Asthma.—The most distressing, and at the same time one of the most alarming diseases to which the human frame is subject, is Asthma, which literally tears the human constitution to pieces, bringing its victim to the very verge of the grave, from which he seldom recovers, unless indeed, as it were, by a miracle. The most certain remedies for the cure of this direful malady is Holloway's Ointment and Pills; by repeated and salutary doses of the latter, the case becomes freed from phlegm, the body is relieved from an immense weight, and the cough leaves the sufferer in an incredibly short space of time provided the Ointment be well rubbed into the chest night and morning. The thousands who have been restored to health by these infallible remedies, render it needless to expatiate on their merits, therefore, all who are thus afflicted, should have immediate recourse to Holloway's Ointment and Pills.

IN CHANCERY.

AS to THOMAS EVANS, formerly of Hoxton, London, Tailor, eldest son of John and Mary Evans, of that place, and who, it is supposed, sailed from London for Boston, Massachusetts, U. S., about twenty-three years ago. Whereas, pursuant to a decree of his Honor the Master of the Rolls, an inquiry is being proceeded as to who are the next of kin of Rachel Morgan (late of Pantry Goyre, in the county of Monmouth, England) and Mary Evans are some of such next of kin. Notice is hereby given, that if the said Thomas Evans was alive on or after the said second day of September, 1854, he or his personal representatives should forthwith give notice of his claim to Messrs Harting, No. 24, Lincoln's Inn Fields, London, the Solicitors of the plaintiff in the said cause. And any person who will furnish the said Messrs Harting satisfactory evidence as to the said Thomas Evans' present residence, or death, will receive a reward of five pounds. Dated this 20th day of November, 1855. J. Y. AND T. J. HARTING, 24 Lincoln's Inn Fields, London, Plaintiff's Solicitors.

AN APPEAL

OF BEHALF OF THE NATIONAL SCHOOL.

THE National School was established in the year 1810, and has been in efficient operation since that period. It has afforded gratuitous instruction to Hundreds of the children of the poor, both boys and girls; and there are many, now occupying honourable and useful stations in life, who have received their education in no other School but this.

The ability and efficiency of the Teachers, in both departments, have been admitted by all, who have ever visited the Institution, or have been present at the examinations held there.

There are now in daily attendance, at the Boys' School seventy-four free scholars, and sixty paid scholars; in the Girls' school, thirty free scholars, and forty paid scholars: total—Two hundred and four.

Children of all denominations are received into the School, and although its religious instruction is conformable to the principles and usages of the Church of England, these are not forced upon the pupils against the wishes of their Parents or Guardians.

The Salaries of the teachers, and all other expenses, have been defrayed by means of voluntary subscriptions, aided by a small allowance from the Provincial Funds, and from the tuition fees: which last item, however, forms but a small amount, as the fees vary from five shillings, to twenty five shillings per annum, according to the ability of the parents or guardians to pay; and also from the circumstance, that the majority of the Children, are Free scholars.

The Building, which was erected by private subscription and a donation from the Society for Promoting Christian Knowledge, has become in a very dilapidated state, and will soon be unfit for use; and unless some strenuous exertions are made, to raise the necessary funds for its thorough repair, the School will have to be closed.

To avert this unhappy occurrence, an appeal is now made by the Provisional Committee to the public at large, and the Parishioners of St. Paul's in particular, for pecuniary aid, on behalf of this useful and truly charitable Institution. An annual subscription of twenty shillings entitles the party giving it to nominate one Free scholar; and an additional Free scholar for every additional Twenty shillings subscribed. As a large sum would be required to repair the Building, the Committee intend to solicit donations and subscriptions, and also propose to hold a FANCY FAIR, about the first of August next, at Hillside, the property of the President of the Society, situated on the shores of the North West Arm, and trust that the Ladies, who are ever first in works of charity and benevolence, will kindly lend their valuable aid and assistance, in forwarding the object they have in view: Thus supported the Committee feel confident that the appeal now made will not be in vain, and that an Educational Institution of so much importance raised by the gratuitous subscriptions of others, will not be allowed to fall through, from the apathy and indifference of the residents of the city, in the present day.

HENRY PRYOR, President. BENJAMIN SALTON, Treasurer. WILLIAM T. TOWNSEND, WILLIAM METZLER, JOHN SILVER, Secretary. EDWARD J. LORDLY, MAURICE McLELLITH. Committee. Halifax, March, 8, 1856.
