mickey's baby and the wife

of his brother Joe." The Times says: His death was not unexpected, although deceased himself had no idea five minutes before his demise that the dread summons was so near. He was conversing with relatives who surrounded his bed, and remarked: "Some people have an idea that I am suffering from consumption, but I will fool them yet."
