this island, and it is probable that a fourth station will be established shortly at Clayoquot, the department oes not deem it expedient to maintain the lifeboat station at Victoria, at present; in consequence of which. I have been authorized to offer to the Victoria Life-Saving association the acceptance of the government lifeboat and its equipments, on condition that it will maintain and operate it in an efficient condition for local life-saving purposes, independently of the Dominion government. the lifeboat station at Victoria, at

try, the king had given nermission to the association to strike his effigu on silver medals which it is monosed to cast for presentation to those saving life, and doing acts of heroism.

REPAIRS TO ROADBED OF V. & S. RAILWAY

Rumor That Road Will Pass to Control of C.P.R. is Not Given Credence

(From Thursday's Daily)

Improvements to the roadbed of the V. & S. railroad have been in progress for the past six weeks. A gang of about 40 men have been in constant entered to ship daily sums ranging from \$25,000 (From Thursday's Daily)

Since her departure from Glasgow there was a case of bubonic plague at that port, and Dr. Scannell, acting pert physician here, had orders from Ottawa to make a strict inspection of the ship. This he did

MONTREAL FATALITIES

Two Workmen Instantly Killed by Get-ting Entangled in Machinery. of Factories

Montreal. Nov. 5 .- Two horrible a cill expressed its appreciation of his remarks.

Considerable discussion took place regarding the position and condition of the middle classes, whom some members claimed were not receiving the just consideration to which they were entitled, because of arrogance of the entitled, because of arrogance of the country coming to Ferresburg, capitalistic class on the one hand and the masses of organized labor on the masses of organized labor on the control of the masses of organized labor on the control of the masses of organized labor on the control of the country coming to Ferresburg, capitalistic class on the one hand and the masses of organized labor on the control of the control of the here of the here of the control of the control of the control of the here of the here of the here of the control of t capitalistic class on the one hand and the masses of organized labor on the other hand. Some delegates who spoke on the subject arged the advisability of trade unions taking such action as would conserve the interests of the middle class, and save it from complete obliteration.

Mich., where Mrs. Wixom had relatives.

Both parties furnished bail in Justice Wach's court at Grand Haven, claiming that they will be able to explain matters satisfactorily when the case comes to trial.

FOR NEW BUILDING

Y. M. C. A. Board of Directors Hears Favorable Reports

(From Thursday's Daily)

the boat.

The letter offering the lifeboat and equipment to the association read as follows:

Agency of Department of Marine and Fisheries, Victoria, B. C., October 28, 1907.

Jos. Peirson, Esq., Secretary, Victoria Lifeboat and Life-Saving Association, Victoria, B. C.

Dear Sir.—As the department of marine and fisheries has established three lifeboat stations at the most dangerous points on the west coast of department of the lifeboat stations at the most dangerous points on the west coast of seculent propositions had been made to him. One of the owners seculent propositions had been made to him. One of the owners been made to him. One of the own offered to contribute \$5,000 subscr tion to the building fund should his are now under consideration, and he

Earthquaka-in Guatemala.

New Orleans, Nov. 5.—An earthquaka-in Guatemala City and covering a wide territory in Guatemala on October 16th and 17th, is reported by passengers arriving on the steamer Bluefields for Port Barros. The Bluefield's passengers said that a large number of buildings showed ragged cracks after the quake, but that they did not hear of any fatalities.

The boys' department is rapidly growing in membership, over eighty being now in that department. A boy's social was held at which over 100 were or resent, resulting in a decided increase or nembership. A nature study class, called the Kipling club has been forwarded from Washington. The local sub-treasury, it was asserted today, is prepared to ship funds west should secretary Cortelyou deem it expedient.

The following new members were proposed by the membership commit-

secretary; E. E. Wootton, R. W.

Wife Didn't Object

—Success Assured

Following the custom which has been in force for the past five years, the B. C. Fleetric company will tris year distribute among its employees at Victoria, Vancouver and New Westminster a portion of its profits for the past year. The sum of \$30,000 will be distributed on this profit-sharing plan, each employee getting \$68.

This amount is the largest per man yet distributed by the company since the first year the share per employee was \$25, the second year \$45.

After the regular four per cent divided he work in the service of the profits is divided, two-thirds to the employees who have been in the service of the company for one year.

The \$30,000 will be divided between.

on government.

Should your association deside to accept the generous gift of the Dominion government, and if after trial it is found that the scheme does not work satisfactorily, the boat and its prominents, will revert to the government to be established at some point the work building to have a large small water swimming pool in the base-ment, where thoroughly filtered water will be used. It is also thought that a water-front site will allow of the association's building being brought prominently to the attention of those requirements, will result in the new building to have a large suit water swimming pool in the base-ment, where thoroughly filtered water will be used. It is also thought that a water-front site will allow of the association's building being brought that a water-front site will allow of the association's building being brought that the scheme does not work satisfactorily. The boat and its prominently to the attention of those requirements and water swimming pool in the base-ment, where thoroughly filtered water will be used. It is also thought that a water-front site will allow of the association's building being brought. New York, Nov. 6.—Following an extended conference in the library of J. P. Morgan, in which prominent New York bankers, including the heads of the various trust companies of the city and the officers of the Trust Company of America and the Lincoln Trust Company participated, a statement of the difficulties that had disturbed local banking conditions.

The statement follows: "The committee of the trust companies of New York city has had the assets of the Trust Company of America and the Lincoln Trust Company examined by experts who report that in their judgment on the present basis of values, the second of the comment of the difficulties and the Lincoln Trust Company examined by experts who report that in their judgment on the present basis of values, the second of the comment of the difficulties and boarding houses. This feature has been adopted in other cities and has proved a great success. Wh. The Curdy will leave in a few days for Washington, D.C., where the International Y.M.C.A. convention is soon to be held and it is thought that has association, the association to strike his effigure on officer of the comment of the difficulties and has proved a great success. This feature has been adopted in other cities and has proved a great success. Wh. The Curdy will leave in a few days for Washington, D.C., where the International Y.M.C.A. convention is soon to be held and it is thought that he association the association the association to the association to the city and will result the work being carried on to a greater of effectiveness. It is the intention to have in the move heart of the work being carried on to a greater of effectiveness. It is the intention to the work being carried on to a great success.

H. Company of the tr new building for Victoria is being planned. He will meet such men as John R. Mott and Robert E. Spear, leaders in the Y.M.C.A. work.

To still further give these.

The budget for the coming year was considered by the board. It is estimated that \$4,700 will be required of which \$2,600 will be raised in membership fees and \$2,100 by subscription. The secretary's report showed that

bivious as long as its charter is realized it will possess the right to enter victoria. Mr. Van Sant, the local manager, stated last evening that the question was not even discussed at the recent meeting of the Victoria Terminal Company's directors, and he does not credit it.

Some repairs to the dock at Sydney have also been completed recently.
