# RALLY AT CHICAGO IN CORN AND OATS

## Reduction in Visible Supply and Reported Car Shortage Cause Flurry.

Chicago, July 15.—Assertions that the number of cars in many sections was not great, had a bulish effect today on corn, and so too did a good-sized reduction of the visible supply total. The finish was unsettled, 2 3-8 to 3 1-8c. net higher, with August 163 1-2 to 163 5-8, and Sept. 163 1-4 to 163 1-2. Oats gained 5-8c. to 1 3-4c. Provisions closed unchanged to 30c higher.

Upturns in the value of corn followed an early decline due to favorable weather and big receipts. It soon became apparent, however, that the market was in a heavily oversold condition. Aggressive buying on the part of strong commission houses ensued, and during the last half of the session bears were fighting among themselves to get grain back. Under such circumstances, the fact that the visible supply showed a decrease of 683,000 bushels for the week gave strength to the bulls, especially as gossip of some tightening of the car situation was current. Crop reports were auspicious, but failed to act as an offset. Oats paralleled the action of corn. Exporters were asking for offers, and it was said that 500,000 bushels was loaded here today for Georgian Bay.

Strength of hogs and grain imparted firmness to provisions. Besides, weekly reports were much larger than a year ago.

# LIVE STOCK MARKET

With 2500 cattle on the Union Stock Market yesterday there were not very many really good cattle on sale, and the quality generally was very medium. There was a steady demand for choice butcher cattle and loads of steers with weight and quality. There was a fair inquiry for butcher cows, and canners at about steady prices. The bull trade was slow, with no really good to choice bulls on sale.

There was a good demand for springers and good ones are wanted, but fresh milch cows are slow of sale.

There was a fair inquiry for breedy stockers and feeders, and the prospects all round look pretty good for the balance of the week at steady prices.

The market is flooded with very medium to ordinary cattle and taking everything into consideration, while trade was slow there was a pretty good clean-up, one of the best in a long time. A good many loads of cattle went direct to Buffalo, but judging by the reports the prices there, especially for the medium quality cattle, shows little advantage over the local market.

The market for calves was steady, but the tendency is toward lower prices. Sheep sold steady with last week, but spring lambs are off fully 50c to 75c, quality considered.

The hog market held steady at 18¼c fed and watered, 17½c f.o.b. and 18½c weighed off.

### Special Market Notes.

A feature of the market yesterday was the sale by the Corbett, Hall, Coughlin Co. of 20 steers, averaging in weight 1250, and which sold for $15 per cent, the top of the market. They were a very fine bunch, and shipped in by John Simonton of Chatham.

The Corbett, Hall, Coughlin Co. sold another load, a load of butchers, weighing 1150 lbs., which brought $14 per cwt. They were consigned in by C. F. Jackson of Port Stanley and the buyers were well pleased with them.

Another chroice load was that sold by J. B. Shields & Son, 21 in the lot, weighing 25,970 lbs., at $14.75 per cwt., an extra good price.

J. B. Shields & Son sold 22 others, 24,990 lbs., at $14.65; another load of 24, 29,130 lbs., at $14.40, and 4 others at $14.
