

(To the Editors of the Church Guardian.)
 SIRs,—In reply to "Catholicus" let me say there can be no doubt whatever of the virtual truth of Mr. Lang's statement as to certain bishops of the Church of England conducting Presbyterian services in Scotland a few years ago. I remember what a sensation it produced, and what flimsy excuses one of them made when charged with his schismatic conduct. When I say "conducting Presbyterian services" I mean more, particularly preaching in Presbyterian places of worship, for (though not using a Prayer Book) I believe the prayers used (at least on one occasion) were from the Prayer Book.

PERILS OF THE DEEP.

Special to the Chicago (Ill.) *Inter-Ocean*: The world-renowned swimmer, Captain Paul Boyton, in an interview with a newspaper correspondent at the seashore, related the following incidents in his experience:

Reporter:—"Captain Boyton, you must have seen a large part of the world?"

Captain Boyton:—"Yes sir, by the aid of my Rubber Life-Saving Dress, I have travelled over 10,000 miles on the rivers of America and Europe; have also been presented to the crowned heads of England, France, Germany, Austria, Belgium, Italy, Holland, Spain and Portugal, and have in my possession forty-two medals and decorations; I have three times received the order of knighthood, and been elected honorary member of committees, clubs, orders and societies."

Reporter:—"Were any of your trips accompanied by much danger?"

Captain Boyton:—"That depends upon what you may call dangerous. During my trip down the river Tagus, in Spain, I had to "shoot" one hundred and two waterfalls, the highest being about eighty-five feet, and innumerable rapids. Crossing the Straits of Messina, I had three ribs broken in a fight with sharks; and coming down the Soimane, a river in France, I received a charge of shot from an excited and startled huntsman. Although all this was not very pleasant, and might be termed dangerous, I fear nothing more on my trip than intense cold; for as long as my limbs are free and easy, and not cramped or benumbed, I am all right. Of late I carry a stock of St. Jacobs Oil in my little boat,—the Captain calls it "Baby Mine," and has stored therein signal rockets, thermometer, compass, provisions, etc.)—and I have had little trouble. Before starting out I rub myself thoroughly with the article, and its action on the muscles is wonderful. From constant exposure I am somewhat subject to rheumatic pains, and nothing would ever benefit me, until I got hold of the Great German Remedy. Why, on my travels I have met people who had been suffering with rheumatism for years; by my advice they tried the Oil, and it cured them. I would sooner do without food for days than be without this remedy for one hour. In fact I would not attempt a trip without it."

MOTHERS! MOTHERS! MOTHERS!

Are you disturbed at night and broken of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of MRS. WINSLOW'S SOOTHING SYRUP. It will relieve the poor little sufferer immediately—depend upon it: there is no mistake about it. There is not a mother on earth who has ever used it, who will not tell you at once that it will regulate the bowels, and give rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases; and pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States Sold everywhere at 25 cents a bottle.

Humbugged Again.

I saw so much said about the merits of Hop Bitters, and my wife who was always doctoring, and never well, teased me so urgently to get her some, I concluded to be humbugged again; and I am glad I did, for in less than two months use of the Bitters my wife was cured and she has remained so for eighteen months since. I like such humbugging.—H. T., St. Paul.—*Pioneer Press.*

THE BLOOD AND NERVE TISSUES owe their healthy existence to Phosphorus, and become disorganized when it is lessened in quantity. It is necessary to the proper preservation of the functions of life as Electricity is to the Telegraph. The use of Phosphorus, combined with Cod Liver Oil, Lime, Soda, &c., in Purcell's Emulsion, by providing, in a palatable and perfectly digestible form, all the elements necessary for the healthy growth and vitality of the body prevents and rapidly cures all diseases which are due to its being present in less quantity than Nature demands. Hence its invaluable value in Brain diseases, Nervous Debility, Wasting and other Lung troubles which, beginning in loss of flesh and vitality, with COUGHS, COLDS and BRONCHITIS, resulting in that fell destroyer of the human race—Consumption.

In the Whole History of Medicine
 No preparation has ever performed such marvellous cures, or maintained so wide a reputation, as AYER'S CHERRY PECTORAL, which is recognized as the world's remedy for all diseases of the throat and lungs. Its long continued series of wonderful cures in all climates has made it universally known as a safe and reliable agent to employ. Against ordinary colds, which are the forerunners of more serious disorders, it acts speedily and surely, always relieving suffering, and often saving life. The protection it affords by its timely use in the throat and chest disorders of children makes it an invaluable remedy to be kept always on hand in every home. No person can afford to be without it, and those who have used it never will. From their knowledge of its Composition and effects, physicians use the CHERRY PECTORAL extensively in their practice, and Clergymen recommend it. It is absolutely certain in its remedial effects, and will always cure where cures are possible.
