

## SUGGESTS APOLOGY BE SENT TO BRYAN

Rev. Dr. Milarr Discusses  
Recent Happening in  
Massey Hall.

**AN IMPORTANT MAN**  
He Deals With Neutrality as  
Observed in United States  
Before War.

"I issue a call to those young men who made the disturbance to send a delegate, or come in a body to my office and frame an apology to the National Legislative Conference of the United States, acknowledging their misdeeds, but declining their representative, Mr. Bryan, declared Rev. Dr. W. G. Milarr, during the course of his sermon, yesterday morning in the Bond Street Congregational Church, of 'Bryan in Toronto,' in which he strongly supported William Jennings Bryan, and likened the section of the crowd who so strongly opposed him to the 'honest hithers'."

"No man is better hated by a certain crowd than is Mr. Bryan," he said. "I mean the brewers and the saloon keepers, and I should be sorry to think that the young men purporting to be returned veterans, who have been with the liquor bunch, for there is no person, or number of persons, who are stronger pro-Bryan than the honest hithers. The reflection was on the band of young men who made that disturbance. We hear a lot about preservation of food, but the liquor people eat to hell with preservation, let our business alone."

At the beginning of his address, Mr. Milarr said no doubt that he would be fair and put on one side any prejudices he might have, and listen to what he had to say. "You will have democracy enough in your minds to say every man is entitled to his own opinion," and he went on to listen to me," he told them.

In the first place, he wanted to tell them that he was the son of a man born in Ireland, and that he was not a pacifist, he explained. "I never was a peace advocate, and three years ago when President Wilson and the whole of the United States Government shut the big dailies, were strongly urging neutrality, I was strongly urging non-neutrality. I have been opposed to the brutal and ungodly military despotism of Germany since my college days, and I have always had a secret antagonism towards their fiendish philosophy."

Pointing out the position in which Mr. Bryan stood in the eyes of the American people, Dr. Milarr stated that there was no private citizen—not excepting Mr. Taft and Mr. Roosevelt—who had done more to support the United States Government in the prosecution of the war and to inflame the patriotism of the people of nearly every state than Mr. Bryan.

**Came as a Delegate.**  
"Mr. Bryan did not come to Toronto to speak on the war," he declared. "Nor was he the invited guest of the Dominion Alliance. He came as the legally chosen representative of the National Legislative Conference of the United States, of which Dr. Howard H. Russell is the president. He came as a delegate to the convention hearing credentials from that conference." He emphasized the position in which Mr. Bryan stood in the minds of the American people by declaring that if Mr. Bryan were to die all the fingers would be at half mast and there would be a nation in mourning. Referring to the previous attitude of Mr. Bryan, Dr. Milarr said everyone would be surprised if they only knew the degree of neutrality that was at one time preached everywhere in the United States. Every minister received a communication direct from Washington requesting him to preach such a sermon on neutrality. The memorial that Mr. Bryan had been authorized by the National Legislative Conference of the U. S. to deliver at the Toronto conference was read by Dr. Milarr who gave a list of the various organizations that constituted its personnel, which represented, according to his statement, "The most righteous men and women in America."

**ORDER-IN-COUNCIL NEEDED.**  
Col. R. S. Wilson, O. C. the "D" unit under the military hospitals commission, stated on Saturday that the A. M. C. will not be able to take over any hospitals until an order-in-council has been passed fixing definite dates. The inspector-general of medical services, Surg.-Gen. G. T. Petherington, Major-General, Louis, Lieut.-Col. Egerton S. Ryerson, A. D. M. S., and Col. Harry Osborne, military secretary of the minister of militia, held a conference at the local military headquarters at College street in the morning.

**COL. HENDRY ON LEAVE.**  
Col. W. B. Hendry, commanding the University Hospital at Basingstoke, England, will arrive in Canada shortly on leave, to consult with the University of Toronto authorities as to the needed enlargements and changes at that hospital. During Col. Hendry's absence Lieut.-Col. H. C. Parsons will temporarily resume command at that institution.

**REDUCTION IN COAL PRICES.**  
The order of the American fuel controller reducing the price of coal at the Pennsylvania mines 30 cents a ton during the summer months will mean a slight reduction in prices here, according to local coal dealers.

## PREPARATION COST ONLY A FRACTION

McConnell and Ferguson Issue Statement  
Regarding Campaign Fund Administration.

McConnell and Ferguson, advertising agents, whose head office is at London, Ont., and who also have a Toronto office in the Temple Building, have handed out the following statement in connection with the discussion at the public accounts committee of the Ontario Legislature on Friday afternoon: "A serious misconception has arisen in connection with our account for advertising placed over this agency last year by the Ontario Government in connection with the production campaign. The papers have reported that statements were made in the public accounts committee to the effect that this firm received \$18,359 for preparing advertising matter. As a matter of fact, only a fraction of this amount was paid for preparation of advertisements. The great bulk of the money represented cost of space in over 300 daily and weekly publications and monthly magazines, and for the amount charged for advertisement preparation, practically all of it was paid for the cost of typesetting, plates, express charges, etc. A copy of each issue of every publication containing an advertisement was submitted to the provincial auditor and was checked by him, the proper insertion of the advertisements being thus verified down to the minutest detail."

## MARKET FAVORABLE; CITY SELLS HOMES

Sixty-Five Houses, Owned by  
Municipality, Offered  
for Sale.

**NOTHING SACRIFICED**  
Trend of Real Estate Market  
Revealed in Commissioner's Decision.

Sixty-five houses owned by the city are to be put on the market next week. The assessment commissioner is already preparing the advertisements which will call the attention of the public to the municipal properties to be sold. Many of the houses to be sold have been in the hands of the city for years and were taken over in expropriation proceedings in anticipation of proposed street extensions, widening or other improvements. That the commissioner should choose the present as a favorable time to put the sale may be taken as an indication of considerable improvement in the real estate market in the commissioner's opinion at all events.

"We have been looking over the situation," Mr. Forman said Saturday, "and have come to the conclusion that now would be a good time for the city to sell some of its holdings. We are commencing to advertise their sale next week, to get in on the spring real estate trade."

"Will there be any bargains among the city's offerings," the commissioner was asked by a reporter, "or are they all good houses?" he replied. "If that is what you mean," he replied. "We don't intend to sell anything away, but it is fair to say that all of our holdings will be good buys for the purchaser. If we don't get what we think we are entitled to for our properties, of course we will simply hold them until we do."

In the opinion of the assessment commissioner the real estate market, at this present is favorable towards the sale of modern houses. Vacant land, he says, is not so readily saleable at good prices.

**SEEKING CERTIFICATES.**  
Outside towns, such as Hamilton, Ottawa, Brantford and Stratford, are sending hundreds of applications for birth and marriage records to the registrar-general at Queen's Park for the purpose of proving themselves before the Dominion police raiders. Eight hundred certificates have been dealt with this week.

**WANT IMPROVED SERVICE.**  
Residents of the Lake Shore road, every man the Minto radial, are going to appeal to the Ontario Railway Board for an improved service. The company attributes the poor service to weather conditions, and states that one new car is being put in operation, and that three more are ready for use as soon as the weather improves.

**COST OF DRUNKENNESS.**  
When a private is arrested for being drunk, he is taken before his O. C. and fined. When an officer is found drunk the general court-martial he is put thru some of the country about \$184. This was figured out when an officer was arrested for drunkenness recently.

**MAY ISSUE FOOD BUDGETS.**  
Dr. Hastings, medical officer of health, is considering issuing weekly food budgets, so that the citizens of Toronto may have a practical guide on how to live well, and at the same time conserve the food supply.

**Doctor Tells How To Strengthen Eyesight 50 Per Cent. In One Week's Time In Many Instances**

A Free Prescription You Can Have Filled and Use at Home.  
Philadelphia, Pa. Do you wear glasses? Are you a victim of eye strain or other eye weakness? If so, you will be glad to know that according to Dr. Lewis there is real hope for you. Many whose eyes were half-blind, say that their eyes are restored through the principle of this wonderful free prescription. One man says, after trying it: "I was almost blind; could not see to read at all. Now I can see everything without any glasses and my eyes do not weary me more. At night they would pain dreadfully; now they feel fine all the time. It was like a miracle to me." A lady who used it says: "I am almost seized with hay fever without glasses but after using this prescription for fifteen days everything seems clear. I am now reading fine print without glasses." It is believed that thousands who wear glasses can now discontinue them in a reasonable time and that many more will be able to strengthen their eyes so as to be spared the trouble and expense of over-glasses. Eye

## VETERANS ATTEND COMRADE'S BURIAL

Funeral of Riverdale Branch  
Secretary Held  
Yesterday.

**IMPRESSIVE SERVICE**  
Rev. J. A. McKenzie Was  
Assisted by Two Army  
Chaplains.

Borne upon the gun carriage draped with the Union Jack the remains of the late Corporal Fred Moss, secretary of the Riverdale and east branch of the Great War Veterans Association, were buried yesterday afternoon at St. John's Cemetery. The funeral, which was largely attended, and was conducted by Rev. J. A. McKenzie of Riverdale Presbyterian Church, assisted by Major Burch and Captain Patterson. Among those present were: Lieut.-Col. E. B. Hardy, president of the York County and District executive of the G.W.V.A., Major A. Sampson, Lieut.-Col. W. H. Hardy, vice-president, and other members of the York County and District executive, including Lieut.-Col. D. Robb and Lieut. Hiltz, representing the city council, and the following representatives from Lodge Windsor, S.O.E.: Henry Hooper, vice-president; Samuel Rich, secretary; Henry Atwood, past president, and Bro. J. C. Carter, Harry Wilson, C. C. and H. Littlejohns.

Rev. Mr. McKenzie, in the course of his address, referred feelingly to the duty nobly accomplished by the late Riverdale secretary, and said: "There lies cold in death a man who was a man," said the speaker. "He answered the call over to Europe, and when his duty was finished there he returned, wounded yet ever cheerful, to continue the great battle here. May we not reasonably believe that it is the duty of the Gethseman of life that one marches on from glory to yet greater glory?"

Beautiful tokens of love and appreciation were noted at the funeral. Among others there were a wreath of white flowers from the York County and District executive, lovingly emblem from each of the G.W.V.A. branches and women's auxiliaries; a wreath of white flowers from the late secretary's brother-in-law and sister, Mr. and Mrs. J. D. Young; another from Comrade and Mrs. Hawkins; a wreath from Comrade and Mrs. Sherratt; a lovely sheaf of flowers from Major and Mrs. Sampson, and others from Mr. and Mrs. MacVicar, Mr. and Mrs. Edmunds and family and Miss Ritchie, Mr. and Mrs. J. H. Kennedy, and a very fine wreath from the entertainment committee.

The basket was borne to its final resting place by Comrades Fred Hawkins, W. E. Turley, G. H. Walker, R. J. Roberts, J. C. O'Connor and M. E. Starnes.

The gun carriage and the military band were both supplied by the Artillery Brigade and the C.O.R. now at the Exhibition Camp.

**HAS BROKEN LEG.**  
William J. Fletcher, 43 Pape avenue, was removed to St. Michael's hospital yesterday afternoon with a broken leg. According to the police he was engaged in knocking down a man from the roof of 58 York street, where he was employed, when he slipped and fell a distance of 20 feet. He was removed to the hospital in the police ambulance.

**SEEKING ACCOMMODATION.**  
The problem of accommodation for the returning convalescing soldiers is daily becoming more acute. A conference was held on Saturday between Surgeon-General J. T. Petherington and Surgeon-General Egerton S. Ryerson, and the authorities of Toronto district regarding the different buildings in the city that would be able to rent for immediate use, pending the erection of a hospital in High Park. It is expected that the board of directors will be asked for the loan of the Park school for hospital purposes.

**WANTED IN WELLAND.**  
Acting on instructions received from the chief of police of Welland, Ontario, Detective Stewart, of Claremont street station, arrested Noel Taskoski of that town on West King street yesterday on a charge of fraud. According to the police of that division Taskoski had just arrived from Welland where he is wanted for extensive fraud. He will be held pending the arrival of an officer from that town.

**READING IS LESS.**  
Four thousand less books were taken out of the Toronto Public Libraries during February 1918, than during February, 1917. This was due to the heatless days, the librarian said at the board of management yesterday.

**STRUCK BY PULLEY.**  
While working in a manhole at the corner of John and Front streets Saturday morning about 8.30, Belpour De-capero, of 223 Bellevue avenue, an Italian, was struck on the head by a pulley when a hole on which he was working broke. He was taken to the General Hospital in the police ambulance, where it was found that his injuries were of such a description as to necessitate him being detained.

**FORMER DIPLOMAT DEAD.**  
Boston, March 9.—George Von L. Meyer, former cabinet member and diplomat, died at his home here last night after an illness of several weeks.

## WAR HAS TAUGHT MEANING OF SACRIFICE

Rev. Dr. Ribourg Preaches Sermon on  
"Christ the Sufferer."

"These are times which try men's souls," declared Rev. A. E. Ribourg, preaching at St. Alban's Cathedral last evening on "Christ the Sufferer," when he showed that Jesus by His sufferings unflinchingly endured, taught mankind that the hardships and sorrows of life courageously endured were a throne unto which all were born by virtue of being heirs of God. "The uncertainty of the future," he said, "and the removal of certain old landmarks bring perplexity to many. The foundations of civilized society, which seemed so sound a few years ago, give now no support. The power which we maintained, the text, 'Except a man renounce all that he hath he cannot be my disciple,' was almost incomprehensible by the young manhood of the country, who had been asked to give up home and friends, comforts and prospects, and who went without reservation, and showed what should be the attitude of every true man facing the great issues of life."

## FATALITIES DUE TO MONOXIDE GAS

Says Expert Chemist, But Gas  
Company Denies the  
Report.

**TWENTY-THREE CASES**

Mother and Babe Were  
Slowly Being Poisoned  
to Death.

Speaking to a reporter for The World a few days ago a man who has studied analytical chemistry for fourteen years attributed the large number of cases of gas-poisoning in the city of late to the excess of CO. carbon monoxide in the illuminating gas supplied by the Consumers' Gas Company. Twenty-three people have died from gas-poisoning during the first two months of the year.

"Carbon monoxide, while one of the deadliest gases known, is not perceptible to the sense of smell," said the chemist, "and it is for this reason that it is so dangerous. It is in the air, and it is slowly poisoning the people in the city without knowing it."

A case was mentioned of a house where a mother and her baby were poisoned to death before the family physician discovered what the trouble was.

Asked how there could be an excess of carbon monoxide in the gas, the chemist explained that it might have been caused by insufficient heating of the gas, or by the use of the "retorts." "If the gas burner gives out a clear blue flame there is no danger," he said.

Mr. A. H. Hewitt, manager of the Gas Company, did not put much credence in the theory that the gas being supplied today contains more CO. than formerly. "There is not a solitary death due to illuminating gas where the person could not have died from any kind of illuminating gas," is his statement.

**DEATH OF J. M. MUNYON.**  
West Palm Beach, Fla., March 10.—J. M. Munyon, a medicine manufacturer of Philadelphia, died today at a Palm Beach hotel. Heart failure was said to have been the cause.

**BUSINESS MEN NEED  
PERSONAL DISCUSSION**  
G. A. Warburton Speaks at Bloor  
Street Presbyterian Church on  
Business Men's Religion.

G. A. Warburton, general secretary of the Y.M.C.A., addressed a large congregation at Bloor Street Presbyterian Church last night on "What Business Men Think of Religion." Warburton said that he had sent out 150 questionnaires recently to leading business men of Canada and the United States regarding religious questions, with a view to obtaining their views on them. That only 50 replies had been received, he said, was a disappointment. He said that he was glad to discuss them personally. This showed an interest in them at any rate, probably more so than if the men had answered the circular.

Not one but answered that God had a distinct relation to the events of human life. The majority felt that their faith had been increased by the war, for they felt their dependence on Him more than ever. The hand of God was manifestly present in the reforms. This was the opinion expressed by many others. Men gave up their lives, probably from motives of public duty rather than any idea of Christianity, but unconsciously the Christian faith was there.

"Talk it over with your fellow business men," said Mr. Warburton. "See if you cannot get him into closer touch with Christ in his daily life and business. Big questions should have big Christian answers to meet them. There is no other source of strength like that of Christ."

**RIGHT WILL CONQUER**  
Rev. Archdeacon Cody Says It Has  
Always Been So in the World.  
Comparing the condition of world affairs today to the time when the early Christian church was struggling against the mighty Roman Empire and the monster Emperor Domitian, Rev. Archdeacon Cody, in the fourth of a series of sermons on the Book of Revelations at St. Paul's last night, said: "Never in the world's history has right triumphed over right, no matter how weak and feeble the forces fighting for the right. The Roman Empire and the cruel Domitian have long since passed away, but the Christian church is still supreme. Wilhelm the second, the all highest of Germany, cannot hope to conquer over right, because there is a power that is stronger than the power even of the British Empire, and infinitely stronger than the power of the demon Prussia."

**TORONTO MILITIA

**MAY APPEAL DECISION**  
Justice Weir's Finding is Not  
Likely to Go Un-  
challenged.

In Toronto military circles the general opinion regarding the decision of Justice Weir in the case of Laurent Major, the Montreal baker, whose claim of exemption from compulsory military service was upheld because he had been in the 65th Regiment, an active militia unit, is that the decision will be appealed to Ottawa by the Montreal military authorities. Some say they think the decision of the Montreal judge will be reversed. Regret is expressed at the brief telling of Justice Weir's ruling. On account of this lack of complete information, doubt is raised by the Toronto military men as to whether Justice Duff of Ottawa would be the one to render the final decision in the matter or if the department of justice would deal with the case. The military men point out that as far as the Toronto military district goes, even if the decision were upheld active service militiamen of three years' training are exempt from the new ruling which has practically no effect, because the militia regiment members who were in physical category "A" are all now on overseas expeditionary force.

Transferred to Quebec.  
Sixty-one members of the Central Ontario Regiment, Exhibition Camp, and 29 members of the Central Ontario Regiment, Hamilton, have been transferred to the overseas infantry regiment stationed at Quebec. All the men transferred are French-Canadians.

It is reported that another draft of men who come within class one of the Military Service Act is to be called to the colors in Toronto district on March 18.

Of 40 recruits examined Saturday at the Toronto mobilization centre, 28 were accepted, as follows: Central Ontario Regiment, 14; Artillery Brigade, 8; Railway Corps, 4; Royal Canadian Dragoons, Medical Corps, Base Hospital staff, each one; Welland Guards, two.

## MOTHER WITNESSES DAUGHTER'S DEATH

Mount Dennis Girl Killed by  
Freight Train Near  
Her Home.

**TAKING SHORT CUT**

Young Woman Was to Have  
Been Married Next  
Month.

While her mother, who had come out on the back porch to bid her good-bye, looked on powerless to help, Carmela Montgomery, eldest daughter of William R. Montgomery of Mount Dennis, was fatally injured by an east-bound passenger train at the C.P.R. crossing in that town on Saturday morning.

Miss Montgomery and her younger sister, Blanche, were employed at the Canadian Kodak Company's plant near their home. They usually went to work along the road. Yesterday morning, however, they were a few minutes late and decided to take a short cut along the C.P.R. tracks. Miss Montgomery had just stepped on the C.P.R. tracks when the fatality occurred, her mother witnessing it from the porch a few yards away.

The girl was 20 years of age and was to have been married in April to Stephen Mowry of Collingwood. The body was taken to Spens' undertaking parlour, where the inquest was opened in the afternoon.

**PAYS HEAVY FINE.**

## SERVICES TYPICAL OF CANADA'S WORK

Sir George Perley Receives Mur-  
chison Medal on Behalf of  
J. B. Tyrrell.

**SERVICES RECOGNIZED**  
Efforts Which Earned It Are of  
Great Value to Geological  
Science.

The Murchison medal, presented by the Geological Society of London, England, for geological research work, has been awarded to J. B. Tyrrell, mining engineer, of Toronto. The medal was presented by the president of the society at the annual meeting held in London, Eng., last month, who paid a fitting tribute to the work accomplished by Mr. Tyrrell, when he stated that the medal had been presented in recognition of the value of the services of Mr. Tyrrell to geological science. "Those services may stand as typical of Canada's contribution to geology," he said. He pointed out that for more than 20 years Mr. Tyrrell had been engaged in exploring wide tracts of the little known lands of northern Canada, and by his efforts, besides adding largely to geological knowledge, he had done much to make known the results of earlier explorers in the north. "While helping materially to develop the mineral resources of the Dominion, he has at the same time gathered much valuable information touching the geology of the region," added the president.

Sir George Perley, president of the Geological Society of London, England, who presented the medal to Mr. Tyrrell, high commissioner for Canada, who, in returning thanks, stated he knew Mr. Tyrrell personally, and as representing Canada, he was proud to receive the medal on account of the Dominion as well as on account of Mr. Tyrrell. He said that it seemed particularly appropriate at this time that this honor should be given by that old and important society to a Canadian, and he appreciated it greatly. "I am sure that in our Dominion we are proud of our geological survey," said Sir George. "We have a large country with great undeveloped mineral resources, which the geological survey has done a great deal to help discover and utilize. Fortunately Canada has been able to assist more than could have been expected in providing minerals and metals during the war. We have not only supplied large quantities of nickel, but we have developed our copper, lead and zinc industries to a very considerable extent. Even so I feel that our mineral and metal products will be greatly increased in the future, and we believe that our resources in that direction have been hardly scratched. I accept this medal on behalf of Mr. Tyrrell with grateful thanks, and it will give me much pleasure to forward it to him."

**You can now  
get all my  
medicines at  
the Drug Store**

**AFTER** the publication of his Receipt Book Dr. Chase found himself overwhelmed with the demand for his services and his medicines. Not only did patients come from many miles to throng his office, but the mails were filled with letters ordering medicines.

Rather than disappoint his patients and admirers, and always anxious to relieve suffering, the doctor decided to give to the people the great prescriptions which had been so thoroughly tested and so remarkably successful in his private practice.

And so it came that Dr. Chase's Medicines were placed on public sale at nominal prices. To-day you can scarcely find a drug store that is not stocked with a full line of these medicines, and that home is the exception where there is not one or more of them in use.

Like most articles of exceptional merit and large sales Dr. Chase's Medicines are widely imitated, and imitations are frequently offered in their place. On this account it is very important that you should see the portrait and signature of A. W. Chase, M.D., the famous Receipt Book author, on the box you buy. They are printed on every box for your protection, and imitators do not dare to use them.

**Dr. A. W. Chase's Kidney-Liver Pills, one pill a dose, 25 cents a box, 5 boxes for \$1.00.**  
**Dr. A. W. Chase's Nerve Food (Pills), 50 cents a box, 6 boxes for \$2.75.**  
**Dr. A. W. Chase's Ointment, 60 cents a box.**  
**Dr. A. W. Chase's Catarrh Powder, 25 cents a box, blower free, 5 boxes for \$1.00.**  
**Dr. A. W. Chase's Syrup of Linseed and Turpentine, 25 cents a bottle. Family size, three times as much, 60 cents.**
