

# TALK WITH GOLDWIN SMITH

The Professor Regards That Cable Despatch About Him as Bogus—Canada's Fortifications Are a Waste of Money.

"The British authorities know that I am a good Englishman and jealous for the honor of the Empire."  
This was Prof. Goldwin Smith's indignant reply last night, when World reporter handed him a newspaper clipping of a cable from England, stating that the British Admiralty held him responsible for the war scare on the coast of Canada.  
"I regard the cable as bogus," went on the Professor, laying the clipping on the table and scanning it closely with his gold-rimmed glasses. "This time he read it all through."  
"Good gracious! they say I talk rubbish," he laughed. "I didn't think that Bystander's views were over the water."  
The Professor's benevolence was delightful, and showed that not only in his studies the characters of Pitt, Pym and Hamilton.  
"Then you probably did say something in the line the cable credits you with, Professor?"  
The Professor's benevolence was delightful, and showed that not only in his studies the characters of Pitt, Pym and Hamilton.

## COST OF RUNNING NEW YORK.

A Contemplated Increase in Assessable Values—Some Interesting Facts and Figures.  
New York, Nov. 18.—The law requires that the taxes in this city shall be equalized. To accomplish this, \$300,000,000 is being added to the assessable values in the Boroughs of Manhattan and Bronx. Two-thirds of this increase is to be added to the values in Manhattan.  
The first estimate of the expenses of the Greater New York government is \$77,000,000. The total assessed valuation, real and personal property, in Manhattan and Bronx this year is \$2,365,400,372. An increase over last year of \$190,554,516.  
To raise the \$300,000,000, it is proposed to revise and increase the assessable values. Never before was such an increase in assessable value made in this city.  
Strong raised them about \$650,000,000, in spite of a bitter and vigorous protest. This increase was for the purpose of keeping down the tax rate. The same burden fell upon the people, but an apparent decrease in the rate made good general material, and it is said that a similar purpose concealed in it.  
Now, with another \$300,000,000 added to the values, the increased burden placed upon the taxpayers will be about \$6,000,000, an increase in the taxes in one year of \$10,000,000.  
Brooklyn's rate of taxation will be lightened, as that borough, probably through the influence of Lieut. Governor Woodruff, was tenderly dealt by the State's Board. Less than \$10,000,000 was added to its assessable values, about nineteen times less than was added to Manhattan's. These two boroughs are now paying on real property \$37,814,947, and \$9,930,238 on personal property.

## TRADE IN CANADA.

Bradstreet's Review Says We Are in Pretty Good Shape.  
New York, Nov. 18.—Bradstreet's weekly review says: Cooler weather helps trade in Canada, and favorable weather for shipping and shipping grain is reflected in the market. The wheat crop, though at the same time there is a tendency to minimize earlier reports of damage to the wheat crop. The wheat crop, though at the same time there is a tendency to minimize earlier reports of damage to the wheat crop.

## A Whittier Banquet.

Editor World: In this fair province there is one point more than another deserving of being banqueted (if that would imply that it is not done to bolster up a lost cause and cover up misdeeds, but to be a reward for well-doing), that man is J. P. Whitney, leader of the Opposition in the Legislature. To a fair-minded man there can be no comparison of fairness in the methods adopted by the two leaders during and since the last election: the one having no reason, and the other having reasons, by the methods he resorted to; the other fighting a winning battle by fair methods, against a losing battle by unfair methods, against a losing battle by unfair methods, against a losing battle by unfair methods.  
The review says: "The wheat crop, though at the same time there is a tendency to minimize earlier reports of damage to the wheat crop. The wheat crop, though at the same time there is a tendency to minimize earlier reports of damage to the wheat crop."

## Another Arrest Made.

Last night the police succeeded in making another arrest in the case where \$34 was stolen on Thursday from Mrs. Reynolds of 88 O'Hara-avenue. Ethel Willett, one of the girls arrested just after the theft, appeared in the Children's Court yesterday and was sent to the Alexandra Industrial School for 2 years. Her sister Violet was locked up last night charged with complicity in the theft.

## She Wanted to Die.

Mrs. Deborah Spice became very noisy yesterday while the Police Court was in progress. The Magistrate, anxious to quiet her, ordered that she be locked up charged with being drunk. After being placed in the cells Mrs. Spice threatened to commit suicide and a watch was kept on her.

## Act to Religion.

Mr. F. E. Titus lectured last evening in Belknap-street Methodist Church to a meeting over which Rev. J. P. Oakley presided. "The relation of social economy to religion" was his subject, and he argued in favor of making the movement one of religion.

## A Woman There Is.

Thomas A. Nicholson of 37 Adelaide-street was arrested by Detective Black yesterday afternoon. It is said that he wrote letters to Mr. A. G. Delameter challenging him to fight a duel. There is a woman in the case.

## Old Man Burned to Death.

St. John, N. B., Nov. 18.—The house of a man named Fitzpatrick, in the suburbs, was destroyed by fire this morning, and an old man named Paul Kingston burned to death.

## CAR AND WAGON COLLIDED

But No Serious Injury Resulted—Trolley Wrecked—Former Toronto Man Hurt.

Mr. Guy Foster of Chester drove into the city yesterday and was returning by way of Parliament-street at 5 o'clock, when he was run down by a trolley. Counting the track as westbound King-street car No. 450, in charge of Motorman E. Hamilton, struck the rear wheel of his vehicle and threw Foster out on his head. He was carried into Wright's saloon, but aside from a slight bruise to his head, he was not hurt. The wheel was broken and the shaft was demolished, but the horse was uninjured. Mr. Foster after fixing up his shattered wagon was able to proceed to his home.
