## KILLED EVERY OCCUPANT

OF NUNNERY-HOSPITAL

One of the Wounded at Cardiff Tells How Germans Made War.

Private George Neil, of the 1st Gordon Highlanders, who was invalided in the Cardiff Hospital in an interview tells of the Germans shelling a nunnery which had been converted into a hospital at Mons. He said every person in the hospital was killed. The fire had been at a comparatively short range. Speaking about the losses, he said Highlanders suffered the most. Out of 1200 men who went into the actions at the commencement of the day only 170 answered the roll call at night.

Corporal Thomas McAusland, of the Royal Scots Fusiliers who is also in the hospital said that he saw the Germans placing women and children in the firing line. He is the proud possessor of a German steel helmet. "As I potted the man who wore it, and as he would need it any more I thought I would bring it home," he said.

## FELL FROM A WAGON.

# OVERSHERED TO "FRUIT-A-TIVES"

Cured Both Stomach Trouble and Headaches.

"PALMERSTON, Ont., June 20, 1913.—I really believe that I owe my life to 'Fruit-a-tives.' Ever since childhood I have been under the care of physicians and have been paying doctors' bills. I was so sick you could not get me out of the street along without help. The same old stomach trouble and distressing headaches nearly drove me wild. Some time ago I got a box of 'Fruit-a-tives' and the first box did me good. My husband was delighted and advised a continuation of their use.

"Today I am feeling fine, and a physician meeting me on the street noticed my improved appearance and asked the reason. I replied, 'I am taking Fruit-a-tives.' He said, 'Well, if 'Fruit-a-tives' you are making you look so well, go ahead and take them. They are doing more for you than I can.'"

"Mrs. H. S. Williams."

"Fruit-a-tives" are sold by all dealers at 50c a box, 6 for \$2.50, trial size 25c, or sent postpaid on receipt of half price.

## FISHERIES TREATY

NEGOTIATIONS OFF

Canadian Government, Wearied by Long Delay, So Notifies U.S.

By a Staff Reporter.

OTTAWA, Sept. 29.—Hon. J. D. Hazen, minister of marine and fisheries, has notified the United States Government that the proposed treaty between Canada and the United States regarding the taking of food fish in boundary waters is now definitely dropped and Canada assumes freedom of action to make such regulations as her own as she deems necessary. The treaty was drawn up four years ago by Dr. David Starr Jordan for the United States and Prof. Prince for Canada. The Canadian Government agreed to it, but opposition was raised by certain interests in the United States and approval of the treaty by congress was delayed from time to time. The present administration at Washington when it came to power seemed anxious to have the treaty adopted, but the opposition continued, and the time limit set by Canada having been exceeded, the Dominion Government has decided to wait no longer. Canadian fishermen were handicapped in some ways, it is said, by the unsettled condition of affairs and the government will make new regulations at once.

In the case of Australia, New Zealand and Tasmania, deferred messages must temporarily be sent to London, owing to interruption of the British Pacific cable.

## PEDESTAL NO PLACE FOR ANYTHING THAT LIVES

Women and Universities Have Both Been Wronged, Says Mrs. Prenter.

Political equality was given splendid support last night at the meeting of the organization which bears its name, when two of the large dining halls of the Brown Betty were taken up with guests, who first enjoyed the hospitality of the house at supper and later listened to a number of interesting addresses, followed by an animated discussion.

Mrs. Hector Prenter, president of the Political Equality League in introducing Prof. De Lury of Toronto University, referred to the present conditions, and combined women and the university in a witty speech, in the course of which she said both had been upon a pedestal, which was no place upon which to place anything that is alive.

Prof. De Lury traced the causes of the war from the beginning of the doctrine of 1870, teaching that Germany had a mission, to teach the doctrine of might. This doctrine has desecrated the minds of an otherwise great people. A second cause was the theory of the "Baptism of blood," or the idea that war is necessary to the nationhood of a people sapped by commerce and civilization.

## ADVERTISEMENTS.

## Effective, Economical

Complexion Renewer

One reason mercurized wax is so strongly recommended is that it really takes the place of several different cosmetics, saving time, patience and expense. It is better than any cleansing cream, better than any massage cream, and better than any rouge, for accomplishing the results for which such articles are used. As the wax actually absorbs an old, faded or discolored cuticle, a little each day, the underlying skin gradually appears, is clearer, softer, healthier-hued and more youthful than any cosmetic-made complexion. Spreading on a thin coat of the wax at night, waiting till off mornings, in a week or so produces a marvelous transformation. Just one ounce of mercurized wax, obtainable at any drug store, will do the work. There is nothing better to remove freckles, moth patches, liver spots, sallowness, blotches, pimples or blackheads.

For wrinkles and loose, saggy skin, a face bath made by dissolving 1 oz. powder of zinc in 1/2 pt. witch hazel, is the best thing that can be recommended. It has remarkable astringent and tonic properties.

## FAMOUS CECIL FANNING

Was Fortunate Enough to Leave Europe in Time—Pavlova Comes in November.

Those great musical artists, and there are few of them who are fortunate enough to leave Europe before the trouble began, are congratulating themselves that they are in England or America. Advice from New York is to the effect that not many of the most famous will be heard on this side of the Atlantic this autumn. Cecil Fanning, who is now in America is the famous baritone, Cecil Fanning. He had just finished his tour of recitals on the continent before war was declared, so that the contract made last year for his appearance in Toronto will be under the command of Mr. Kennedy.

Both the Q.O.R. and the Granadians had large numbers of recruits drilling at the armories last night. In the rifle ranges downstairs the Osgoode Hall, Insurance Rifle and the Arts and Science rifle clubs practised shooting. Headed by their own brass band over 900 members of the Toronto Home Guard Sharpshooters' Association paraded at Bayville Park last night and were sworn in by company.
