

# THE DOWSWELL WASHER.

## TESTIMONIALS.

The following are a fair specimen of letters being received every day :—

BEACHER P. O.—The Washer your agent left with me gives the best of satisfaction : no house should be without one. MR. ROEBUCK.

DOWSWELL WASHER CO.—Inclosed find price of Washing Machine which your agent left. The machine is all you represent it to be, and I am well pleased with it. MRS. MCKENZIE, Dover.

The Washing Machine you left me last week excels any other I have ever used, and would not part with it for twice the price paid. It does its work quick and clean. MRS. DAVID MARCHBANKS, Bothwell.

I have much pleasure in recommending the Dowswell Washing Machine. I have washed from a heavy quilt down to the smallest cotton apron, and never had better satisfaction than from this Machine. MRS. FRANK JOHNSTON, Highgate.

I am so well pleased with the Dowswell Washing Machine that I consider it as more than my duty to recommend it to the public, and if I can do anything in the way of securing any orders for you will do so with pleasure. MRS. JOHN CAMPBELL, Maitland.

I am using the Dowswell Washer, and can say it is the best washing machine I have ever used. Not being in very good health, my little son does our washing in from one and a half to two hours, with ease, with this machine. MRS. JOHN TUEEAN, Palmyra.

This is to certify that I am using the Dowswell Washing Machine sold by Mr. Atkins, and have no hesitation in saying it is the best washing machine I have ever tried. It will wash collars and wristbands as clean as can be done by hand. My washwoman has tried many different kinds of machines, and prefers this to any other. MRS. WM. ROSEBOUGH, Bothwell.

The washing machine which I bought from your agent more than satisfies my expectations, it saves labor, saves clothes and saves time, and does its work effectually. I can conscientiously recommend it to all others. MRS. J. DUNFIELD, Petrolia.

I have been using the Dowswell Washer for the past three months, and can say it is the best I have ever used, having had a good many others on trial. My little daughter, of 12, can do our washing easily in two hours with this machine, and we have a family of twelve. MRS. PHILIP KNIGHT Northwood P. O.

The Dowswell Washing Machine you left me on trial does its work almost by magic, and will not think of letting it go. Some of my neighbors were in when I was using it, and were surprised at the quick and clean way it did its work ; they all intend getting one when you are around again. MRS. GEO. KELLY, Euphemia.

I do not think the Dowswell Washer can be equalled. I have been using one for six months, and washing day at my house ever since has been a source of pleasure. Before I got the machine it took all day to do my washing, now it can be done in half the time and so much easier ; I would not like to do without it. MRS. DR. POPE Bothwell.

To DOWSWELL BROS.—The washer I purchased from your agent gives the best satisfaction of any washer I ever used. I can fully recommend it to any person in want of a washer. MRS. WILSON, Bay street, Toronto.

To DOWSWELL BROS.—The washing machine your agent left with me on trial gives the best of satisfaction. I would not part with it for twice its cost. My little boy, of twelve years does the washing as good as myself. MRS. DEMEY, Gerrard Street, Toronto.

FROM THE "ADVERTISER," LONDON, 1882.—One of the most ingenious labor-saving inventions that have been lately patented, is the Dowswell Washer, which carries the "cake" at the Fair this year. It is probably the simplest contrivance in the way of a washer that ever came in contact with soiled linen. Equipped with this machine the family washing may be disposed of in half the time which the old-fashioned method requires, the work will be done much better and with less wear and waste of fabric.

FROM THE "DRESDEN TIMES."—Mr. G. B. Dowswell, a mechanic of our town, has brought out a new washing machine, which promises to take the lead of all inventions in that line. One of their washers has been tested in the family of the writer, and on its first trial did the work in half the time required by hand, besides doing it better and with far less labor. We unhesitatingly recommend it as the best washer yet placed upon the market, and believe that no family once giving it a fair trial will ever dispense with it.

**We give a fair trial and allow you to be your own judge.**
