ing the bigotry of Protestant Ontario against the minority here. Aside from the dishonesty of the Globe in pursuing such a policy, we believe its conduct to be in the highest degree suicidal to the best interests of the Liberal party.

The Government of Canada stands pledged, not only as a party, but also as the sworn guardians of the constitutional liberties of minorities, whether Protestant or Catholic, to follow the judgment of the Privy Council, and they will do it. This is a question of right and justice; it is a question affecting the liberties of should be sought to be placed on an opponent for performing a simple act of scued from the grave by the timely use justice, demanded by the Constitution as well as by every law of right and bors, we find that he is a man of undoubtjustice. Of one thing the Globe may take notice, and that is, that in the end, justice will be done the minority and woe betide the political party that attempts to frustrate the ends of right and justice. The Globe of 1895 will be as great an enemy of its political party as the Globe of 1857-8, unless it changes te present policy. For what purpose, then, pursue such a policy?

IS PARALYSIS CURABLE?

MR. GEORGE LITTLE, OF ES-SEX COUNTY, SAYS IT IS.

He Gives His Own Terrible Experience to Prove the Truth of His Assertion-Suffered for Over Two Years-Both Himself and Family Thought That Only Death Could End His Sufferings-Again Enjoying the Blessing of Sound Health.

From the Essex Free Press.

Life is truly a burden to those not blessed with a full measure of health and strength, but when a strong man is brought to the verge of almost utter help-lessness, when doctors fail, and there is apparently nothing left to do but wait he dread summons that comes but once to all, the case assumes an aspect of extreme sadness. In such a condition as this did Mr. George Little, of the township of Colchester North, find himself, and recently the Free Press hearing incidentally that he had recovered health and strength, a reporter was sent to investi-Rate. When seen, Mr. Little expressed willingness to state the nature of his case, and his story is as follows :-

"Had to sit with feet in a hot oven." Some four years ago Mr. Little suffer ed from a severe attack of la grippe which left his lower limbs partially paralyzd. He called in one of the best known physicians of Essex county, who appeared to do all that lay in his power or the relief of Mr. Little, but to no wall. For two and a half years he suffered. fered the most intense pain and was con-ined to his bed for the greater part of the time. The doctor was puzzled with his his case and as he appeared to obtain no relief, he changed doctors for a period. The second doctor did no better than the other period to the second doctor did no better than the other period to the second doctor did no better di The second doctor did no better than the other, and Mr. Little returned to the first one he had called in. Finally, despairing of ever obtaining relief, he told the physician that he did not see any farther use of taking his medicines, and believed he should die if he did not obtain relief in a short time. He had wasted away to little more than a mere skeleton, and was an object of pity by his peignbors, and felt himself a by his neignbors, and felt himself a burden to his family. His wife and family had given up hope, and his neighbors all thought it merely a question. tion of time when Mr. Little's death would relieve his sufferings. While his limb limbs were partially paralyzed he could base them sufficient to hobble about the house and door yard, but if he undertook to walk to the stable he would be confined to the stable he would be stable he would be confined to the stabl med to the stable he would be directly to his bed for a week after. His limbs grew numb and cold. During the hottest summer days he was obliged to sit with summer days he was with his feet and legs in a hot oven, wrapped in flannel and hot clothes until the skin would come off in scales. Mr. sapped in flannel and hot clothes until the skin would come off in scales. Mr. Little believed that his physician was doing all that could be done, and has nothing but kindly feelings for the treatment he received at his hands, but he is certain that the doctor had no hope of his recovery. He had tried an advertised mineral water, taking in all seven gallons of it, but failed to obtain relection. Mr. Little, in the summer of 1893, read of case similar to his own that had been cured by the use of Dr. William's Pink Pills. Grasping at this last hope he them. sent for a few boxes and began taking them. Before the second box was all used. Mr. Little was satisfied that he had found a remedy that would cure him of his avoedingly poinful and mysteriof his exceedingly painful and mysterious ailment. Mr. Little continued the

the Privy Council, in the hope of excit- use of the Pink Pills for several months and was able to get out and do light work about his farm, which he had not been able to do for over two years. He continued taking Pink Pills a while longer, when he was fully recovered and was able to do any of the hardest work on his farm, and in the winter time worked almost steadily at saw-logging and woodchopping. During the past fall, he says, he was frequently caught out in heavy rain storms when away from home, but he had so far recovered that his exposures have not brought any bad results During the very cold weather of the pre-sent winter he was hauling wood to Windsor, a distance of fifteen miles. He looks at present as if he had hardly seen a sick day in his life time.

Mr. Little feels deeply grateful to Dr. William's Pink Pills and claims that his recovery is entirely due to the use of British subjects; therefore, no political advantage should accrue to any party for simply doing its duty, and, for the same reason, no political disability he owes his entire recovery to the use of Pink Pills. The entire family look upon the husband and father as one re-

of Pink Pills.
On inquiring among Mr. Little's neighed veracity. He has lived in Essex county all his life time, and on his present farm in Colchester North, about four years. He is a superintendent of the Edgar Mills Sunday school, and his case is too well known in that district to be disputed. His neighbors looked upon his case as a most miraculous one, his death having been expected among them for many months before he began the use of Pink Pills,

Winnipeg.

Meets at Unity Hall, McIntyre Block every lst and 3rd Wednesday. Spriritual Advisor, Rev. Father Guillet; Pres., E. Cass; Rec. Sec., H. A. Russell; Fin. Sec., D. F. Allman; Treas., N. Bergeron.

Branch 163, C.M.B.A. Winnipeg

Meets at the Immaculate Conception School Room on first and third Tuesday in each month.

SMALL INVESTMENTS.

Returning prosperity will make many rich, but nowhere can they make so much within a short time as by successful Speculation in Grain, Provisions and Stock. FOR EACH DOLLAR INVESTED can be made by

our Systematic Plan of Speculation

ORIGINATED BY US. All successful speculators operate on a regular system.

It is a well-known fact that there are thousands of men in all parts of the United States who, by systematic trading through Chicago brokers, make large amounts every year, ranging from a few thousand dollars for the man who invests a hundred or two hundred dollars up to \$50,000 to \$100,000 or more by those who invests a few thousand.

It is also a fact that those who make the largest profits from comparatively small investments on this plan are persons who live away from Chicago and invest through brokers who thoroughly understand systematical trading.

Our plan does not risk the whole amount invested on any trade, but covers both sides, so that whether the market rises or falls it brings a stedy profit that piles up enormously in a short time.

WRITE FOR CONVINCING PROFS, also our Manual on successful speculation and our Daily Market Report, full of money-making pointers. ALL FREE, Our Manual explains margin trading fully. Highest references in regard to our standing and success.

THOMAS & CO., Bankers and Brokers, 241-242 Rialto Building, CHICAGO, ILL

Dr. Morse's Indian

FOR SALE BY ALL DEALERS

Keep the Works in good order.

NORMAN, Ont., January 25, 2890.

W. H. COMSTOCK, Brockville, Ont.

DEAR SIR,—Your Dr. Morse's Indian Root Pills's are the best regulator for the system that humanity can use. Life is as the time-piece: frail and delicate are many of its works. A tiny particle of foreign substance adheres to the smallest wheel in the works, and what is the result?—at first, only a slight difference is perceptible in its time-keeping, but wait you; as the obstracted grows, the irregularity becomes greater, until at last, what could have been rectified with little trouble, in the beginning, will now require much care in thoroughly cleanaing the entire works. So it is in human life—a slight derangement is neglected, it grows and increases, imperceptibly at first, then rapidly, until what could, in the beginning, have been cured with little trouble, becomes almost fainl. To prevent this, I advise all to purify the system frequently, by the size of Morse's Pills, and so preserve vigor and vitality.
