IT WAS A GREAT DAY FOR ST. JOHN AT SARANAC LAKE
Charles Gorman's fine performance at Saranac Lake is described by Frank White, in a special despatch to The Telegraph, as follows:—
One of the big surprises of this championship meet was the way Charlie Gorman came back into his old form today. When he skated his first trial heat in the half mile it was noticed at once that he was in fine fettle and, when at last the final was called, Charlie was loudly cheered by the spectators. The cheers continued as he broke away to the lead with one lap and three-quarters to go, closely followed by Jewtraw. Steinmetz,

UNABLE TO PREVENT
BETTING ON TRACKS

Raney Loses Law Suit Affecting Windsor and Ottawa Clubs.

(Mail and Empire.)
Hon. W. E. Raney has failed in his attempt to stop betting upon two of the Ontario race tracks, those of the Windsor Jockey Club and the Western Racing Association of Windsor. Judgments were handed down yesterday dismissing the appeal of the crown in both cases.

The action in the Windsor Jockey Club case turned largely upon the interpretation of the term "driving." The attorney-general, through Edward Bayly, K. C. deputy attorney-general, contended that the right given the old Windsor Fair Grounds and Driving Park Association—parent of the Windsor Jockey Club—did not cover meetings as now carried on, but was intended to apply only to trotting and pacing races. The Appellate Division, however, refuses to accept this narrow interpretation, and finds that "driving" could be applied to a running race.

The Western Racing Association, formerly the Ottawa Racing Association, had its right to carry on betting attacked on the ground that it did not come under the clauses of the Dominion Act, exempting associations established prior to 1912. The Ottawa Racing Association was incorporated in 1903 and its supplementary letters patent had its name changed to the Western Racing Association. The crown contended that

the change in the powers of the association at that time took it out of the class of racing organizations which are permitted to carry on betting. The judgment of the Appellate Division is that whether the powers of the association were changed by letters patent or not, the fact remained that the corporation has never ceased to exist as an entity or corporation, and that, as such, it was incorporated before March 30, 1912, with power at that date to operate a race course.
