Modern Sanitation

Dust is germ-laden and unhealthful. Ordinary methods of dusting and sweeping only disturb it and cause it to settle elsewhere. Where such conditions prevail, dust becomes a serious menace to health.

90% of this objectionable, atmospheric dust can be captured and held by the use of Imperial Floor Dressing. And regular sweeping with a stiff broom removes all of it.

**IMPERIAL
FLOOR
DRESSING**

Imperial Floor Dressing spreads evenly and economically. One gallon treats upwards of 700 square feet, and a single application will last for several weeks.

Imperial Floor Dressing is non-evaporating and non-gumming. It preserves floors, prevents dust from

rising and adds a brighter note to schoolrooms. An Imperial Oil dealer near you will be glad to demonstrate.

Imperial Floor Dressing is sold by good dealers everywhere in one and four-gallon lithographed sealed cans; also in half-barrels and barrels.
