

Private Bills

stayed as it was, but I do not want to return to it. As a guide for the future, some of this confusion may be cleared up if we change the procedure of doing things so that when a committee reports and suggests amendments to a bill the recommendations are incorporated into a new bill. We would then have before us what the committee has recommended, which is what we do not have at the moment. I might record my objection to clause 13 as well while I am on my feet.

The Chairman: Shall clause 13 carry?

Mr. Howard: On division.

Clause agreed to on division.

Preamble agreed to.

Title agreed to.

Bill reported.

Mr. Deputy Speaker: When shall the said bill be read a third time? By leave, now?

Some hon. Members: Agreed.

Mr. Leboe moved the third reading of the bill.

Mr. H. W. Herridge (Kootenay West): Mr. Speaker, prior to the bill receiving third reading we do want to emphasize that the members of this group would have preferred the bill which was originally presented and sponsored by the government of British Columbia. However, we have supported this bill because of the difficulties encountered and we trust that it will be of value to the development of the economy of our province.

Mr. Deputy Speaker: Is it the pleasure of the house to adopt the said motion?

Some hon. Members: Agreed.

Motion agreed to and bill read the third time and passed.

Mr. Deputy Speaker: The hour for the consideration of private members' business has now expired.

At six o'clock the house adjourned, without question put, pursuant to standing order.
