GEN. LOGIE MAKES HIS LAST APPEAL

Eight Hundred and Forty-One Men Still Needed From Hamilton.

BY-ELECTION SOON

Ex-Ald Garson Will Oppose C. G. Cooper in Ward Three.

HAMILTON, Tuesday, July 4.—Briga-dier-General Logie has issued his last ap-peal for recruits to the local authorities, peal for recruits to the local authorities, and the city must still furnish \$41 fit men as its share of the 500,000 Canadians to be raised for overseas service. While the recruits are coming in slowly, the military authorities are still confident that the necessary quota will be reached. One drawback to recruiting here now is the fact that all units, with the exception of the 205th Battalion, are in camp, and as a result interest has lagged. The local

Three Hamiltonians and one Dundas man appeared in yesterday's casualty list. Pté. Broadoent has been killed in action, while Sergt. McCoy and Corp. William Stokes of this city, and Pte. Herbert Nellthrop are reported to be suffering from wounds.

It was estimated yesterday that the revenue of the government from the war tax levied on the tickets sold at the races last week would total close to \$3500 on the entire meet, in addition to the tax of \$250 a day levied by the Ontario Government.

ment.
Word has been received here that Lt.
John I. Maclaren, the commander of the
19th Battalion, and one of Hamilton's
best-known citizens, will return from the
front to assist in recruiting. Mrs. Maclaren, however, stated that she had not
heard anything regarding the return of
her husband.

Montreal. Not only is the offensive of the British and the French in northern France unchecked, but both forces have registered substantial gains. In British headquarters is quite satisfied with the results of the fightfront south of the Somme, where the French have reached points within these miles of Peronne, their immediate objective. On a three-mile front they gained the Villages of Feuilleres and Assevillers, powerfully fortified centres of the German deefnces. South of these villages they carried the second line of German entrenchments as far as Estrees, and they have pushed forward from that line and taken Buscourt and Flaucourt Villages. Their total progress in this region yesterday exceeds three miles, and they have advanced since Saturday an aggregate of six miles, so that they have covered two-thirds of the distance to Peronne.

Missing—73322, Lance-Corp. Albert Chute, Grand Hapids, Man.; 46059, Jas. W. Fraser, New Glasgow, N.S.; 426190, Reuben G. Gillespie, Garafraxa, Ont.; The French reported more explicitly last night that the British forces had captured La Boiselle, the garrison surrendering, and they are fighting successfully around Ovillers and north of Fricourt. In all, the British have taken 4300 prisoners and the French over 8000, or a total in excess of 12,300. The French have captured seven German batteries, three of which are of large calibre, many machine guns and trench-mortars, and also many batteries in casemates and several others in Herbecourt wood. The British have also captured a great quantity of war material and many guns, but no returns of the spoils have yet been made to headquarters. The French military observers, who, of course, know their country like a book, say that the capture of Mereaucourt woods, effected by the French armies yesterday, has greatly weakened the defence of Peronne. These

allied advance, the Germans first encountered the British army. This accounts for the comparative severeness of the fighting on our front. But the formidability of the British fire is swallowing up the enemy's reinforcements as they come up, and it is permitting the French south of the Somme to press forward with a rapidity that promises a speedy smashing man line. If the French are able to keep up their present gait they should arrive in Peronne tonight or on Wednesday, and the battle will then be-MOUNTED RIFLES.

Died of wounds—107151, John Champion, England.

Walters, England. will soon begin from Saloniki. But mental confusion as to the importance of Saloniki must be avoided. In case of an impasse in the principal theatres of the war Saloniki would prove a moderately good base for a diversion gainst the Austrian flank, but as the allies are proceeding successfully ith their operations in France the role of Saloniki will be a comparatively inor one. Owing to poverty of passable roads the advance of a large force

thru the mountains of the Balkans would be extremely difficult. The invading army would have to be supplied by pack animals and to be provided with great numbers of pack-artillery. The chief use of Saloniki Buckley. Glace Bay, N.S.; 348188. Gundanger from this quarter by erecting a series of huge fortresses along the Danube. Still, an advance into Hungary in the later stages of the war in City, Hampton, N.B.

conjunction with a Russian attack might hasten the end by a month or two. JURY RETURN VERDICT OF ACCIDENTAL DEATH

tacked them Saturday atat dawn west of Platana. The Russians had taken Percy Black Was Killed Instantly When Pinned Under Lumber Load.

After several witnesses were heard last night at the adjourned inquest into the death of Percy Black, who was pinned under a load of lumber at Boake's lumber yard on June 27, the coroner's jury sitting under Dr. W. A. Graham brought in an open verdict of accidental death.

The late Mr. Black was 25 years of age, and lived at 117 Pendrith avenue. He is survived by a widow and two children. While removing the braces of a trestle, supporting several tons of timber, in order that a truck might back under it, knock the trestle away, and take the load of timber, the trestle in some manner slipped, allowing the load to fall on Black, killing him instantly.

Imean war and in Egyptian campaigns and served under Earl Kitchener in the Soudan. He took part in laying out the United States-Canadian boundary in connection with the dispute of tome years ago. He leaves one son in the Welland Canal protective force, and Mrs. Glassco of Flint, Mich.

DUMA ADJOURNED.

YORK COUNTY ...AND... SUBURBS

PROTEST AGAINST DELAY OF HYDRO

Ontario and Toronto Commissions Are Severely Criticized.

BY TOWNSHIP COUNCIL

Understanding May Reached at Private Conference Today.

The Ontario Hydro Power Commission and the Toronto Hydro Commission were severely criticized by the York Township council yesterday atternoon over the long delay in completing arrangements for the installation of domestic and street lighting in the suburbs, and the threat was freely made that if the Hydro did not act at once a way would be found out of the difficulty. Not alone were the commissions charged with holding back much needed improvements, but the rates

not act at once a way would be found out of the difficulty. Not alone were the commissions charged with holding back much needed improvements, but the rates quoted by Mr. Jeffrey, tho Hydro representative present, were said to be practically prohibitive.

For more than a year the township council and authorities have been trying to enter into some arrangement whereby the people beyond the city limits could obtain house lighting from the municipal enterprise, and the clalm is made that no arrangement could be entered into. Instead of a lowered rate the council charge that cost is increasing. The reason for this, as stated by the Hydro representative, is the enormously increased cost of copper.

The York Township council claims that it was promised street lighting at \$12 a lamp per annum, that this promise has not been kept, that the prices now quoted for street lighting run as high as \$16.75 on Yonge street north, where it is claimed by the commission that higher and heavier poles are required.

More than a year ago the township council entered into an agreement with the Hydro Commission to light the Todmorden district at a rate of \$12 a year with the understanding that with increased house consumption the cost would be reduced. Later it was agreed to light the Swansea, Scarlett Plains and Runnymede districts at \$16 per light. In August last council made application for 182 more lights in different parts of the township, but, according to the statement of township representatives, they were never given a rate until last week, and that \$16.75.

This is said to include the Todmorden and Swansea districts, already under contract at a lower rate. The latter phase was what caused the strong protest at yesterday's meeting.

Reeve Griffith takes the ground that the installation of domestic service ought to precede the street lighting, and this view was generally shared by council.

A private conference has been arranged between J. R. L. Starr, solicitor: Reeve T. Griffith, and W. H. Clarke with Sir Adam Beck this morni

FAIRVIEW LODGE, I.O.O.F. ELECT, THEIR OFFICERS

Fairview Lodge No. 446. I.O.O.F., held their annual meeting in Colvin Hail last night and elected the following officers for the ensuing term: W. H. Butt. N.G.; W. H. Noyes, V.G.; W. N. McCullough, recording secretary; A. K. Moffatt, financial secretary; Wm. McCullough, treasurer; W. G. Gordon, R.S.N.G.; P. Quennell, L.S.N.G.; C. Francis, R.S.N.G.; W. H. Harrison, L.S.V.G.; H. L.
