

ADMINISTRATION OF PATRIOTIC FUND IS TO CONTINUE ACTIVE UNTIL ALL WORK IS COMPLETE

Still Between 500 and 600 Persons On the Local Lists — London's Fund Overdrawn, But Central Is Probably Large Enough To Do All That Is Necessary.

Machinery for patriotic fund administration will be maintained in the city for probably another year, according to statements made today by the president of the London Patriotic Fund Association, Lieut.-Col. W. M. Spencer.

MORE SERIOUS NOW

Than Ever Before Because of War-Reduced Reserve Strength.

The war has been far-reaching in its effects. It has caused worry and anxiety in every home, and has affected the health of every family. It has aggravated chronic troubles, increased their tenacity, and made all spring ailments more serious.

As a result, a blood-purifying, stomach-toning spring medicine is more necessary this year than ever.

People still take Hood's Sarsaparilla because it is an old family friend, has proved its merit to three generations as a spring and all-the-year-round medicine in purifying the blood, expelling humors, restoring appetite, relieving rheumatism, banishing that tired feeling.

It combines roots, bark, herbs, and berries often prescribed by physicians for spring ailments of the blood, stomach, liver and kidneys. Hood's Pills are a good cathartic.

RAILWAYS PROVIDE FIRST PROBLEM OF TOWN PLANNING

Ottawa Engineer Addresses Canadian Club On the Question.

SUGGESTS ZONE LAYOUT
Urges Wide Streets For Industrial Centre—Keeps Soldiers Near Cities.

"Town Planning" was the subject of an interesting and instructive address delivered yesterday afternoon before the Ottawa Canadian Club by Noulton Cauchon, Ottawa, consulting engineer.

Mr. Cauchon, who was asked to assist in the re-planning of Ottawa and Salonia, is indeed a specialist in his line, and is in the city at the invitation of the Ottawa Chamber of Commerce to find a suitable location for a contemplated industrial zone.

"Town planning is usually accepted as a thing of the future," said the speaker. "But it is actually a thing of the present. It is a thing that is being done in many cities, and it is a thing that is being done in Ottawa."

"The production of a city beautiful," said the speaker, "is a thing that is being done in many cities, and it is a thing that is being done in Ottawa."

"RED" LITERATURE BEING CIRCULATED IN CITY FACTORIES

Men At Work Handed Bolshevik Propaganda by Russian.

Bolshevik literature is being spread among workers in factories, according to reports from men who work in these places. On Friday, in McCleary's factory, two men were standing near one of the machines which they were repairing when a Russian approached them. He said nothing, but handed them a printed paper. The two men read it and then handed it to a third man, who then handed it to a fourth man, who then handed it to a fifth man, who then handed it to a sixth man, who then handed it to a seventh man,
