THE EVENING TIMES AND STAR, ST. JOHN, N. B., TUESDAY, JULY 15, 1919

MRS. MCEWEN GAINS 15 POUNDS

is so Happy Over Recovery
She Wants the Whole
World to Know About Tan-
lac.

"If you had known me before I took Tanlac and were to meet me now, you would hardly believe I was the same woman," said Mrs. H. McEwen who lives at 372-28th Ave., East, Vancouver, and made the above statement while on a visit to her daughter who lives at 1139 Johnson street, Victoria, the other day. "I suffered with indigestion and stomach trouble for seventeen years," she continued, "and during that time I spent lots of money trying to find a medicine or treatment that would give me some relief, but all my efforts failed until I commenced taking Tanlac. I simply can't describe the awful suffering I underwent on account of my food souring, and my suffering from headache was even worse than that. Why, when those terrible spells of headache would come on me, I was so nervous that the ringing of the door bell or the telephone would upset me, and I just couldn't stand for the children to play around me. I didn't know what a good night's sleep was, and when morning came I felt worse exhausted than I did when I went to bed. This condition kept up until I was almost as helpless as a child, and even when I went to dress myself I would have to have assistance."

"Then Tanlac came along, and I thought I would give it a trial, and must say that it was the most fortunate decision I ever made in my life. I began to improve by the time I had finished my first bottle and now I am as well and free from pain and suffering as I ever was. I have such a ravenous appetite that I actually can't get enough to eat. I have gained fifteen pounds in weight already. I never have indigestion or sour stomach now, and I eat just anything I want. All that nervousness has left me and I sleep just like a child every night. And best of all, Tanlac has delivered me from those terrible headaches, and that alone is enough to make me sing its praises the longest day I live. In fact, my health has been completely restored in every particular and I just feel fine all the time. Why, I am on my feet all day long, doing my housework and going from place to place, and it doesn't seem to tire me at all. My recovery seems so wonderful to me, and I am so happy over it all, that I just feel like I want the whole world to know about it and I am glad to have the chance of letting others who suffer as I did, to get about it, so they may take Tanlac and be relieved as I have been."

Tanlac is sold in St. John by Ross Drug Company and P. W. Munro under the personal direction of a special Tanlac representative. (Advt.)

MORNING NEWS OVER THE WIRE

The Nova Scotia Tramways Co. has been authorized to issue seven per cent three year gold notes for a million dollars to provide improved service, equipment, etc.

James Dubeau, a farmer of St. Melchior, Que., was burned to death in his home last night. On his return from his other town he found a man in his home with his wife and when he threatened to shoot them, he was overpowered and locked in his bedroom.

The daylight saving plan will be continued in the United States indefinitely. President Wilson yesterday vetoed its repeal and was supported by the house by a vote of 247 to 186.

Three men were killed and two others injured yesterday when a seaplane in which they were making a practice flight near Philadelphia suddenly plunged into the water.

Moncton rumors have it that the C. N. R. is to be divided into districts, a more effective operation, with a general manager for each. It is reported that L. S. Brown will continue to be manager of the Atlantic division.

At the annual meeting of the United Baptists of the 10th District, held at Newcastle, N. B. last week, Rev. Wellington Camp was elected president. There was a large attendance and matters of importance to the district were dealt with.

Friends in St. John will be pleased to hear that for his services in the war, Dr. Charles J. Simonds has been knighted. He served in Gallipoli, Salonika, Malta and other places in valuable hospital work. Dr. Simonds is a former St. John man.

Every Wage Earner Should Answer Question Himself or Herself

WHAT DOES THE FUTURE HOLD
FOR YOU IF HEALTH
GIVES WAY?

In dollars and cents, what is the worth of the brown of your skin; what is the value of the staying power that permits continuous labor—what are they worth to you?

Suppose you did something so foolish as to reduce your strength, vitality or judgment one half, and it were impossible to get them back—how much would you pay to regain the lost portion?

When you let yourself run down, you reduce your chances for success in life. If sleeplessness comes you score lower still—should appetite or digestion fail, you are started in the face by physical bankruptcy.

Don't let it go so far, take Perrozene, it has cured thousands and it will cure you; it builds up bodily strength, makes muscles like steel, replaces Spring tiredness by energy and new life. Perrozene rebuilds sick folks because it contains the strengthening elements that every run-down system requires.

Especially before the hot weather comes, everyone needs a purifying Perrozene. It is the bill exactly—nothing known that juvenates and uplifts so fast. At once the appetite improves. You rest well and arise next morning feeling fit and fine.

Headaches disappear, weakness gives way to the vigor that only Perrozene can supply. Try it, results are guaranteed, 50c. per box or six for \$2.50 at all dealers or by mail to any address if price is remitted to the Cattarhose Co., Kingston, Ontario.

OTTAWA LETTER

White Probably Would Have
Stayed if Made Premier

WHAT MADE BORDEN CHANGE?

Speculation as to Other Members
of the Cabinet—The Liberal
Leadership and Hon. W. S.
Fielding

Ottawa, July 12.—Cabinet reconstruction is on in earnest, and much sooner than expected. It was anticipated that when the session ended there would be a scattering of ministers for purposes of recuperation; but the scattering seems likely to be more or less permanent. In this correspondence some weeks ago it was mentioned that Sir Thomas White would remain in the cabinet as premier, or not at all. He had had a taste of the leadership and, like it, and, what is more important, was liked by those whom he led.

It was then thought that Sir Robert Borden was on the eve of retiring to accept one of several positions with which his name had been persistently connected; in fact, he had told more than one Canadian who had met him in France that such was his intention. He had said that he would like to be a minister, and was willing to let some one else take the helm while he went higher up. What has since arisen to change his mind on that subject and hasten his departure for home is not known. Probably the intentions of Sir Thomas White had something to do with it. What those intentions were we can only speculate. Sir Thomas said during the present week that such speculations by the press were unfair. He also made the statement that he had been adhering to the rule of not being interviewed. He thus does all doors to the newspapers which is itself hardly a fair position for an old newspaperman to take.

Probably Stay if Premier.
It is generally assumed that, had he been able to remain as premier, the late minister of finance would have endured for some time longer the undoubted sacrifice he has been making by remaining in politics; but the position of second fiddle was not sufficiently attractive with the small financial reward and the enormous amount of work and worry entailed. Sir Robert showing no intention of retiring, the natural sequence was that he should find a new minister of finance.

The resignation of Sir Thomas White undoubtedly means a great loss to the country at this time. His career in the house has been one of steady growth in usefulness and influence. No other single member of the cabinet could have been less easily spared. His departure makes the work of reconstruction with which the premier is confronted immensely more difficult. Hon. A. K. Maclean decided when parliament prorogued to depart for Europe on a holiday of several months; and it was understood that he probably would not be in the cabinet on his return. The inducements to remain in a cabinet position are in some respects great; but the salary is not one of them. During the present session Mr. Fielding urged on the government the advisability of an increase; and it will probably have to come to that very soon.

Hon. Frank Carroll seems to have been on the point of retiring from the cabinet and may do so any day now. His departure and that of A. K. Maclean would leave four vacancies to fill, including that of Cregar.

Whoever may be chosen as leader of the Liberal party at the coming convention, the Hon. W. S. Fielding will at least go there with the prestige of being the nominee of what our American cousins call "an instructed delegation." One of the Ontario constituencies, in choosing its delegates to the convention, told them to vote for Fielding. The farmers, business men and the party generally seem to be veering around to the same position.

During the last few months there has been a very pronounced change in the attitude of Liberals in the house toward Mr. Fielding. His speech on the McMaster amendment was not very pleasing to either party, and he was put in a bad light by the Liberals. He talked pretty frankly to those who were putting lights in the window for the wanderers from the Liberal party and he further pointed out what will be well for all Liberals to bear in mind: they want harmony at the approaching convention—that unity in the party cannot be brought about by the men of one opinion censure names or throwing rocks at another.

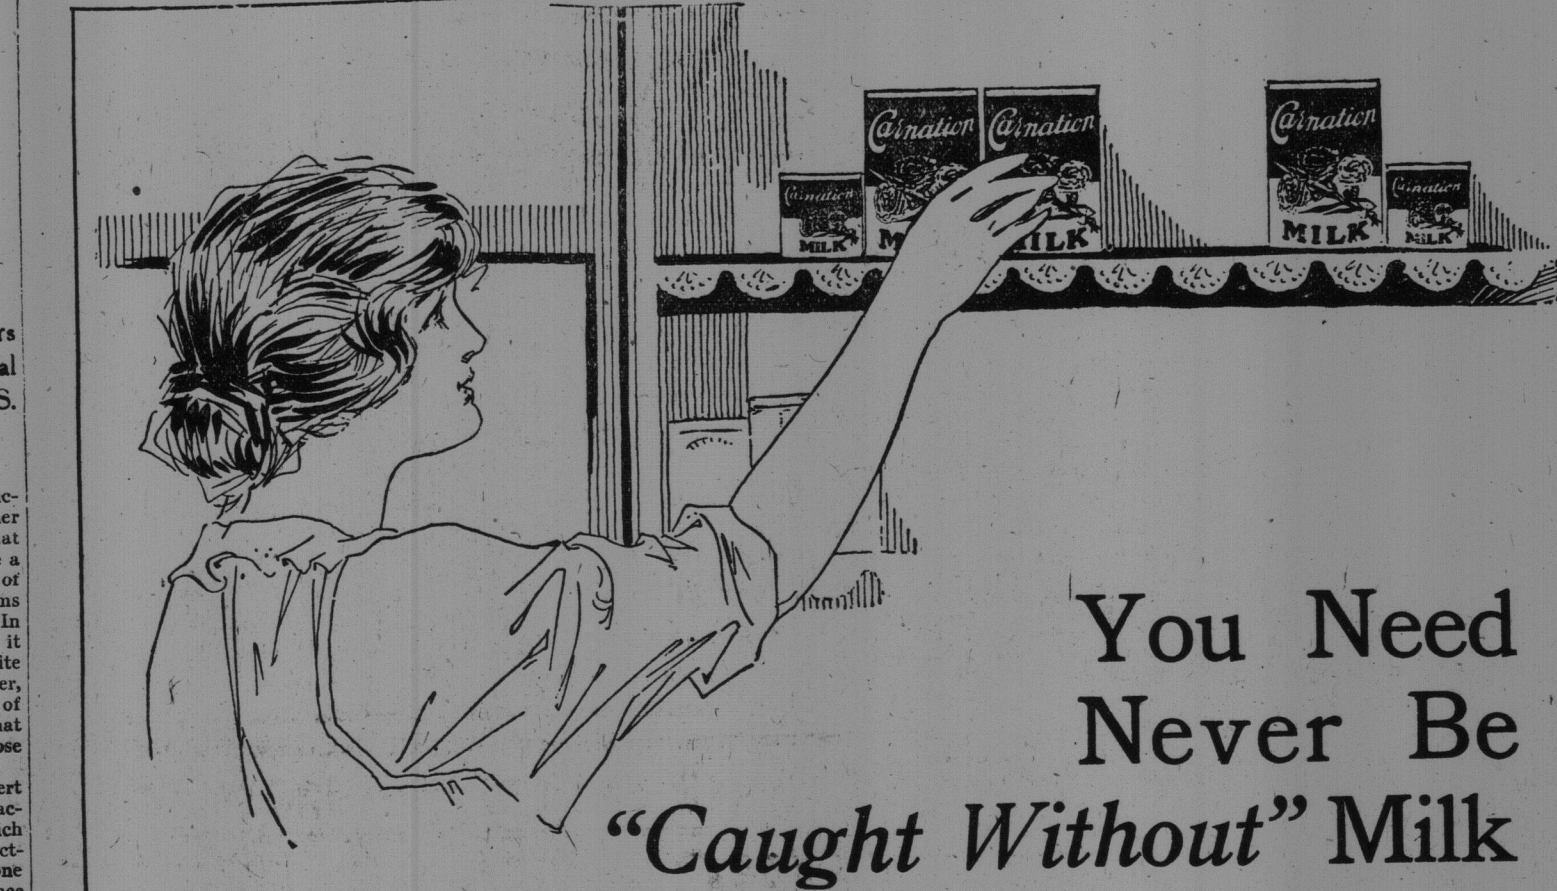

Since that time the Liberals have come to recognize that Mr. Fielding is far from being a date daughter of a capitalist, she brings to bear her wealth of talent and charm. Her flashing eyes and cheery smile and a general "something" described by the critics as "film presence," gives her an exceedingly pleasing appearance on the screen.

Miss Fisher has the happy faculty of making her audiences believe her and she takes them back to the happy days when there was no trouble in the world, and when every day was a welcome day—to the Springtime of life—youth. This picture fairly rocks with comedy and Miss Fisher is fascinating in her smart riding habit and gymnast costume! Enory Johnson is an important adjunct, playing opposite as Leon.

It is expected that the west will send a large representation to the convention in August; but it need not be assumed that the low tariff extremists there will exercise an influence commensurate with the assiduity of their disposition. If the western men hope to approximate towards the aims of the farmers' platform, they must see that it will have to be done within the ranks of one of the old parties. Their attitude of aloofness from party politics will get them nowhere. All their sympathies and hopes should certainly rest on the Liberal party, which went to defeat in advocating the western idea; yet it is said that some prominent western men who were formerly Liberal will remain away from the convention at Ottawa.

Generally speaking, the west is friendly to Fielding, and there is no part of Canada from which he will not draw support. Some in Quebec are said to bear an old grudge against him, going back so far as the time when autonomy was granted to the western provinces; and a few in that province have been trying to accentuate it since by seeing a wound in every reference he has since made to them. During the latter part of the parliamentary session the feeling towards him on the part of the Quebec members in the house has been much more friendly.

Whoever the convention may select,

You Need Never Be Caught Without Milk

YOU can keep a supply of Carnation Milk on your pantry shelf for months—against any unexpected need.

It stays sweet, fresh, rich—just as pure and wholesome as when it was first put in the can. It is sealed safe and sterilized. Even when the can is opened Carnation Milk "keeps" for several days. Yet it is entirely free from artificial sweetening or preservatives.

This milk is the only milk supply your home needs—you can use Carnation Milk in every way you have ever used milk.

GEE, I'M HAPPY, MY CATARRH ALL GONE

Suffered Like a Boob For Years—Got
Relief in Ten Minutes.

Cattarrhzone Did Cure

That's the way hundreds of the boys around town are talking since Cattarrhzone got into the drug stores. Nothing on earth like Cattarrhzone to really cure Cattarrh, Colds or Bronchitis. It isn't a drug—it's a healing vapor full of pine essence and healing balsams. It spreads and soothes every part that is sore and sore from coughing. Every spot that is congested is healed—irritation is soothed away, phlegm and secretions are cleaned out, and all symptoms of cold and Cattarrh are cured. Nothing so quick, so sure, so pleasant as Cattarrhzone. Be sure you get genuine Cattarrhzone. All dealers sell Cattarrhzone, large size which lasts two months price \$1.00, small size 50c; sample size 25c.

THE STAR PACKS THEM IN ON FISHER FEATURE

Featuring a well-known star of unusual popularity, the presentation of "Put Up Your Hands" at the Star Theatre last evening attracted wide attention. Margarita Fisher, vivacious little comedy queen of the American Film Company, gives a highly humorous touch to this latest production.

It is a typical Fisher vehicle. In the role of Olive Barton, the very much-to-date daughter of a capitalist, she brings to bear her wealth of talent and charm. Her flashing eyes and cheery smile and a general "something" described by the critics as "film presence," gives her an exceedingly pleasing appearance on the screen.

Miss Fisher has the happy faculty of making her audiences believe her and she takes them back to the happy days when there was no trouble in the world, and when every day was a welcome day—to the Springtime of life—youth. This picture fairly rocks with comedy and Miss Fisher is fascinating in her smart riding habit and gymnast costume! Enory Johnson is an important adjunct, playing opposite as Leon.

THIRD DOSE RELIEF! FIFTH DOSE! DIARRHOEA STOPPED

Diarrhoea does not need to persist for any length of time until the whole system is weakened and debilitated. No other disease so quickly undermines the strength and brings about a condition of prostration and very often total collapse.

Dr. Fowler's Extract of Wild Strawberry is not only prompt and effective in checking the diarrhoea, but at the same time acts as a stimulant, strengthens the heart and braces up the whole system, and one of its principal points is that it does not leave the bowels in a constipated condition.

Mr. W. H. Arnold, Fort Qu'Appelle, Sask., writes:—"A few years ago while on a business trip I had a severe attack of diarrhoea. Nothing I took seemed to do me any good. I was getting worse all the time. Hearing that Dr. Fowler's Extract of Wild Strawberry was good for diarrhoea, I went into town and procured a bottle. After the third dose I felt relief, and after I had taken the fifth dose the diarrhoea had stopped. I always keep it in the house, and would not be without it."

See that you get the original "Dr. Fowler's." It has been on the market for the past 74 years. Substitutes may endanger your health. Price 35c. Put up only by The T. Millburn Co., Limited, Toronto, Ont.

PERSHING IN LONDON

London, July 15.—General John J. Pershing, commander of the American forces in France, arrived here with his staff, this forenoon to take part in the peace celebration. He was met at Dover by General Sir Henry S. Horne and a guard of honor.

Arriving at Victoria station, General Pershing was welcomed by Colonel Winston Spencer Churchill, secretary of state for war, and officers representing Field Marshal Haig, and Sir Henry H. Wilson of the imperial staff.

Bonar Law On Home Rule.
London, July 15.—Pressed in the House of Commons yesterday for a statement of the government's Irish policy, Bonar Law said:

"The government does not wish to postpone any part of its policy, but does not wish to attempt anything without some chance of success."

THIN PEOPLE SHOULD TAKE PHOSPHATE

Nothing Like Plain Bitro-Phosphate to Put on Firm, Healthy Flesh and to Increase Strength, Vigor and Nerve Force.

Judging from the countless preparations and treatments which are continually being advertised for the purpose of making thin people fleshy, developing arms, neck and bust and replacing ugly hollows and angles by the soft curved lines of health and beauty, there are evidently thousands of men and women who keenly feel their excessive thinness.

Thinness and weakness are usually due to starved nerves. Our bodies need more phosphate than is contained in modern foods. Physicians claim there is nothing that will supply this deficiency so well as the organic phosphate known among druggists as bitro-phosphate, which is inexpensive and is sold by the Ross Drug Co. in St. John and most all druggists under a guarantee of satisfaction or money back. By feeding the nerves directly and by supplying the body cells with the necessary phosphoric food elements, bitro-phosphate quickly produces a welcome transformation in the appearance; the increase in weight frequently being astonishing.

This increase in weight also carries with it a general improvement in the health. Nervousness, sleeplessness and lack of energy, which nearly always accompany excessive thinness, soon disappear, the eyes become bright, and pale cheeks glow with the bloom of perfect health.

CAUTION.—Although bitro-phosphate is unsurpassed for relieving nervousness, sleeplessness and general weakness, it should not, owing to its remarkable flesh-growing properties, be used by anyone who does not desire to put on flesh.

New Home Treatment For Banishing Hairs

(Beauty Topics)

With the aid of a delicate paste, it is an easy matter for any woman to remove every trace of hair or fuzz from face, neck and arms. Enough of the powdered delatone and water is mixed into a thick paste and spread on the hairy surface for about 2 minutes, then rubbed off and the skin washed. This completely removes the hair, but to avoid disappointment, get the delatone in an original package.

CELEBRATING FAR INTO NIGHT

Paris Jubilation Showed Carnival Spirit

Mammoth Illuminated "Giraudole" Gives Climax to Proceedings—Demonstrations in London and Elsewhere in Honor of France

Paris, July 15.—Weary but still bent upon continuing its festivities until the last ounce of celebrative energy has been spent, Paris kept up its Victory Day celebration well into the early hours of this morning. The illuminations, the fireworks, the free performances were particularly beautiful in the evening.

The climax of the night's proceedings was the appearance of the "Giraudole," a local evening paper, which says that in labor ranks it is generally accepted that the charter of the council will be revoked and that a new central body composed of unions adhering to the form of craft unionism will be authorized.

The mail drivers' union is the latest one to take a stand against the one big union and vote in favor of the cancellation of the Trades and Labor Council charter.

AGAINST BIG UNION

Twelve Organizations Take Stand: Some Want T. and L. Council Charter Revoked

Vancouver, B. C., July 15.—Twelve unions are reported to have taken a definite stand against the "big union" and partial returns indicate that seven organizations have signed a petition circulated by the Vancouver Theatrical Federation asking the American Federation of Labor and the Dominion Trades Congress to cancel the charter of the Trades and Labor Council, according to a local evening paper, which says that in labor ranks it is generally accepted that the charter of the council will be revoked and that a new central body composed of unions adhering to the form of craft unionism will be authorized.

The mail drivers' union is the latest one to take a stand against the one big union and vote in favor of the cancellation of the Trades and Labor Council charter.

THIN PEOPLE SHOULD TAKE PHOSPHATE

Nothing Like Plain Bitro-Phosphate to Put on Firm, Healthy Flesh and to Increase Strength, Vigor and Nerve Force.
