I was subject to severe attacks of headache each week, and sickness of the stomach accompanied the same. Since using Munyon's Headache Cure I have not been troubled with an attack. In the case of my little boy the results have been truly remarkable. Through teething the little fellow was completely run down, had lost his appetite and was restless and irritable all the time. THE CITY CHAMPIONSHIP. The third game of the city championship series was played in the Jubilee rink Saturday night, the opposing teams being the Collegiate Institute and the Medical School. There were a goodly number of rooters for both teams on hand, and when the boys made a goal or a good play they were heartily cheered by their supporters. The game was a pretty fast one, but too one-sided to afford much excitement. The institute boys did some fine playing in their first half, and the score at that point stood 3 to 0 in their favor. When time was called in the second half and play began, the meds showed up better, scoring 2 goals to the L. C. I.'s 3, leaving the Collegiate Institute the victors by a score of 6 to 2. Frank Reid made a very satisfactory referee. The teams were:

Annual Report of the Managers Is Submitted.

Raised \$9,44262 During the Year-Reference to the Late Dr. Gardiner -The Church Not Large Enough.

The annual report of the managers of St. Andrew's Presbyterian Church was distributed among the members of the church yesterday. The annual business meeting of the congregation will be held on Wednesday evening, when it will be definitely decided when, how, and to what extent, the edifice will be improved and enlarged. The committee having this matter in charge will report, and it will likely be the subect of much debate. The report states that during the year many applications for pews have had to be refused, owing one name, and on a great many there are three, four, and even five names. This means that all the members of the family cannot come to church at once, and even then the younger members are sent to the gallery. According to the report, the revenue

The report also "With the deepest regret your managers would record the death of the chairman of the improvement committee, Dr. J. H. Gardiner, a man of kindly heart and sterling integrity. He had served on the board for many years with marked ability, and was at all times willing to give time and money to help forward any good cause. His death is a decided loss to the community at large and more especially to St. Andrew's congregation.'

In February an appeal was made to the congregation on behalf of the sufferers by famine in India. The congregation responded nobly, and the very large sum of \$1,400 was contributed, and R.
