Mr. John Waltz, one of the oldest settlers of this neighborhood, died on Wednesday last after a lingering illness. The remains were interred in Arkona cemetery on Friday last.

The weed cutting trouble which has been a bone of contention for a considerable length of time has not yet been satisfactorily settled. Probably if the weeds at the cemetery and other public places were cut it might serve as an incentive to others.

Arkona defeated Thedford at base ball on Monday by a score of 18 to 4, and on Tuesday administered the same medicine to the Watford boys by a score of 12 to 5. Arkona boys had to send to Detroit for their new hats as they could not get any in Arkona large enough. They still retain the coveted 1000%, having won 5, had one tie and lost none. They play in Strathroy Wednesday while Thedford plays here on Friday.

Mr. W. J. Moore, a highly respected resident of this place, died on Thursday morning last after a few weeks illness. He underwent an operation on Sunday last and was doing nicely until he took a turn for the worse on Tuesday and gradually kept sinking until the end came on Thursday morning. The deceased had been in business here for about one year. His sudden death has cast a gloom over the community. He leaves a wife and three small children to mourn his loss. They have the sympathy of the entire community in this their sad bereavement.

WHY GIRLS ARE PALE.

They Need the Rich Red Blood Dr. Williams' Pink Pills Actually Make.

Three years ago Miss Ellen Roberts, who holds the position of secretary in one of the leading stores in Halifax, N. S., was a pale delicate looking young woman, who then lived at home with her parents at Amherst, N. S. She complained of general weakness and loss of appetite. Her blood was thin and watery and she grew thinner day by day until she looked almost a shadow. Her cheeks were sunken, all trace of color had left her face and her friends feared she was going into a decline. "I had no energy," says Miss Roberts, "and suffered so much from the headaches and dizziness and other symptoms of anaemia that I felt I did not care whether I lived or died. One day, however, when reading our local paper I read a testimonial given by a young girl in favor of Dr. Williams' Pink Pills, and as her symptoms were almost identical with my own I determined to try this medicine. Before I had used the second box I began to find benefit, and I continued taking the pills until I had used seven or eight boxes, by which time I was fully restored to health." To-day Miss Roberts looks as though she had never been ill a day in her life, and she has no hesitation in saying she owes her present energy and health to Dr. Williams' Pink Pills.

Bad blood is the cause of all common diseases like anaemia, headaches, paleness, general weakness, heart palpitation, neuralgia, indigestion, and the special ailments that only womenfolk know. Dr. Williams' Pink Pills cure these com-

mon ailments because they make rich, red, health-giving blood, bracing the jangled nerves and giving strength to every organ in the body. Do not take any pills without the full name, "Dr. Williams' Pink Pills for Pale People," on the wrapper around each box. Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from the Dr. Williams' Medicine Co., Brockville, Ont.

A GOOD SCHOOL.

A school that has made an excellent record this year is the popular Elliott Business College of Toronto. The demand made by business firms desirous of securing graduates of this well-known school has been, we understand, about twenty times the supply. The principal, Mr. W. J. Elliott, claims that the secret of the school's success is due to the fact that they thoroughly satisfy every student. He is also an extensive advertiser and says that newspaper advertising helps him wonderfully in his business. The advertisement of his college appears in this paper. Read it, it interested write for catalogue.

BROOKE.

Miss Florence Parker returned to Regina Tuesday.

Prof. Hudson, of Harding Hall, Conservatory of Music, London, spent Sunday with his friend, Ernest Holbrook.

An old and respected former resident of Brooke passed away on August 4th in the person of Mr. Elijah Shrapnell, of Carsonville, Mich., in his 80th year. Deceased was born in Towbridge, Wiltshire, England, and first located near Ingersoll, afterwards coming west to Brooke, and 18 years ago removed to Michigan. His wife predeceased him four years ago. He is survived by a family of three sons, Frank and Fred of San Jose, Cal., and W. H., Watford. Two daughters, Mrs. E. Willoughby and Mrs. Thos. Campbell, Sanilac. One brother, George J., resides in Toronto.

The death occurred at Napinka, Man., on August 4th, of George A. Logan, youngest son of the late George Logan, of Thorndale. Deceased was stricken with paralysis about two months ago, from which he never recovered. Although helpless he bore his affliction with great patience and cheerfulness. Besides his sorrowing mother, who resided with him, four sisters and one brother are left to mourn his loss; Mr. Henry Logan and Mrs. Chas. Hyde, Thorndale; Mrs. S. H. DeWitt and Miss Lottie, of Napinka. The early taking away of this young life fills many hearts with deepest sorrow.

Funeral of Mrs. Mary Park took place in the Wyoming cemetery, Monday afternoon. Mrs. Park, who has been a helpless invalid for some time back, was placed in Petrolea's private hospital a week ago last Saturday and in one week she was brought home a corpse to her daughter's in Plympton.

CLOUDBURST AT WANSTEAD.

Heavy Storm Produces Unaccustomed Conditions.

Wanstead, Aug. 10.—The tropical heat of the past few days was accompanied this afternoon by one of the greatest downpours in the nature of a cloudburst which ever visited this locality.

The rainfall was greatest in the vicinity of Wanstead and the oldest inhabitant never saw the water as high as it was after the rain ceased.

The Wark local drain, one-half mile west of here, and which was empty at 2.30 p.m. was a raging torrent at half past a half later, rising in depth from seven to ten feet. Land in the vicinity of the drain usually considered high was from two to four feet under water. Fortunately for the corn crop, which is very high in this neighborhood, no wind accompanied the rain, it was simply a quiet downpour lasting an hour and a half, and could be likened to nothing but the bursting of a huge reservoir above. Two miles west of here the wind was strong enough to blow down the silo on Archie Anderson's farm.

N. HERBERT, Clerk.

Yachting Party Drowned.

In its review of the happenings of twenty years ago the Forest Free Press has the following concerning an incident that caused a profound sensation in this vicinity. Three of the victims of the disaster were from Watford and the body of Morrison was never found.—Wm. M. Vidal, G. T. R. station agent at Watford; Thos. A. Telfer, agent of the Bank of London, Watford; Walter C. Morrison, station agent at Jarvis; Wm. J. Sinclair, of Sarnia; Fleming Mackenzie, and Hope Mackenzie, (cousins) of Sarnia, chartered O'Gorman's yacht, the Cruiser, and started on a trip to Manitoulin Island. Not returning at the time they intended and a violent "norther" having sprung up anxiety was felt and a search was made for them. The Cruiser with the bodies of the two Mackenzie's and Telfer was found on the beach two miles and a half from Port Frank, the latter being almost unrecognizable. Fleming and Telfer's bodies had been washed to the boat and Hope lay in the bow. The three other bodies were not recovered, though a close search by 35 Sarnia men was made from Pt. Edward to Grand Bend. The Cruiser gave evidence of having battled with a fierce storm. Most intense anxiety and great excitement prevailed from Saturday, July 31st, to Thursday, August 5th, when the three bodies were found by Mr. O'Gorman and John Mayor of Sarnia. The search was then anxiously and carefully continued the

tug International being chartered by a volunteer party, but was reluctantly abandoned after days of fruitless search. Mr. O'Gorman had no desire to see the Cruiser back in Sarnia Bay so after a careful inspection of her condition had been made and careful notes of her position taken the luckless craft was set fire to by the searching party when they arrived at Port Frank on the 8th of August, when he with the 35 others from Sarnia returned from their unsuccessful search. There was a throng of people there from Watford, Thedford, Forest and surrounding country. Before the boat was burned scores of those present secured pieces of the boat, rigging and contents to keep as mementos of the sad affair.

Pt. Huron was visited by a severe wind and electrical storm on Saturday afternoon.
