Hon. Herbert Marler,  
701 Transportation Building,  
Montreal, Que.

Dear Mr. Marler:-

Let me acknowledge with thanks  
your communication of the 6th of May.

The report in the Gazette might  
indicate to some that your statement was in answer  
to my critical remarks, because at the beginning of  
the report reference was made to what I said. I  
take no objection whatever to what you said, nor to  
the way in which you said it. I was very pleased  
that you were able to tell us that so much had been  
done and I am sure the public were equally pleased.

Cordially reciprocating your  
good wishes and hoping that the celebration will be  
in every way worthy of the occasion, I am,

Yours faithfully,
