

February 16th, 1925.

R. Meldrum Stewart, Esq.,  
Director, Dominion Observatory,  
Department of the Interior,  
Ottawa, Ont.

My dear Mr. Stewart:-

Let me acknowledge with thanks  
the receipt of your letter of February 12th.

I appreciate greatly your assurance  
that your Department will co-operate in any way  
possible should we decide to establish a course in  
Astronomy here. I shall discuss this matter further  
with Professors Gillson and King and write you again.

Yours faithfully,
