The Grand Council of the C M B. A of Canada was incorporated in Ontario January 18th, 1890, and in the Dominion of Canada, March, 1898 It received a Certificate of Registration from the Dominion Government December 27th, 1894 thus authorizing it to do puelness in any part of Canada

In 1892 the Grand Council of the C M. B A of Canada formed itself into a separate beneficiary jurisdiction, thus severing its connection with the Su-preme Council of the C M. B. A of the United States. It retained all the Reserve Fund that had accumulated to that date in Canada, and in December of the same year it issued beneficiary certificates to all members under its jurisdiction, returning to the Supreme Council all the beneficiary certificates said council had issued to the members in Canada.

Since that date the Association in Canada has made very rapid and satisfactory progress, its membership today being about 15 000, with a Reserve, Fund of about \$105,000 During the present year extra efforts have been made to increase its membership, a bonus of \$3 being given to each member who was instrumental in bringing in a new member. This plan worked very satisfactorily and the Board of Trustees thought it advisable to con tinue it until the date of next Conven tion

His Grace the late Archbishop Walsh was Grand Spiritual Adviser of the Association until the time of his dea h; theu His Grace, Most Rev. Archbishop O'Brien, of Hallifax N.S, was chosen as Grand Spiritual Advisor. We attrib ute the great success of the Association here to the assistance given it by our Hierarchy and Clergy throughout the Daminian.

We intend in future issues of Tirk CANADIAN to give the address delivered by each of our Grand Presidents at the various Conventious.

A fault which is both an abundant and a persistent source of vental sins can hardly be anything less than our fullng passion.

# THE BULLETIN.

Firs' Contingent whose fives were in

on November ... As 14 of these were dispute origina v cent along about insured for one year only, their polictes have expired. The other 37 poil cles will all lapse before they reach home The City Freasurer, however, has been directed to arrange with the insurance companies for a month s extension of time, so that all will be covered until they have arrived nome

Quite a effr was created in insurance. circles when on October 2 the Canada Life gave notice that the un, aid capi tal slock of the company had been called up. The calls are payable as follows: the call of seven and one half per cent on 31st December, 1 \*\* and eight calls of ten per cent, each on the last day of the months of March, June, September and December respectively, in each of the next two succeeding years, with the option to pay up in fuli at 31st December, 1 an ur at any later time during the same period The company is preparing to entend the scope of its business in the United States Is now operates in eight States only, but believes the American field offers excellent oppor tunity for expansion and will enter several additional States. Also, it is hinted that before the year closes the Company will be doing business in Great Britain. So far as we have seen, no reason has been given by the Executive for calling up the unpaid capital, which amounts to \$875,000 Various are the opinions expressed. some of them by no means tavorable But the future only can decide as to the verities of what now are mere rumors, or conjectures.

It seems that there has been some misunderstanding in England concerning the disposal of the money contributed to the O:tawa Hull Fire Relief Fund. It is claimed that the public has never been informed how the money was spent. Also that before the Fund was closed the committee had more money than they knew what to do with. Mr George H Perley, Chairman of the Committee, makes the following explanation of the matter :

"Practically all the money received by the O:tawa and Huli Fire Relief Fund was distributed to the fire suffer ers in August and September last, and no difficulty was found in making good use of the same. The auditor had to be approved of by the Governor in Council, and there was some delay in his appointment, on account of the press of work previous to the general elections. The audit is, however, now being made as quickly as the mass of work will allow, and immediately after its completion a report of the whole matter will be i-sued and distre buted to all the large subscribers.

The character of the men handling the Fund insures a full and complete accounting for all moneys entrusted to them When their report is published there will, we believe, be no further cause for misunderstanding or question in the matter.

So far, the Ocean Accident and 91 Guarantee Corporation has paid twenty one claims on the lives of Canadian soldiers killed in South Africa, under the podey of accident insurance arranged through Sir Charles Tupper PERTINENT PARAGRAPHS FROM Ton amount of these claims is \$21,-000 One or two claims are pending.

A' last, after more than two years of of the 122 Toronto members of the litigation the trouble over the assess ment of members of the defunct Soie. sured by the citizens of this city, 64 Knights of Canada has been settled by tand returned. In the list of branches in the last acknowledgment by Branch 264 of additional contributions to the Thibodeau Appeal, Branch 24 should read Paimer Road, instead of Egmont Bay.

Mrs William Regan, of Ridgetown, is in receipt of a letter from her brother, Rev. Father John Sinnett, chaplain with the second contingent in South Africa, saying that he expects to be home for Christmas. He is now the only remaining Canadian chaptain in South Africa.
