

- (c) Notwithstanding the fact that the Parties utilize different vertical datums in the Gulf of Maine area, the two datums shall be deemed to be common;
- (d) Should reference to the low water baseline of either Party be required, the most recent largest scale charts published by the Party concerned shall be utilized;
- (e) If a point or points on a particular chart are not on the 1927 North American Datum, the Chamber shall request the Agent of the appropriate Party to furnish the Chamber with the corrected datum points;
- (f) In recognition of the fact that the Parties do not utilize the same standard set of symbols on nautical charts, the Chamber, or any technical expert or experts shall, if necessary, confer with the Agents and their advisers to ensure proper interpretation of the symbol or feature; and
- (g) The Chamber, or any technical expert or experts, is requested to consult with the Parties as may be necessary concerning any common computer programmes of the Parties for technical calculations, and to utilize such programmes as appropriate.
