

PROGRESSIVE AIDS MAYOR SLOGGETT

Mitchell Hepburn of Union Is
On Platform With West
Elgin Candidate.

Special to The Advertiser
by a Staff Reporter.

St. Thomas, Oct. 13.—Mayor Sloggett, Liberal candidate for the riding of Elgin West, received the best reception of his campaign at Lawrence station this evening, when he addressed an audience that crowded community hall. Great interest was shown, and the hearty support of the community was pledged to the candidate in the coming election.

"The tariff question," stated the candidate, "is for experts to handle. No general tariff can be imposed, but each branch of commerce must be considered. Tariff at all times is a tax, and must be applied by a commission educated for the purpose. One of the ridiculous parts of the Conservative campaign is shown in their placards advertising themselves in favor of lower taxation when they know full well that a higher tariff will result in a greater burden for the people to bear."

Mr. Sloggett lauded the work of the King government in opening up wider markets for Canadian products. He referred briefly to the trade treaties effected with Australia, France, Belgium, the Netherlands and West Indies. In his opinion, the move of Premier King to break up the ocean combines was a step in the right direction.

Mitchell Hepburn, Progressive, of Union, gave his reasons for opposing a three-man fight and for supporting Mr. Sloggett and the Liberal party. "I believe in the right of the Canadian people to decide whether they should participate in foreign wars or not. I do not believe in Meighen's stand that when England is at war, Canada's at war," he said.

"In 1922 when Winston Churchill sent out his famous call to the colonies for help to drive the Turks from the old territory coveted by English magistrates, Mr. Meighen was ready to plunge Canada into a war of conquest for a cause so unjust that the people of England themselves repudiated the call and fired the government that sent it. Another Turkish crisis exists today, and if Meighen is elected and Canada is plunged into another war, the responsibility rests on the shoulders of the electors who assume an indifferent attitude and say there is no issue."

INDEPENDENT WITHDRAWALS.

The Two Oxford Ridings

Dr. D. J. Sinclair in the North, James Innes in the South

DR. D. J. SINCLAIR.

JAMES INNES.

Historic Liberal Strongholds Have Clean, Stalwart Standard-Bearers in Present Election Campaign—Native Oxford Men Represent Reform Interests.

Oxford county has always stood out in Canadian history as a nursery of a real Liberalism which, in the old days, was called Reform. The Reformers were giants of politics, and Oxford backed them with a tenacity which in the North riding remains unbroken even today. In its political history, Scottish names predominate, as in many of its townships the Scottish race was in the majority. However, there were just as great Reformers in the other races who were among the Scottish elements which made the Zorras famous in their own history and renowned abroad. With a characteristic, common to the race, the Scottish Reformers found their hardest opponents within their own people, and today four candidates are running in the Oxford whose names all smell of the heather. The Liberal cause is upheld by Dr. D. J. Sinclair and J. W. Innes, and the Conservative by Col. Donald Sutherland and Mr. Donald J. W. Innes.

J. W. Innes, the Liberal standard-bearer in South Oxford, was born in the Zorras, which in earlier days were populated almost entirely by McKays, Sutherlands, Rosses, and other Highlanders of like names who brought the piobrach and sturdiness of character to the Canadian woods. Mr. Innes grew up in the Zorras and then joined that great exodus of sturdy young men who sought greater fields to conquer. However, he did not go far, simply moving to Oxford township, where he lives today, still within the bounds of his native county.

Is Right Type.
Mr. Innes is of that type of farmer who has taken a great pride in his calling. To him good farming means good citizenship, and good citizenship means a good country and a worthy people. He has worked for every dollar, until today he is looked upon as a prosperous man whose special qualifications as a breeder of high class farm stock mark him for greater success. For years he bred high class horses. Now he is specializing in Holstein and Jersey cattle. Not content with merely being a successful farmer, Mr. Innes has seen his duty to his neighbors and municipality. He was a member of the council of this township. This year he has also been elected to the council of the county of Oxford.

Regardless of politics, Mr. Innes is held in high esteem because of his high character and his long record of municipal record. Other activities of life have also felt the spur of his enthusiasm, including the church in which he has been a worker. He is a very active man, who takes up

sees is such a man.

"I know he was born with a silver spoon in his mouth. But remember that is the most serious handicap any youngster can work under. We get them at the college, these rich men's sons, and hand them one of them ever knows anything, because they know they do not have to worry. Young Massey was not like that. He came to the college and rapidly became the pride of his professors. Then he went on to Oxford and distinguished himself there."

"No man in Toronto has been honored at his age as Vincent Massey has. The position and distinction he has achieved break all records, and I want to say that the prime minister did a wise thing when he put his hand on the shoulder of a young man like Vincent Massey and called him into the councils of the nation. He displayed a wisdom that I might not otherwise have given him credit for."

"I am anxious that there should go into parliament young men who will stand for the highest and best things in our national life, and Vincent Massey is such a man."

BIG GAME HUNTING ALONG THE CANADIAN PACIFIC.

The great wildernesses of virgin forest are teeming with wild life. The giant moose, the graceful deer, the lumbering black bear, and numerous other game animals are roaming the famous hunting regions of Ontario. Soon the woods will echo with gun and rifle shot as the boys each in turn secure the limit of game allotted by law.

North and west of the French an Mattawa rivers, the deer season opens Oct. 25th to Nov. 30th. South of French and Mattawa rivers the open season is Nov. 5th to Nov. 20th. There are numerous points along the Canadian Pacific, in the districts mentioned above that will provide every satisfaction to the devotee of big game hunting.

For the accommodation of hunting parties special hunters' trains will be operated. These will take every care of the hunters and their baggage. Make your preparations now. Any Canadian Pacific agent will gladly supply any information desired, as well as render every assistance in the arrangements of movements of hunting parties.—Adv. O.7,14,21

Need Men of Vision.

"Some of you may think that Mr. Massey is not the sort of man you want to vote for. Some of us are apt to say when a man slaps us on the back and behaves effectively. 'Now, he's a good fellow. He is the man for me.' Well, he is not. It is men of thought, of power, of wide vision and experience that we want in parliament, men who are ready to face the situations that arise there. And I want to say that Vincent Mas-
