190 Yongs STREET, May 22, The Things You Want!

It's enough to know in advance that we've anticipated very possible need for the Queen's Birthday. You should know, too, that prices are low enough to give you a chance to economise. Almost anybody can use a few extra dollars to advantage on a holiday, and nobody will want to pay more than they can possibly help for such things as

-Outing Suits -Yachting Caps -Light Wraps
-Hand Satchels -Trunks -Bicycle Suits

-Golf Hose -Bicycle Shoes -Picnic Baskets " -Straw Hats -Fishing Tackle -Men's Pants

Everything you want for the races as well, and prompt service no matter how big the crowds. To-day and to-morrow will be busy enough as a matter of course, but we're prepared for all the business there is and have taken pains to deserve it.

Ready With Clothing!

A good many men will make up their minds the last minute that they ant a new suit. Too late to go to the tailor and too bothersome anyway. The easiest way is to slip into something ready-made, providing you can find the right sort. The fact that we have tailor-made clothing in all sizes ready-to-wear is bringing us a mint of trade. Styles are different from the common humdrum orts, both in Clothing and Furnishings. And so are these prices:-

THE SITUATION IN EAST TORONTO. The main issue in the present general election is really being fought out eral election is really being fought out among the Conservatives. In regard to the Manitoba school question the Liberal party has taken no decided stand, and the people of Canada are not looking to them or depending upon their assistance in settling the problem. On the Manitoba school issue the Conservatives are squarely divided. On the one side we have a section, led by the Premier, in favor of Remedial Legislation. On the other side, we have the anti-Remedial Conservatives, led by Hon. Clarke Wallace. The Liberals have done nothing but hedge on the question. Mr. Laurier will not state positively whether he is in favor of, or opposed to, Remedial Legislation. The public have taken him at his own estimate, and he is not being seriously considered in this contest. It is, as we have already said, the Conservatives who will settle the Manitoba school question. The contest in East Toronto is really a reflex of the whole political situation. The issue is to be presented in that constituency in the very shape the people desire to have it presented. It is a straight issue of for and against Remedial Legislation, The contest in East Toronatory is really a reflex of the whole political situation. The issue is to be presented. It is a straight issue of for and against Remedial Legislation, The corrections of that town, the murderer Lapointe and the citizens of that town, receiving thereby an almost fatal wound. Mr. A. Brown presented the Sanford gold medal for 1896.

To Constable James L. Tidsberry, for bravery in capturing the three was also presented a silver medal was also presented a silver medal. In regard shape the people desire to have it presented. It is a straight issue of for and against Remedial Legislation. The World has no doubt whatever of the result of the contest in East Toronto, and in the country as a whole. Mr. John Ross Robertson will be elected for East Toronto as an anti-Remedialist Conservative, and the anti-Remedialist will be returned in such numbers throughout the country that Remedialism will be killed in the House of Commons, if an attempt is ever made to resurrect it. As for Mr. Laurier and the Liberals, they are ne-Laurier and the Liberals, they are ne-

"It was most gratifying to me to have so signal an expression of confidence from so many representative fellow-Conservatives, whose faith in the principles of tariff protection, as exemplified for eighteen years past in the National Policy, is my faith."

True, Mr. Robertson is anti-constant.

"The Henrietta" is one of the most amusing comedy dramas that have been seen in Toronto for some time. Mr. Bronson Howard, the author, has shown himself to be a master of satire while having a keen appreciation of the sentimental. The play hits off the society life of Gotham in capital style, and while at times the emotional is strongly appealed to, laughter was almost incessant.

Mr. Stuart Robson is a control of the most and shown himself to be a master of satire while having a keen appreciation of the sentimental. The play hits off the sentimental. Mr. Robertson is anti-coercion. So are Messrs. Wallace, Clarke, Osler, Cockburn and Maclean, who are also candidates for the city and country. The only difference between Mr. Robertson and these that we can see is that Mr. Robertson is not the nominee of the Conservative Convention in East Toronto, while the others are of regular conventions. But none of these five Conservative candidates, who are up in West York, West Toronto, Centre Toronto, East Toronto, East Toronto, East Toronto, East Toronto, East Toronto, East Toronto, and make the convention in the convention is not the nominee of the Conservative candidates, who are up in West York, West Toronto, Centre Toronto, East Toronto, East Toronto, and make the country is of course the central figure, but the company is extent figure, but the construction.
