Choice butchers are selling well and at steady prices, but it is a long time since we had such a run of light, common cattle, indifferently finished, and for which there is no ently finished, and for which there is no apparent outlet, except at lower levels. The common stuff must have declined at least from 50c to 75c during the week. The outlook is for steady receipts of common, light cattle, tho as the prices are getting down around about where the packers are taking them to kill, this will do much to establish a steady market for them.

The sheep and lambs, with a run of about 650, were steady and practically unchanged.

WHEAT HIGHER IN WINNIPEG MARKET

October Delivery Advances Five Cents, and December Nearly as Much.

Winnipeg, July 24.—Wheat prices took a jump today for the first time since the unrestricted trading in the futures began. Due principally to the lack of offerings and the strength of the Argentine markets, a rise of 5½c was recorded during today's session in October wheat. December delivery closed at a rise of 4½c. The first bid of the day recorded an advance of 2½c alone. Flax also struck a new high record, advancing lie during the session.

Wheat closed 5½c higher for October and 4½c up for December. Oats closed 1½c higher for July and 5½c higher for October and December. Barley closed 2½c higher for July, 3½c higher for October and 3 higher for December. Flax closed 11c higher for both months.

boints to 97, while Atlas at 2 and Kirkland Lake at 35 showed losses of a point each. Hollinger at \$6.55, Mc. Intyre at \$1.78, Wasapika at \$1, Dome Extemsion at 31½ and Teck-Hughes at 21 were unchanged.

It can be seen that no apprehension is felt that the strike ever will spread to the Porcupine camp, and in this connection a wire from Timmins to a local broker yesterday said: "As a result of the migers' strike in the Cobalt camp it will absolutely have no effect on the situation in the Porcupine camp as I learn from good authority that there can be no sympathy strike on the part of miners of the different camps. As a matter of fact a big influx of good miners will, no doubt, drift into Porcupine and make up the present shortage of men which are now closed down, such as V. N. T., Schumacher, Success, West Dome and thers. Cobalt's strike may hasten Porcupine's boom."

THINK MERGER WOULD HELP BOTH COMPANIES

Porcupine Crown and Thompson Krist Situation Discussed in Porcupine.

A special wire from Timmins to Hamilton B. Wills cays; the procupine Crown and Thompson Krist is receiving a great deal of discussion in the Porcupine Camp. There is considerable Thompson-Krist stock held here at much higher prices than the present market. It is the opinion here that the deal outlined by the Porcupine Crown would be a good one for both companies, and that if the Thompson-Krist shareholders knew the exact conditions of their property and a vote was taken the majority would be in favor of the merger. As to conditions of their property and a vote was taken the majority would be in favor of the merger. As the conditions of their property and a vote was taken the majority would be in favor of the merger. As the conditions of

son-Krist shareholders knew the exact conditions of their property and a vote was taken the majority would be in favor of the merger. As Thompson-Krist stands now, they have no plant and a shaft which is only down 100 feet and all their development work has to be done thru the V N T property and they only down 100 feet and all their development work has to be done thru the V. N. T. property and they have to pay the latter company for such work as well as partially developing V. N. T. property. In the case of a merger, the Thompjon-Krist shareholders would be interested in a fully equipped company and one which has sufficient finances to fully develop their property.

TO RESUME WORK SOON ON ANKERITE PROPERTY

It is expected that operations will soon be resumed on the Ankerite mine in the township of Deloro. The Coniagas mines of Cobalt spent a considerable amount of money on this property, but eventually abandoned it for the considerable amount of money on this property, but eventually abandoned it for the considerable amount of money on this property, but eventually abandoned it for the considerable amount of money on this property, but eventually abandoned it for the considerable amount of money on this property, but eventually abandoned it for the considerable amount of money on this property, but eventually abandoned it for the considerable amount of money on this property, but eventually abandoned it for the considerable amount of money on this property, but eventually abandoned it for the considerable amount of money on this property, but eventually abandoned it for the considerable amount of money on this property, but eventually abandoned it for the considerable amount of money on this property.

London, July 24.—A free market for gold produced by mining companies in the Transvaal is re-established by an agreement signed today by the Bank of England and representatives of South African gold mining companies. The action removes restrictions on the export of gold that prevailed during the war. The agreement, it is understood, has the sanction of the Imperial South African government.

The Standard Stock and Mining exchange will be closed tomorrow.
