Even Tolstoi's Abode of Love at Spaxton, a picturesque village in Somersetshire, conducted a special service, which is the subject of several long reports in this a morning's London papers, one of which heads its article with the single word, 'Blasphemy.'

According to all accounts it was a remarkable service. None but the faithful were present, the great oak gates of Toronto Parsman Takes a Second the retreat being closely guarded. It was the calendar day of the sect, the chief disciples having been summoned from far and wide, Norway was perhaps most largely represented, but the worshipers included at least one Russian countess and many handsome young English women.

By long disuse the "Messiah's" throne had become tawdry and faded, but a little upholstery and loving work by ministering damsels had made it lux-urious and stately. The service was timed for midday. A select cosmopolitan congregation of hero worshipers had gathered in the temple, when suddenly there was a hush, and the self-styled "Lamb of God" approached. tals and bowed their heads rever-
