Sylvia (dreamily)—When I see a daring rider mounted on his fiery bleyele, speeding along over pebbles and across ruts, and joiting up and down, I envy him the exquisite illusion that he is enjoying himself. Such touching beliefs in the impossible are alsa, too rare!

Buther—Ah, yes! How earnest he looks.

Bleanor—And how hopele's y sad! A bicycle rider has never been seen to smile. There must be some hidden mystery, like freemasonry, some deep, heart anguish that drives an innocent fellow-being to bicycle riding.

Mitchell and Donovan.

Madden says: "I have observed in some of the newspapers that Mike Donovan claims that he is anxious to fight Mitchell, and proposes to mill at 145 Pounds for \$1000 a side. Mitchell is the heavy-Weight champion o England, and did not coms to weight champion o England, and did not comit to America to fight fifth-d iss pugilists, as I rate Donovar. The litter was once matched to fight George Rooke, but he made a fizzle of it. Sporting men ruised a purse, and I traine 'Donovan at Rockaway for the match. After all arrangements had been made, he declined to fight Rooke under any consideration, and I quit him in disgust. What reputation would Mitchell gain by fighting su h a pugilist? I will not permit Mitchell to meet any one at present other than the American champion, Sullivan. Clearly is undoubtedly the next best American puglist in this country. Mitchell has shown what he could do with Cleary. All the puglists who assume to be anxious to meet Mitchell may have a chance at him after he has done with Sullivan."

This estate extends from Bloor street. opposite High Park, to Dundas street, where the Ontario and Quebec and Credit Valley sailways, Canada Pacific and Vanderbilt syndicate, have purchased 40 acres, for Depot, Shops, etc., in which they state 200 or more men are to be employed this year, also near stations of Grand Trunk, Toronto, Grey and Bruce, Northern, and Great Western railways, and proposed Midland and Northern extensions.

Owing to crossings at this point all trains must soon stop, and it is only a question of a little time until suburban trains are put on and the street car line extended to the junction, as in Detroit, Chicago, etc. Arrangements are on foot to put a line of omnibuses on Dundas street at once, and to build a sidewalk to this property. An avenue 100 feet wide extends from Dundas to Bloor street

through the centre of these lands, forming a section of the proposed city drive and boulevard around the city.

The best of water is reached by sinking 18 feet. Good natural drainage and pure air. Situation is high and dry, and commands a riew of Lake Ontario, across High Park, containing nearly 400 acres. Within 20 minutes' walk of Toronto Bolt and Iron Co.'s Works and proposed Wall Paper Factory. Other large works are proposed within easy distance, but not hear chough to be any nuisance. All the surroundings point to this localty as the most desirable in which to secure a PERMANENT HOME, or to invest your savings with a certainty of large profits. If you refused to buy West Toronto lots eight or ten years ago that have since paid from 500 to 1500 per cent., don't mise the present opportunity of buying at bottom prices in Toronto, destined to be one of the most important points on the Canada Pacific and Grand Trunk systems between the Canadian and American Northwest.
