

THE EVENING TIMES, ST. JOHN, N.B., TUESDAY, APRIL 17, 1906.

THREE MINERS SHOT DEAD

Johnstown, Pa., April 16.—Three men have been shot, a boy fatally wounded and a mining engineer, Eugene Delaney, taken to the hospital in a serious condition, as a result of a riot at Windber among the striking coal miners tonight. The place is in a state of terror, Sheriff Bogey has been summoned and an appeal has been made to Governor Pennypacker for troops. There are several others of the rioters who have sustained slight injuries. The dead men and most of the injured are foreigners and their names cannot be obtained. The bodies are lying in the streets tonight, where they fell, the strikers refusing to allow the undertakers to remove them.

The foreign element have been celebrating Easter Monday in the mining section and much liquor has been used. The streets have been thronged all day with a boisterous crowd, but no sign of trouble appeared until tonight. A body of strikers was assembled in front of the Windber jail discussing the mass meeting that had been held during the afternoon and which had been addressed by three Catholic priests. The discussion grew into argument and soon there was a free for all fight. Deputies that had been sworn in when the strike in the coal mines was first inaugurated, made their appearance and a number of arrests were made. All of the arrested men were union men and their colleagues set up a cry that they were being discriminated against and were imposed upon.

The arrested men were marched to the lockup door, but there a mob had formed and an attempt was made to take the men from the officers. Forced back from the jail door, the mob growing more violent every minute, threatened the deputies until the officers fired. The mob hesitated apparently not expecting the deputies would resort to fire arms. When the smoke had cleared away and the victims of the shots were viewed by the crowd, there were cries of anger and soon the men that were armed returned the

shots of the deputies. The firing ceased almost as soon as it began, however, and the crowd fled away from the jail. A state of terror exists tonight because of the prevalence of liquor and the armed miners. There is much dynamite stored here and it is feared the strikers will resort to the explosive in revenge.

Trouble Feared Today.

Shortly before midnight the town quieted down and the crowds began to disappear from the streets. The members of the state constabulary had been summoned from Greensburg in the meantime and were being rushed to Windber in a special train but about a mile west of the city the train was held up by a freight wreck and it is not expected the constabulary will reach Windber before early in the morning. Trouble is anticipated, however, when the constabulary arrives at the mines, as the foreign element are very antagonistic to the state officers. When something like order began to appear in the town it was learned that the names of the dead men were Pietro Martini, Paul Sila, leader of the rioters, and Antonio Mazza. The boy who was fatally wounded, is Charles Foster, twelve years old. Engineer Delaney was hurt by being struck on the head with a brick. An eye-witness of the riot in describing the affair tonight, said the trouble started at 3 o'clock when Deputy Sheriff Wm. McMullen went to the mines where the miners had been drinking and the sight of the deputy made them furious. The officers were quickly surrounded by the maddened miners, who threatened to kill him. McMullen, realizing that his situation was desperate, fired for his life, finding refuge in the house of Councilman Charles Davis.

Fled for His Life.

Practically every man who had gone to the mass meeting joined in the chase

after the fleeing deputy and soon after the latter had entered the Davis house it was surrounded by a mob of 2,000 shouting, cursing miners, who challenged McMullen to come out. When McMullen failed to appear the mob attacked the house and literally wrecked it. The deputy sheriff was roughly handled, but again managed to escape. The members of the Davis family fled to the homes of neighbors for shelter. Other deputies who had been on duty guarding the property of the coal company had been notified of the trouble by this time and twenty of the rioters were headed in the lockup at Windber. The mob, headed by Paul Sila, then planned an assault on the jail with the purpose of releasing the prisoners. A great crowd of the strikers, with Sila at their head, marched to the centre of the town and prepared to storm the jail. The deputy sheriff faced bayoneted the jail. The members of the fire department were also called out to help restore order. The foreigners were urged to be orderly and to leave town, but inflamed by liquor they refused to listen, greeting the efforts to pacify them with shouts and jeers. At a signal the mob began to close in on the jail, shouting to the deputies to throw away their guns and give up the prisoners. The officers first tried to keep back the mob with bayonets, but the effort was in effectual and when it became certain that the little band of deputies and firemen could not stand before the howling, infuriated mob, they opened fire. Those of the foreigners who were closest to the jail had already begun using knives in the attempt to disarm the deputies while others flourished revolvers. The deputies fired but one volley and the foreigners broke and fled in wild disorder, leaving three of their number dead in front of the jail.

There are tales that the strikers will make another effort to free the rioters now in jail.

DANGER IN SPRING AIR.

It stirs up all the germs of consumption, rouses the seeds of catarrh, and makes one liable to disease. Prevent infection by inhaling the germ-killing vapor of "Catarrhoxone." Nothing is more effective in stamping out Catarrh, bronchitis and asthma. Here is simple proof.

"For a number of years I was troubled with systematic catarrh. It was a very tedious cure of the United States and nothing seemed to help. I commenced using Catarrhoxone and got relief. To build up my system I also used Ferroquine. This combination can't be beaten. I wish to add my recommendation. I found these remedies just as advertised."

Be seizable and use Catarrhoxone: two months' treatment for \$1.00, small size \$1.00. All dealers or by mail from N. C. Polson & Co., Hartford, Conn. U. S. A. and Kingston, Ont.

In the annual accounts and year book of Trinity church, issued in the form of an interesting publication with pictures of the church and other illustrations, the rector, Canon Richardson, in his report expresses the opinion that the condition of the church is more prosperous than a year ago and observes signs of spiritual growth. The rector is not in favor of Sunday funerals and deprecates a tendency to extravagance and display. He notes the financial standing of the church and the large amount of distress which it has been possible to relieve. For the new year, \$4,000 has been subscribed, but more subscriptions are needed. An improvement in the chancel floor, he says, is also necessary.

In the financial statements it is shown that there has been a large increase in the receipts since 1901. The whole income for the year was \$10,237.50 and after deducting outgoings, a balance of \$688.82 remained in the treasurer's hands. The funded debt of \$70,000 has been reduced by \$1,000 during the year. The salaries of the officials amounted to \$4,901; the cost of the choir, \$1,108, the choir music to \$1,053. SICK HEADACHE

Many varieties of headache exist, those most prevalent being sick or bilious headache, nervous headache, headache from constipation, etc.

Headache is an effect of disease, the cry of the suffering body for relief from some opposing disorder.

Undoubtedly the cause must be removed in order to cure the headache permanently. Wrong action of the stomach, liver or bowels is responsible for nine out of ten cases of headache.

In sick headache (a very common form) there is sometimes nausea and vomiting and usually constipation.

In nearly all forms of headache

Burdock Blood Bitters

has proved itself a specific—a medicine that has cured where all others failed.

Keep the stomach, liver and bowels in perfect working order by the use of nature's regulator and tonic, Burdock Blood Bitters, which cures all forms of headache by removing the cause.

Miss L. Smith, Morrisburg, Ont., writes: "I desire to let you know how much good Burdock Blood Bitters has done for me. I was troubled with headaches all the time, and could get no relief, until a friend told me of your Burdock Blood Bitters. After taking two bottles of it, I can say that I am completely cured."
