MISS KITTY GORDON

The Celebrated and Talented English Actress and Beauty in a Five-Part Production

"AS IN A LOOKING GLASS"

Peter Milne, of the Motion Picture News said: That remarkably informative sheet, World Film News, refers to "As in a Looking Glass," as a picture that spells success. We can voice its sentiments in all sincerity, and we do. Kitty Gordon, however, is the chief factor in the spelling-she ranks at the head of the class and makes her picture a success. Miss Gordon is indeed a ravishing sight from her face to her justly touted back, which is shown in all its glory in the picture. Miss Gordon will also create great response in the addience, chiefly the feminine portion, by the many and wonderful gowns which she dons and sheds with startling rapidity.

The Picture is lased on the Novel by F. C. Phillips
