WOMAN'S WORLD.

Did it ever strike you as you perused the columns of some of these "side talks with girls," or "answers to correspondents," what a lot of motherly girls there must be in this country?

One does see such utterly absurd questions asked that one is tempted to wonder if the interrogator is really insane or just trying to "take a rise" out of the editors.

A certain New York paper runs a column of "Advice to Lovers," and here are samples of some of the questions: "Dear Miss So and So, If a young girl meets a man every day on the street and they get to know each other by sight, would he be right for her to speak to him without an introduction?"

"Dear Miss So and So, Is it proper to wear your dressing gown to breakfast in a boarding house?" "Dear Miss So and So, Should you allow a young man you have never met before to kiss you good night?"

Did you ever hear anything so absolutely idiotic in all your life? I confidently expect to see someone ask some day, "Is it correct to eat soup with a knife?" There would be just as much sense in it.

Quite apart from the funny and absurd side of it, this is the pathetic and melancholy aspect of the matter. What in the world are the mothers of this country doing, when their daughters ask these absurd questions of some woman they have never seen and do not know?

There must be something wrong somewhere when your daughter confides her love affairs, silly and stupid as they may be, to some utter stranger rather than to you, the mother who bore her.

If there is one thing that is worth striving for it is the confidence of your daughter. Half the girls who go wrong do so because they have no mother to guide, and it isn't only the girls of the "lower classes" who need the wise and careful guidance of a mother, but much more, the younger girls of the "smart set."

Anglican Women's Auxiliary. A largely attended meeting of the Anglican Women's Auxiliary to Missions was held in Holy Trinity School house yesterday. It was reported that new branches had been organized at Eglar and at St. John's Church, Peterboro. Four new life memberships have been awarded, to Mrs. Wood, St. Simon's and Mrs. March, Church of the Redeemer, Toronto; Mrs. Fair of Millbrook, and Mrs. Baker of Norwood. The treasurer reported receipts for the month of \$696.45. The extra cent-a-day fund, which is being raised for the school at Chapeau, and the remainder to the school building at Lessee Slave Lake, Athabasca. The P. M. C. receipts were \$277.13.

Rev. F. G. Plummer gave the non-day address. Mrs. Forsyth Grant read an interesting paper on "The Mission in New Zealand," and Miss Halson, convener of general diocese work, gave an address on mission work in the west, making special mention of Rev. John Antle of the Columbia Coast Mission.

The president referred in feeling terms to the death of Mrs. Stockton, wife of Canon Stockton of the Blackfoot Mission, who died from injuries sustained in a runaway. Her death will be greatly felt. The convener of the Chinese Mission committee also announced the death, at Cambridge, England, from pneumonia, of a young Chinaman, who went there from Toronto to study for mission work. He left what money he died possessed of for the purchase of Bibles to be distributed among the missions in Canada. A letter from Miss Archer, a missionary at Osaka, Japan, was read, telling of work done among the factory girls there.

The next meeting will be held at St. Luke's on Jan. 3, when the preacher will be Canon Cody.

MCGILL FACES NEW CHARGE SHAREHOLDERS MAKE SLATE

Yesterday's Developments in Ontario Bank Case—Four Candidates for Directorate.

A third charge was laid against ex-Manager McGill of the Ontario Bank yesterday, that of having stolen \$1,150,000. McGill's own surety in \$100 was accepted as bail. The charge is laid to dissipate the objections which have been raised to sending the investigating commission to New York. Crown Attorney Corley thinks that the opposition to the commission indicates that the defence have reason to fear the enquiry. After a brief session the enquiry yesterday was adjourned a week.

"Pretty steep," was McGill's comment in an aside when the charge was read. A. E. Ames was called as a witness and questioned concerning six cheques on the Metropolitan Bank as follows: April 4, 1906, \$3000; April 11, 1906, \$1500; May 18, 1906, \$2000; Sept. 29, 1906, Oct. 10, \$2700; Oct. 10, \$2500. These withdrawals Mr. Ames thought, were from McGill's separate accounts. These cheques various tellers have already testified they cashed for McGill.

To Mr. McGill's admission that with regard to the "C. McGill" account the transactions were almost entirely in Ontario Bank stock. The dealings need not necessarily have been for his own benefit. Some customers might desire to become shareholders of the bank. They might be a little syndicate of directors appointed to handle the stock, there might be a little syndicate of people from the directors to support the stock.

"If Mr. McGill was investing himself, there would be only an occasional purchase; we have here almost weekly dealings," remarked the lawyer. Mr. Ames said his firm had taken an interest in the bank's stock. "If you had a buying order you could frequently get it at the bank?" "Yes, sometimes."

"Had you ever a buying order when you could not get stock?" was asked, and Mr. Ames said he had. A meeting of the shareholders of the Ontario Bank was held yesterday, at which 25 shareholders were present, proxies. All the terms of the committee were reviewed, read over, and approved.

H. J. Bassett, the committee's counsel, was present with a copy of the details of the transfer of the Ontario Bank to the Bank of Montreal. The transfer is a most elaborate document of many typed pages, and in the reading of it, the opinions as to its merits and demerits were given. The committee was reviewed, read over, and approved.

The names of four directors for a new board were chosen and approved of, being Barlow Cumberland, J. C. Wood, H. C. Hammond and E. R. Wood. These gentlemen are empowered and instructed to choose a fifth candidate for the directorate before the official shareholders' meeting on Dec. 11.

A hearty vote of thanks was passed to Cephas Goode and Mr. Cumberland for the active part taken in the interests of the shareholders.

HEART TROUBLE LIKE A SHIP-BOULET CURED

In the rush, hurry and worry of modern times, we overwork the heart. Is it any wonder then that there comes a breakdown of this wonderful little engine, when such a continued strain is placed upon it day after day. There are many forms of heart trouble and the slightest derangement of this important organ is extremely dangerous. To strengthen the weak heart it is necessary to use a remedy that will act upon the heart tissue, restore and revitalize it and at the same time, tone up and invigorate the nervous system, we have such a combination in MILBURN'S HEART AND NERVE PILLS.

Mrs. Ella Dingman, Morganston, Ont., writes of her experience with them: "It is with the greatest of pleasure that I recommend Milburn's Heart and Nerve Pills. I was troubled for a long time with my heart; I had weak and dizzy spells, could not rest at night, and I would have to sit up in bed the greater part of some nights, and this was absolutely impossible for me to do on my left side. At last I got a box of Milburn's Heart and Nerve Pills and they did me so much good I got another box and they effected a complete cure. I have not been troubled with my heart since."

Price 50 cents per box or 3 boxes for \$1.25 all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

FAMINE IN SMALL BILLS.

Secretary of Treasury Issues an Appeal to All Banks.

Washington, Dec. 6.—The secretary of the treasury to-day issued the following letter to all banking institutions of the United States: "A very marked scarcity of small bills is noticeable everywhere, and the treasury is powerless to relieve. The absence of legislation allowing the national banks to issue a larger proportion of the circulation in denomination of five dollars the banks believe they themselves must be relied upon to alleviate the strain as far as possible."

"There is in circulation nearly fifteen million dollars in silver certificates of the denomination of ten dollars. Many of these are doubtless packed away in the vaults of various banking institutions and held as reserves. Formerly we respectfully asked that each institution, state and national, search the money in its vaults and send these ten dollar certificates to the treasury. This country made the very great relief of the country. It is the only remedy."

"The complaint of condition until it has literally searched its own vaults and contributed as far as possible to the relief of the situation. The house committee on banking and currency will hold hearings on elastic currency beginning Dec. 11."

CAUTIONS TRIAL.

Merchant Tailors of Pembroke Adopted the New Tailoring System.

From Ottawa Citizen. "We won't take the experience of any merchant tailor; we'll try it ourselves," said Messrs. Waters & Bodell of Pembroke. They are both experienced designers and have for many years been merchant tailors in Renfrew County. The rich lumber country made famous by Ralph Connor.

This was a year ago. A few weeks ago Waters & Bodell announced that after a careful trial they had decided to adopt the Semi-ready tailoring in its entirety. Their fall stock is complete and full, and their own experience has shown that the fit and finish of Semi-ready tailoring is better and more economical at a much lower price, for the custom tailor has to pay for the manufacturer's agent and the wholesale jobber.

POPE COMPARES CHURCH VICISSITUDES AT SECRET CONSISTORY

His Holiness Refers to Recent Vicissitudes at Secret Consistory—Significant Features.

Rome, Dec. 6.—At the secret consistory held to-day in place of the public consistory previously planned, Cardinal Samassa, archbishop of St. Rigona, Hungary, who was present, although still suffering from illness, received the red hat. The pontiff preconized eighty-four bishops, including Most Rev. R. V. Newburn, as Archbishop of Toronto; Right Rev. J. March, as Bishop of Harbor Grace; Most Rev. E. J. McCarty as Archbishop of Halifax; and Right Rev. W. McDonald, Bishop of Alexandria, Canada.

The most significant appointments were those of the new French bishops, which were made without any opposition on the part of the French government.

The Pope, in his allocution, said that every day the increasingly sad storm of vicissitudes is beating down on the church, involving great misery. The pontiff said that the wind and rain, the church can be compared to a ship buffeted by the waves in the midst of the ocean, but our faith does not vacillate in the least. Indeed, we are more than ever sustained by our belief in the efficacious assistance of Christ, who, when the time to succor us comes, will rise and command the wind and sea to go down so that the perfect tranquillity so much desired will be on us."

It was late when Cardinal Samassa decided, at the weak, to make an effort to reach the Vatican. When he appeared the Pope at once bestowed the red hat, shortening the ceremony as much as possible. The Pope, after giving him the cardinal's ring, caused the suffering prelate to be conducted to the papal apartments for rest.

It was asserted after the ceremony that Cardinal Samassa's illness was merely a pretext to avoid holding a public consistory to-day. The real reason for it, was reported to be the Vatican authorities feared an attempt might be made on the life of the Pope, as several thousand people are allowed to be in attendance at a consistory. This apprehension, it was further stated, was the result of the bomb outrage in St. Peter's Nov. 18, and also of the threatening letters recently addressed to the Pope.

ROOSEVELT'S GOLDEN RULE.

Do Unfit Foreigners in U.S. as They Should Treat Americans Abroad.

Paris, Dec. 6.—All the French newspapers to-day published editorials on President Roosevelt's message to congress upon the Japanese situation. The newspapers' expressed opinions can be summed up in the words of The Petite République as follows: "It constitutes a lesson in international politics and shows that in order for a nation to have the right to insist on the proper treatment of its own subjects abroad, it is necessary to begin according similar treatment to foreigners at home. The president has spoken with courage, regardless of popularity. He has shown his duty as a man and chief of the state."

DEPUTIES INSULT BONI.

Half Leave Chamber When Count Gives Talk on Morocco.

Paris, Dec. 6.—A remarkable scene followed the interpellation of the government on the Moroccan question in the chamber of deputies to-day, by M. Jaures, the Socialist leader. Count Boni de Castellane unexpectedly ascended the tribune, whereupon half the deputies abruptly left the chamber, airily arguing that France was continuing the policy of ex-Foreign Minister Delcasse, which aimed at the conquest of Morocco.

The chamber finally adopted a vote of confidence in the government by 437 against 66 noses, after which the Alecciras committee ratified unanimously.

SOLOMON'S RUSH HOUR REMEDY.

Let us suppose that some newspaper should secure a measure from Solomon, the Wise Man, on the subject of the "rush hour," as follows: "SHOP EARLY. GO HOME BEFORE FIVE."

Let us further suppose that twenty thousand nice, attractive girls should read the line, "Who would be mean? Why, such of the nice, sweet, attractive girls would take it for granted that 19,000 would hearken to Solomon, and accordingly, she, with her mother and aunts, would risk it in the 430 to 5.30 rush. There, of course, she would meet the other 19,000—many of them in the same car."

ALL ARE SATISFIED.

Paris, Dec. 6.—The French foreign office has been advised that not one of the signatories of the Alecciras convention, to which the recent French-Spanish agreement regarding Morocco was presented raised any objection to the terms of the new understanding.

TOKIO ENDORSES ROOSEVELT.

Tokyo, Dec. 6.—Most of the papers here highly endorse President Roosevelt's attitude toward the Japanese as expressed in his message.
