ENCOURAGE FALL FAIRS OF BENEFIT TO FARMERS

Agricultural Estimates Under Review by Legislature—New Bills Introduced.

Progress was made with the agricultural estimates in the legislature yesterday. The opposition asked for a good deal of information about various expenditures, but did not object to any particular item.

Mr. Pratt—To amend the Local Courts Act. Mr. Bowman—To incorporate the Port Egan Spur Line Railway.

Mr. Smyth (Algoma)—To incorporate the Current River Power Co. Mr. Preston (Durham)—Respecting the Town of Pictou.

Mr. Carcaillon (Hamilton)—Respecting the Hamilton, Caledonia and Lake Erie Railway Co.

Mr. Elber—Respecting the Birbeck Loan Co. Mr. Downey—Respecting the London City Gas Co.

Mr. Currie—Respecting the First Medical Officers of the Ontario and Erie Railway Co. Mr. Fisher—Respecting the Brantford and Erie Railway Co.

Mr. Carcaillon (Hamilton)—To amend the Municipal Act. Mr. Devitt—To amend by-law 618 of the Town of Bowmanville.

Mr. Lennox—To incorporate the Toronto and North Eastern Railway Co. Mr. Lennox—Respecting the Ontario and Saskatchewan Land Corporation, Limited.

Mr. Carcaillon's amendment to the Municipal Act requires that in addition to the publication required in the case of a by-law authorizing the issue of debentures, the estimates of the proposed expenditures shall be given, except where the issue covers extensions of gas, electric light or waterworks.

Mr. McNaught's railway bill is to revive an old charter owned by Toronto men in which work has been commenced, but not completed. The bill asks an extension of time, it has no bonus and asks none.

Mr. Lennox (North York) has given notice in the House of Commons to introduce a bill to amend the law relating to the taxation of non-resident commercial travelers...

ed that a course in the technique of canning processes be tacked on to the curriculum. He referred to instances where canning factories had lost entire outputs thru bacteriological mistakes in the process. He objected to there being no responsible conservatives used, which might be injurious to public health, and of the water used in canning vegetables.

Mr. Hargrove looked up Major Craig's plan on the engaging of outside lecturers. The premier replied that Mr. Hargrove was in no proper position to criticize, he being responsible for the statute allowing United States citizens to come to Canada and vote. In this case it merely meant engaging lecturers for three months' work.

Another Critic. The example of criticism from the government side set by Major Craig was followed by Donald Sutherland, who passed some severe strictures upon the college reports, which were inclined to discourage the farmer from fattening that stock could be fattened at a profit.

Generally the speaker's remarks conveyed the meaning that the college was not making progress. He believed that if the government were to give a license, considerably better results could be obtained, referring especially to the production of milk. The reports, as they were, were not the practical farmer was getting the best of it. The result of the last two years were discouraging to the speaker.

The time of holding municipal elections was considered by the municipal committee. Mr. Thompson of Simcoe has a bill giving municipal councils the option of holding the elections every two years. City Solicitor Chisholm of Toronto supported the bill. It was argued that this method would be less expensive, would give a better selection and not disturb business. Toronto's civic elections cost \$15,000 annually. The bill was allowed to stand on the suggestion of Hon. Mr. Hann.

Mr. Pratt's bill to remove the burden of maintaining toll roads from the County of Huron and placing it on the township interests was read. The committee will meet hereafter on Wednesday and Friday only.

The standing orders committee has granted a further extension of time for the reception of amendments. Petitions must be presented by the 22nd, and the bills will have to be in by the 29th.

In the private bills committee the Huron and Erie Loan and Savings Co., which has merged with the Canadian Savings and Loan Co., asked for leave to issue \$500,000 new stock. The bill was reported.

City Solicitor Meredith of London appeared on behalf of the city's debtors consolidation bill. It was reported.

Huron College asked for a change in the method of electing directors. The council will consist of 15 members, the South African was had a majority and half to consist of members of the present council.

Jackson Wagon Co. Wants to Locate—After New Phone System. Galt, March 15.—(Special.)—This afternoon representatives of the Jackson Wagon Co. of St. George, met the town council and board of trade to arrange terms of a proposal under which it contemplates removing to Galt. A loan of \$15,000 for building and sites wanted its own \$50,000. Of this only \$15,000 of stock locally subscribed in addition to its own \$30,000. Of this only \$12,000 has been secured. After considerable discussion the matter of obtaining line credit, \$50,000 on capital stock, was left with the company and banks to settle.

President Fryer of the board of trade wrote to-night to the Bell Telephone Co., Montreal, requesting the installation of a central energy system. He pointed out that the number of telephones to population than any other town or city in western Ontario, and its great importance as an industrial center.

Mr. McCole interjected the San Jose scale into the discussion. There is an item of \$4000 for spraying, and he questioned if this would be ample for the purpose.

Mr. Monteith said during the year he had looked into the matter and the government had supplied spraying material to farmers at cost price, and sent men to instruct the farmers in its use. This year it was not considered necessary to continue this, as the farmers had the knowledge required.

Dr. Jessop, who is the member for the fruit section, afflicted by the San Jose scale, said \$4000 was a very small sum to be devoted to the eradication of this pest.

An item of \$500 for the Sugar Beet Association was cut out because it did not benefit the farmers, explained the minister of agriculture.

In the passing of the Ontario Agricultural College estimates, Mr. Craig caused a mild flutter by rising from the government benches to complain that Hon. Mr. Monteith had acted unwisely in not including in the estimates a good Canadian in doing so. He mentioned a candidate as highly qualified and superior to either of the two men selected.

The speaker also objected to the system of perquisites being retained in the department. Mr. Monteith did not reply to the first charge. He defended perquisites to A. C. official visitors from all over the world had to be entertained, and he would recommend that perquisites be strictly adhered to.

Get My Free Book—Rheumatism. It tells about Rheumatism, about the causes, the way to live to avoid and free the system of rheumatic poisons—even in desperate cases—with DR. SHOOP'S RHEUMATIC TABLETS. OBITUARY. Mrs. James Carron. Brockville, March 15.—(Special.)—Mrs. J. Carron, mother of Dr. Carron, died suddenly here to-day from a stroke of apoplexy, following an embolism of the heart. She was one of Brockville's oldest born residents, having lived here 70 years. Two sons survived her.

Another 1866 veteran has passed away in the person of James W. Spanton, a turnkey at Toronto jail. He was born at Yarmouth, England, in 1842, and was at one time sergeant in the 17th Lancers, and later was attached to the second battalion of the Bengal Fusiliers, serving in this country in the suppression of the Fenian raid. He afterwards became a guard in the central prison, but left there fifteen years ago to become guard at Toronto jail. He was at one time drill instructor of the 12th Regiment, and was an old charter member of the Sons of England (Manchester Lodge), and also attached to the Verbal L.O.L. 1691, of which he was past master. He was also a member of the Black Knight (Solomon 84). He will be buried on Saturday afternoon from his residence, 29 Sward-street.
