Montreal Woman Finds Health by Taking Lydia E. Pinkham's Vegetable Compound

Montreal, Quebec—"I was a sufferer for three years, not able to do my housework. My husband was discouraged, for I was no better and had had the doctor all this time and nothing helped me. I was always sleepy, had no appetite and suffered with my left side. My mother in England recommended Lydia E. Pinkham's Vegetable Compound because it had helped my sister, so I have been taking it. I am now able to do my housework and I can not praise your medicine too highly as I have great hopes for the future. I will tell anyone who writes to me what good it has done me."—Mrs. E. MASSON, St. Henry P. O., Montreal.
For nearly fifty years Lydia E. Pinkham's Vegetable Compound has been helping women just as it helped Mrs. Masson; oftentimes after doctors and other medicines failed. If you are suffering from disagreeable symptoms caused by some female weakness, try this splendid medicine. It is a woman's medicine for women's ailments, and can be taken in safety by any woman.

CANADA'S CRUCIFIXION

(Cleveland News, April 22, 1922)

North, over the border, to-day in every community leal-hearted citizens of the Dominion are holding commemorative services for the sons of the maple, lying in Flanders fields, who held the line for liberty from April 22 to April 24 seven years ago. In proud and loving memory mothers and fathers of these heroes recall the battle of battles of the World War, in which the picked conscripts of continental Europe hurled themselves for three consecutive days on the flower of youth of Canada, and in the end retired baffled, leaving on the field three 10,000 dead.

The true story of the world's salvation from militarism by that little band of stalwart souls, known as the First Canadian Division, history will tell. The battle of St. Julien was the start of a series of displays of Canadian heroism and efficiency that marked the Flanders and Picardy campaigns of the great war wherever emergency occurred, and which has added to the glory of patriotic achievement the events chronicled by the names of Festubert, Givency, Vimy, Cambrai and a score more. Untested men from farm and factory, numbering less than 10,000, had been placed between two French armies to block the enemy's determination to achieve the French channel ports. To Von Falkenhayn's command to his German troops to pulp the Canadians and break through, no matter the cost, an answer was given which ranks St. Julien with Thermopylae and The Alamo, with the difference that St. Julien had her messengers of victory, albeit they numbered but 400, all that was left of Canada's vanguard in the fight for civilization.

Deserted by the Algerian corps on its left; its right bared by the retreat of the extreme eastern French wing, this pigmy army stood. Defying the repeated charges of the magnificent Prussian guard, 10 service battalions of which dissolved themselves against that unbreakable human wall; scornful alike of gas and bomb these Canadians fought for 72 hours to achieve the result their commander curtly ordered in the words: "The line across St. Julien was to be held. The Canadians will hold it." And when, after the three-day agony, the third British army came to the relief and the battered men of the western continent marched out, no more inspiring sight was ever witnessed than the little army passing through infacing serried ranks of seasoned British warriors, each rigidly standing at "the present." The salute of St. Julien is Canada's forever!

I gave them to my little girl with such good results that I now strongly recommend them to all mothers." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.
