A GENTLE LAXATIVE FOR THE CHILDREN

Mothers—the surest way of keeping your little ones well and happy; whether it is the new-born babe or the growing child is to keep their bowels regular and their stomachs sweet. Nine-tenths of all childhood ailments are the result of clogged bowels and sour stomach. The most necessary and the best medicine for little ones is a gentle laxative—some thing that will relieve constipation; sweeten the stomach and promote rest and natural sleep. Such a medicine is Baby's Own Tablets. They are a gentle but efficient laxative; are absolutely guaranteed free from opiates or other injurious drugs and may be given to the youngest infant with perfect safety. They banish constipation and indigestion; break up colds and simple fevers and give the baby that health and happiness which all children should have. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

An Unusual Experience

Mr. Thos. Core, 6th line of Emiskillen, had an experience last Friday night that he will not soon forget. Mr. Core had been to town and was returning home via the Dawson sidroad. The creek in flood had overflowed its banks covering the roadway to a considerable depth. Mr. Core's wagon was converted into a two horse power submarine, the water being well up to the horses' backs. The night was dark and Mr. Core was unable to see a large cake of ice ahead before which the horses stopped. He could not turn round and he could not go ahead so he waded around in the ice water and unhitched and unharnessed his horses, leaving them while he got assistance. In the meantime Buzz Kelly of the local telephone office, was returning home in a buggy whistling "Love's Old, Sweet Song" when his horse too took to the water. It too stopped and Buzz had his earliest spring dip while unhitching his horse. After vainly endeavoring to get the horse to move he left it. In the morning all three horses were standing on the cake of ice and in the daylight they were taken off with the aid of a raft.—Petrolia Topic.

Androck Association Meets

Mr. C. C. Clark of Boston, Mass., was a guest at the monthly meeting of the Androck Association last Friday night. Mr. Clark is an electrical engineer who has devoted much time to the development of electric welders, and since these machines have become such an important factor in the wire industry, an address from this very capable gentleman was naturally very warmly received.

The Androck Association is composed of a dozen men holding supervisory and administrative positions in the Andrews Wire Works. Its object is primarily to afford the members an opportunity for interchange of ideas and the development of a broader knowledge of the wire goods business. The steady growth of the company is enjoying seems to argue well for the success of the Association. Several other men who are prominent in their various lines will be brought to Watford to address the Association at future meetings.

THE NEW Easter Hats at SWIFT'S.

Good Roads in Lambton

The following extract is from the annual report of the Department of Public Highways of Ontario for 1918:

This was the first year for Lambton County to operate under the Act. As soon as the Superintendent was appointed, steps were taken to secure a proper organization for the systematic dragging of the clay roads. The results obtained were gratifying, but taking the system as a whole, including some mileage of sand roads, the money spent for grading and dragging averaged only some \$17.00 per mile. This no doubt will be exceeded next year when a full organization working for the full year is secured.

Bridges and culverts comprised the more important construction work, about \$20,000 being expended thereon. In addition, a mile of new road was opened up, graded and gravelled adjoining the city limits of Sarnia, and giving a more direct outlet to what is known as the Lake Road.

When one surveys the conditions which have prevailed in these three counties (Essex, Kent and Lambton), in the past and compares them with what is and can be done under the highway Improvement Act, one must be impressed with the benefits to be derived therefrom.

A conservative estimate of the amount of statute labor spent on these roads in the past might be taken as \$100.00 per mile per year. Against this we have a maximum of \$40.00 per mile for maintenance under the Act, or about \$32.00 for the county's share with vastly improved results. The balance of \$100.00 with the 40 per cent grant from the Government will provide an additional \$100.00 per year for permanent construction work.

With the return of normal conditions resulting from the termination of the war, and with increased funds not beyond the ability of the farmer to pay, surely brighter prospects are ahead for those who have so long accustomed themselves to being "stuck in the mud."

A SPRING TONIC AIDS EFFICIENCY

Lay Foundation of Good Health Now by Building Your Blood and Strengthening Your Nerves

The good old fashion of taking a tonic in the Springtime, like most of the customs of our grandparents, is based upon sound common sense and good medical practice. Winter is always a trying time, for those who are not in rugged physical health. Many men, women and children go through the winter on reserve strength they have stored up during the sunny, summer months and grow increasingly pale and languid as the spring days approach. A tonic for the blood and nerves at this time will do much for such people, by putting color in the cheeks and banishing that tired feeling that worries thousands of people at this reason of the year.

It is impossible to be energetic if your blood is thin and weak, or if your nerves are frayed or shattered. You cannot compete with others if you do not get refreshing sleep at night, or if your appetite is poor or you are losing weight. You need a tonic at this time to add to your efficiency now, as well as to save you from suffering later on. And in all the realm of medicine, there is no safer or better tonic than Dr. Williams' Pink Pills. These pills tone and enrich the blood which circulates through every portion of the body, strengthening jaded nerves and run down organs, and bringing a feeling of new strength and energy to weak, easily tired, despondent men, women and children.

Mrs. J. N. McNeil, Glace Bay, N. S., says: "For years past my home has never been without Dr. Williams' Pink Pills, and I have good reason to praise them highly. Following an attack of la grippe, I was left in a badly run down condition. I had no appetite and felt so weak I could scarcely go about the house. I was taking medicine, but it was not helping me, and a friend advised me to try Dr. Williams' Pink Pills. I used them for a time with the most beneficial results. My appetite improved, my strength returned and I was soon able to do all my housework. I now use the pills every spring and find them a splendid strength bringing tonic. I have recommended the pills to other friends who have used them with good results."

Dr. Williams' Pink Pills are a tonic not a stimulant. They build up the blood, and through their use not only the disastrous after-effects of influenza but also troubles due to poor blood, such as anaemia, rheumatism, indigestion and the generally worn-out feeling that affects so many people, disappear. You can get these pills through any dealer in medicine, or by mail at 50 cents a box or six boxes for \$2.50, from The Dr. Williams' Medicine Co., Brockville, Ont.

Spring is here—and Easter only two weeks away!
