Campbellton, N. B., October 7th, 1936.

THE PROPER COURSE.

As a public newspaper the Graphic last week published a signed statement of Messrs. John Harquail, John Quinn and F. M. Anderson, making grave charges against Hon. Chas. H. LaBillicois. It published the said article as the statement of those gentlemen and not as its private opinion.

When the article was handed to the Graphic the editor recognized its gravity and published it only upon the understanding that the above named gentlemen would assume all responsibility.

If these charges are not true as Mr. LaBillicois states on the public platform, then it is his privilege, nay his duty, to put these gentlemen where they would not care to make such rash statements. If these charges are not true these gentlemen have committed a criminal offense, one for which, if proved guilty, they would be subject to a lengthy term in prison.

That Mr. LaBillicois has not taken these steps is a great disappointment to his friends who are looking to him for some action other than a mere denial. If a man would stoop so low as to make such a proposition as these gentlemen, over their signed statement, impute to him, he would not hesitate at a mere denial of the charges.

More drastic action is needed to convince the people of Mr. LaBillicois' sincerity in his denial and he should take it to-day.

A NEW HIGHWAY.

The Foster government through its Minister of Public Works, Hon. F. J. Veniot has announced that the Dominion Government has approved of a trunk road from Campbellton to St. Leonard on the St. John river. This means that this proposed highway must be built up to the standard for trunk roads. Such a road will be of inestimable value to Campbellton and the whole northern section of the province.

It will be remembered also that last winter Hon. Mr. Veniot visited Campbellton and met a large delegation of the Board of Trade. The matter of

PERSONALS

Rev. J. S. and Mrs. Harrington were at home to their friends at Christ Church Rectory on Tuesday afternoon. Mrs. Harrington wearing a gown of yellow satin and crepe-de-chene. The rooms were beautifully decorated with pink and yellow roses. The tea table also adorned with roses was presided over by Mrs. R. K. Shives. Assisting in serving were Miss Jessie Moore and Miss Kathleen Kirk, also Mrs. B. J. Collier. Mr. and Mrs. Harrington were again at home on Wednesday afternoon when the ladies assisting were Mrs. James Duncan who poured tea and Miss Bessie Kelly and Miss Eva Wilson served.

Mrs. Harry Woods and son Wendell left on Wednesday evening for Truro, N. S., where they will reside in future. Mr. Woods who is with the Canadian National Ry., left some time ago to take up his duties in Truro.

Mrs. W. H. Miller has returned from Montreal where she was a patient at the Royal Victoria Hospital. Her many friends are pleased to know that she is convalescing after an operation underwent while at that institution.

Mr. Holton Duncan is visiting in Oconto and Marinette, U.S.A.

Mr. and Mrs. David Steeves of Moncton are the guests of Mrs. H. Farrer.

Mrs. Sydney Ramsay and family left on Sunday evening for Calgary, Alta., where they will spend some time, the guests of Mrs. Ramsay's daughter, Mrs. N. E. White.

LEBLANC and HARRISON
And Good Honest Government

the proposed highway bridge over the Restigouche was put up to him and he then, when no election was in sight, assured the citizens of Campbellton that his government would do its share in the building of this important work.

If the electors of Restigouche wish to make the building of these two important works assured they should send to Fredericton only the recognized supporters of the Foster Government, Messrs. LeBlanc and Harrison.

CAMPBELLTON FAIR A GREAT SUCCESS

About Four Thousand Dollars Raised for Soldiers' Memorial Hospital Purposes.

The Fair held in the skating rink last week under the auspices of the Ladies Aid of the Soldiers' Memorial Hospital was a most successful one. Despite the most inclement weather the attendance was good and a sum very nearly reaching four thousand dollars was realized. Full reports of the various branches together with the prize list will be published later.

A PROPHECY.

In these days when the atmosphere is heavily charged with politics many predictions are being made as to what the outcome will be when the smoke has cleared away after next Saturday's polling.

However the prophet who wishes to make a name for himself could not do better than stake his reputation on the coming popularity of Miss Katherine McDonald, who will make her first appearance in Campbellton next Monday and Tuesday at the Opera House.

Miss McDonald has been popularly acclaimed as the most beautiful woman on the screen. Add to this her wonderful talent as an actress and it is safe to say she is going to become a “top-notch” favorite on short notice.

The vehicle in which Miss McDonald makes her debut to Campbellton audiences is “The Thunderbolt,” in which critics declare she does the finest work of her career.

In this picture she is ably supported by a most excellent cast including Thomas Melghan Spottiswoode Altken and many other players of note.

CARD.

To the Electors of Restigouche.

Ladies and Gentlemen:

We have been chosen by a convention of friends and supporters of the Foster government to contest the County of Restigouche in the coming election. We fear that we may not be able to meet all the electors before polling day and we take this means of making an appeal to all for support.

We are the only supporters of the Foster Government in this contest. Mr. LaBillicois and Mr. Duncan, the self-chosen, self-constituted and self-heralded government supporters, are running an election under false pretences and are not the Foster government candidates in the County of Restigouche. If they were possessed with that desire of helping the County of Restigouche, of which they boast so much, Mr. LaBillicois would have accepted the position that was offered to him last June by the Foster Government on the Hydro-Electric Commission, at \$8000. a year. Restigouche would then have had a voice in the selection of the water powers to be developed and for which the Legislative Assembly have voted one million dollars. Our water powers at Charlo Falls and on the Upsalquitch River would have had a share of the public moneys. Scores of Restigouche County young men would have found positions of importance in the development of our water powers.

Instead of recognizing his duty towards Restigouche, Mr. LaBillicois has chosen to refuse such an opportunity and has shut Restigouche County from the Hydro-Electric Commission and having done so, he now attempts by his present conduct to drive out of the County of Restigouche, supporters of the Foster government. Will the people of Restigouche help him to attain his end?

The Foster government has a clean record and in the short three years during which it has held power it has encouraged agriculture to a marked degree, has increased the pay of school teachers, has inaugurated a Road policy such as never was formulated in the province, has passed the Workmen's Compensation Act and has shown itself in every respect worthy of the public's confidence.

Let the Foster government continue its work. Let not any misplaced sympathy retard the progress of Restigouche. We want something from the government and one of the best means to get it is to elect the undersigned Foster government supporters in Restigouche.

We ask you one and all for support in the coming election and we pledge ourselves, if elected, to do all in our power to continue the progressive and honest administration which the Foster government has given to the province and to bring to the County of Restigouche the development of our water powers so that we may reap our just share of the advantages which have been placed at the disposal of the people of this province. What is needed now, more than at any other time, is cheap light and cheap power. The Hydro-Electric Commission can give that to Restigouche.

Yours faithfully,

A. T. LEBLANC,
S. G. HARRISON.
