

THE EVENING TIMES-STAR, SAINT JOHN, N. B., SATURDAY, FEBRUARY 6, 1926

LIVERMORE IN RUBBER MARKET

Reading Not For Field Always Centered in England

He Was "Boy Plunger" Who Made and Lost Fortunes in Wall Street

NEW YORK, Feb. 6.—Jesse L. Livermore, the most spectacular figure Wall Street has known since the days of John W. Gates, has extended his speculative activities into one more field, it was learned, when officials of the newly-formed New York Cocos and Rubber Exchange announced that Livermore had purchased a membership.

The central figure in many coups that have startled the financial community for the last few years, the maker and loser of millions has now reached out from the numerous local markets he has dominated to take part in the rubber industry centering in England and with ramifications extending around the world.

DARING MOVES WON FOR TUNES.

Rubber traders were convinced that Mr. Livermore intends to take an active interest in the trading in rubber futures, as the membership was purchased in his own name instead of in that of one of his many business associates. Unlike his stock exchange operations, always carried out through some stock exchange firm, and always seeming to be in more direct contact with the rubber situation through actual membership.

LIQUIDATED MILLIONS IN GRAIN.

Since last August, when he was reported to have entered the market through the purchase of 50,000 shares of United States Steel, and a long line of motors, little has been heard of him. He was interested in the trend of prices. Earlier in the same year he was reported to have secured a trading, believing that the stock market did not offer sufficient speculative opportunities.

WIDE VARIETY IN DEALINGS.

These grain deals form but one chapter in a story of market operations, which included short and long positions in cotton, and through the Mammoth Oil Company, manager of the Louisiana interests in the Seneca Copper company, and pool operations in numerous stocks, grains and all other commodities actively traded on local markets. An interest in Florida real estate is also included in the long list of his speculative ventures, and now he has turned to rubber futures.

LUMBERMEN ELECT DICKIE, STEWART.

MONTREAL, Feb. 6.—Announcement is made of the election of Rufus E. Dickie, of Steiwerick, N. S., as president of the Canadian Lumbermen's Association, following the conclusion yesterday of the annual convention of the association held here.

BELL-HANGING A TRADE.

NEW YORK, Feb. 6.—Bell-hanging once was a trade, and bell-hangers were in big demand. Just how many bell-hangers remain in this time is not known. Those in New York, where there were once hundreds, can now be counted on 10 fingers.

Home-made Supply of Fine Cough Syrup

Better than ready-made cough syrup, and saves about \$2. Easily prepared.

If you combined the curative properties of every known "ready-made" cough remedy, you probably could not get as much real curative power as there is in this simple home-made cough syrup, which is easily prepared in a few minutes.

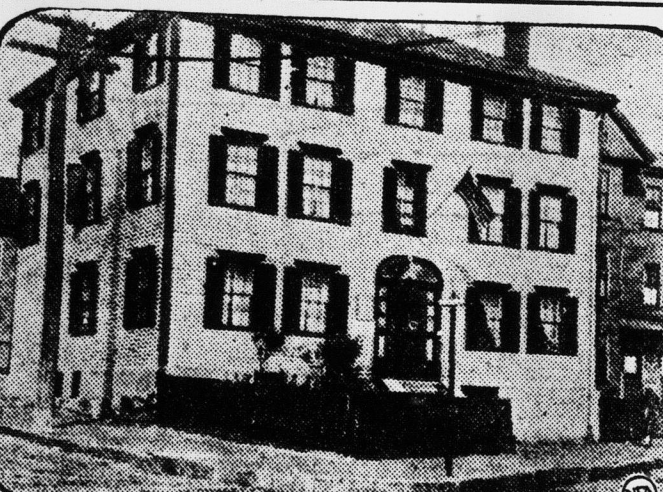

Get from any druggist 2½ ounces of Pinex, pour it into a 16-ounce bottle and fill the bottle with syrup, using either plain granulated sugar syrup, clarified molasses, or corn syrup, as desired. The result is 16 ounces of really better cough syrup than you could buy ready-made and saves easily \$2. Tastes pleasant and never spoils.

This Pinex and Syrup preparation gets right at the cause of a cough and gives almost immediate relief. It loosens the phlegm, stops the nasty throat tickle and breaks the sore, irritated membranes so gently and easily that it is really astonishing.

A day's use will usually overcome the ordinary cough and for bronchitis, croup, hoarseness and bronchial asthma, there is nothing better.

Pinex is a most valuable concentrated compound of genuine Norway pine extract, and has been used for generations to break up severe coughs. To avoid disappointment, ask your druggist for 2½ ounces of Pinex, with full directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Toronto, Ont.

LONGFELLOW'S HOME A-MOVING

This, Henry Wadsworth Longfellow's home, is to be taken apart at Portland, Me., and shipped to Philadelphia, where it will be reassembled for the Sesqui-Centennial Exposition.

BIBLE CLASS HOLDS BANQUET IN BEATTY

St. Luke's Young Men's Organization Decides on Program For Next Year

One of the most largely attended of the banquets of the members of St. Luke's Young Men's Bible class was held last evening in the Adelphi Hotel, when the teacher, Rev. Canon R. P. McKim, was host and Cecil B. Williams, the president, was toastmaster.

Committees were appointed to have charge of refurnishing the room used by the class and to arrange a suitable memorial to the members who have taken up active work therein, special mention being made of Rev. C. Murray Hatheway, a former member of the class, who is a missionary in the far north.

TOASTS CARRIED OUT.

A toast list was duly honored. After the toast to the King, which was responded to by the singing of the National Anthem, the toast to the Church and the rector was proposed by Ronald Morley and responded to by Canon McKim. George Green proposed the toast to the president and Mr. Williams replied. The toast to the secretary was proposed by Joseph Henley and replied to by R. Edgar Adams. J. Harry Baker proposed the toast to the treasurer and J. Lawson Mowry replied. The toast to former classmates who are now officers of the Sunday school was proposed by Murray Brown and replied to by Bert Flewelling. Perley Nase and Edward Glass.

The officers for the ensuing year are as follows: Honorary president, Rev. Canon R. P. McKim; president, Cecil B. Williams; vice-president, Arthur H. Warwick; secretary, Ronald S. Morley; treasurer, J. Lawson Mowry.

BABy'S WELFARE DURING FEBRUARY

Should Be Most Carefully Guarded by All Mothers.

February is one of the hardest months of the year on little ones. It is a month of cold, blustery days that prevent the mother taking her baby out for the fresh air so necessary to its welfare. Baby is consequently confined to the home, and more often than not the rooms are overheated and badly ventilated and the little one catches cold or gripe. What is needed to keep the baby well is a gentle laxative that will regulate the stomach and induce bowels; banish constipation and indigestion and in this way will either prevent or break up colds and gripe. Such a laxative is found in Baby's Own Tablets. They are mild but thorough in action; are absolutely safe and they are guaranteed to contain neither opiates or other harmful drugs. They never fail to be of benefit to little ones and may be given to either the newborn babe or the growing child.

Baby's Own Tablets are sold by all dealers in medicine or may be had by mail, postpaid, at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

GIFTS PRESENTED

H. Crowley Honored By Conferees as He Goes to New Position

H. Crowley, president of the Brotherhood of Railway and Steamship Clerks, was given a genuine surprise yesterday afternoon when he was called into the C. P. R. freight office, Mill street, and D. W. Newcombe, the agent on behalf of the office and shed staff, presented him a fountain pen and pencil, at the same time in brief address assuring Mr. Crowley that he would be greatly missed among his fellow employees, but all were happy to learn of his advancement to another position. Mr. Crowley received the gifts with a few words of thanks.

Mr. Crowley has been assigned to the position of Canadian freight inspector previously held by the late John Brayley. Mr. Crowley assumes his new position immediately.

INJUNCTION EXTENDED.

MONTREAL, Feb. 5.—An interim injunction issued against the Asbestos Corporation forbidding the transfer of 37,000 shares of the stock to Dillon, Reed & Company, brokers and bankers of New York City on petition of the Credit Canada Limited, has been extended to Friday, February 12.

40 CHRISTIANS SLAIN.

LONDON, Feb. 5.—Reuter's correspondent at Damascus says the massacre of 40 Christians in the village of Maruneh, news of which was received last night, indicates that an anti-Christian movement is developing and that this is confirmed by happenings in Damascus.

MORE TOURISTS MAKE STAY HERE

Cheerful Report Given at Auto Association Annual Meeting

Estimate of 80,000 Visitors to N. B. Last Season—Plans For 1926 Discussed

Tourists who formerly regarded New Brunswick as a part of the highway to be used in making motor tours are now spending their vacations in the province, it was announced to the members of the New Brunswick Automobile Association at their annual meeting last evening. Fifty-nine inquiries had been received to date from prospective visitors, asking for camp accommodation during the summer months.

Commissioner Bullock presided in the absence of the president, T. P. Regan, K.C., who is ill. The meeting was held in the office of the secretary, J. Charlton Berrie.

SECRETARY'S REPORT.

The secretary's report was submitted by Mr. Berrie and received as read.

The report stated that the officers and committees of the association had taken up the matter of improved parking conditions for motorists with several towns. Many new camp sites had all been better patronized in 1925 than in the previous year. Eighty-seven motor parties had remained in the province, they had intended on account of information furnished, regarding trips from various towns.

Many road signs had been erected for information answered. Road maps and guides had been sent out in great quantities and queries of 1,466 persons who called at the office of the secretary had been answered. The membership of the association was 414 and 50 new members joined during the year.

BIG INCREASE HERE.

The number of permits issued to cars at points of entry was 14,166 more than 4,000 in advance of the previous year. It was estimated that 80,000 tourists had entered the province from the United States in addition to those from other parts of Canada.

A letter was read from Dr. P. E. Doolittle, of Toronto, president of the Canadian Automobile Association. His letter to speak here and exhibit slides of New Brunswick views was accepted, and it was decided to have him speak early in March.

It was reported that the United States customs regulations had been relaxed to allow cars entering the country on permits to remain 90 days instead of 30. The meeting decided to support a measure to have the same regulation adopted for Canada.

MOTOR ROUTES.

It was decided to try to have the motor routes reband and numbered, and to support a movement to have the automobile laws all over the continent made uniform, so that confusion might be avoided by traveling motorists.

SPORTING LIFE HEARD FROM.

A letter was read from Charles C. Percival, of the editorial staff of Sporting Life, asking if the fishing on the Miramichi was still good. Mr. Percival wrote that he had fished the river 20 years ago and if the sport was as good now as then he wished to spend several weeks on the stream.

The financial report showed total receipts of \$2,235.23 and disbursements of \$2,139.15, leaving \$96.08 balance.

Minard's Lintment for Gripe.

W. R. WALSH GOES TO NEW YORK TIMES

Receives Club Bag From Conferees of Telegraph-Journal and Times-Star

William R. Walsh will leave this evening for New York, where he has accepted a position on the staff of The New York Times. Mr. Walsh is one of the best known of the younger men in journalistic circles in the Maritime Provinces. He has been on the editorial staff of The Telegraph and The Journal-Journal for the last five years and is resigning the post of news editor to enter into his new field.

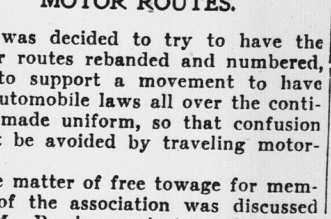

Mr. Walsh was presented with a traveling bag yesterday afternoon by the news and business staffs of The Telegraph-Journal and The Evening Times-Star. The presentation was made by A. J. West, managing editor, who referred to the pleasant relations which had existed between the recipient and the other members of the staff, and wished him every success in his new field.

In his reply Mr. Walsh heartily thanked the staff for their token of esteem and good wishes, and expressed regret at leaving Saint John and his associates.

While in New York a few weeks ago Mr. Walsh was engaged by The Times, but returned to Saint John to clean up his work here.

ACID STOMACH!! GAS, INDIGESTION

Chew a few Pleasant Tablets—Stomach Feels Fine!

Instant stomach relief! Harmless! Pape's Diaprepin reaches the stomach all distress from acid stomach or indigestion ends. Immediate relief from flatulence, gases, heartburn, palpitation, fullness or stomach pressure.
