

BRITISH NEWS.

From the Boston Daily Advertiser, March 31.
LATEST FROM EUROPE.—By the Ship Liverpool which arrived at this port yesterday, we have received London papers to Sunday, Feb. 19, and Liverpool papers of the 20th.

It appears from a paragraph in the London G. that the conference of Ministers on the affairs of C had nominated Prince Otto, second son of the King of Bavaria, to be king of that country.

The Wellington steam vessel which took emig to Belle Isle to join Don Pedro's expedition has returned to England. The expedition sailed from the 10th, and consisted of 2000 men, 1000 Englishmen, and 1000 Spaniards, the latter in high spirits.

Count Orloff, aid-de-camp of the Emperor of Russia, has been charged with a mission from the Emperor to the Netherlands, to attempt a settlement of the differences between that country and the A. Powers.

A Committee of the House of Lords has reported an important measure for the pacification of Ireland. It proposes an entire extinction of the tithe system in Ireland. To effect this object the government is authorized to advance to incumbents of Parishes, who have not received their tithes, sums of money proportionate to their respective incomes for 1831.

London, Saturday, Feb. 18, half past seven.—Private express from Paris has brought us all the news of Thursday, an hour from our own correspondent dated Thursday evening. The chief object which seemed to attract attention in the French capital was the mission of the Russian Count Orloff to Home.

FIRE INSURANCE.
DEW RATCHFORD, AGENT for the ETHERINGTON INSURANCE COMPANY, of Hartford, Connecticut, continues to issue policies, and renewal receipts, for Insurance on Houses, Barns, Stores, Mills, and other buildings, vessels in port, or on the stocks, Household Furniture, Farmers' Stock and Cattle, Mercantile, Manufactory, and every other description of property, against Loss or damage by Fire, on liberal terms.—It is a notorious fact, that the subject of insuring against fire, does not receive from the inhabitants of this Province that attention which its importance demands; and the premiums for fire insurances particularly, bear so very small a proportion to the value of the property insured, that much less sympathy is felt for those sufferers who may have neglected to avail themselves of the means of providing against such calamities.

The capital of this Company, \$200,000, has been all paid up, and invested in the best securities; independently of which, a SURPLUS FUND of more than \$25,000 has been set apart to meet the occasional claims for losses, and the stock bears a high premium. The Agent will at all times attend personally to the survey of buildings on which insurance is desired within the City; and applications in writing (post paid) from all other parts of the Province, describing the situation and the property to be insured, will receive prompt attention.

Saint John, N. B. 15th November, 1831.
