The Canadian Secretary of State for External Affairs to the American Ambassador

DEPARTMENT OF EXTERNAL AFFAIRS

CANADA

No. X-57

Ottawa, March 1, 1952

Excellency:

I have the honour to refer to your Note No. 192 of February 7, 1952, inviting the Government of Canada to participate in scientific investigations on the fur seals in the North Pacific Ocean, with a view to the formulation of a multilateral convention on pelagic sealing.

This matter has now been considered by the appropriate Canadian authorities, and I am pleased to inform you that the Government of Canada is agreeable to participating in the proposed investigations, both on this side of the Pacific and on the Asiatic side, and is appointing three scientists for that purpose.

The arrangements for the investigations as set forth in your Note under reference are satisfactory to the Government of Canada.

Accept, Excellency, the renewed assurances of my highest consideration.
