ST. PETER'S WEDDING

St. Peter's church, North End, was the scene of a pretty nuptial event at 5:30 o'clock this morning when Miss Helen Frances, daughter of Mrs. Mary Shea, of Simonds street, became the bride of B. Rosemond Violette, of St. Leonard's, Madawaska. Rev. J. H. Borgmann, C. S. R., officiated in the presence of quite a number of friends and relatives. The bride's brother, Cornelius Shea, gave her in marriage while another brother, J. Vincent, was groomsmen. Miss Catherine R. Shea, a sister, was bridesmaid.

The bride was prettily attired in a traveling suit of Copenhagen blue, wearing a black velvet hat trimmed with ermine and a black velvet hat trimmed with American beauty roses.

Following the marriage breakfast was served at the home of the bride, 69 Simonds street, and later Mr. and Mrs. Violette left on a honeymoon trip, spending today in Fredericton, and leaving this evening for Montreal. Both have many friends through the province who will wish them happiness, and by whom they were well remembered with a substantial array of wedding souvenirs. They will make their home in St. Leonard's, Madawaska county, where the groom is a member of the firm of Martin & Violette, general merchants and lumber dealers.

The United States and Switzerland are in agreement over a peace treaty. This makes the ninth for Secretary Bryan.

ASSURANCES THAT FORT HOWE PROJECT WILL BE FURTHERED

Rev. Dr. Raymond Brings Home This News From Ottawa

During his recent visit in Ottawa, Rev. W. O. Raymond interviewed all members of the government concerned in the movement to convert Fort Howe into a national park. Colonel Sam Hughes, minister of militia and defence, gave his assurance that the property which is now owned by the department would be beautified in aid of the project. Hon. J. D. Hazen was also interviewed with the object of obtaining a grant for the playgrounds and assistance and material help on the part of the government was assured.

While in Ottawa Dr. Raymond also attended a meeting of the manuscript committee of the archives of Canada. Several important matters were discussed and the report for the year showed a considerable amount spent for additional manuscripts and the collection is now up-to-date in every way. The archives of Canada forms a bureau of information with very valuable publications and manuscripts and is not equalled by any other country in the world, as all historical records have been preserved since the country was first inhabited by the white man.

GREAT MASS OF RED HEAD BANK SINKS

Strange Occurrence at Courtenay Bay Early on Saturday

Something in the nature of a landslide, but with many peculiar features which make it perhaps the most peculiar occurrence of the kind about the city in recent years, occurred at Red Head Bank on Saturday morning, when part of the Red Head Bank, containing, it is estimated, about a million and a half cubic feet of earth and weighing approximately 75,000 tons, broke away from the main body and sank.

Just how the thing happened cannot be explained, as there were no eye witnesses, but several of the residents saw the result of the affair on Saturday morning. Red Head Bank is a high bluff of sandy loam which rises almost at right angles out of the sand of the shore of the bay, about seventy-five feet in height and running along the shore for about half a mile.

A portion of this bank about 400 feet long and fifty feet wide, split away from the rest on Saturday morning and, instead of falling over or sliding out on to the beach, the great mass of earth sank straight down. From this it is supposed that the undermost part was either undermined or was something like a quicksand.

But this is perhaps not the most peculiar part of the incident. In the sinking of this block of land, the highwater portion of the beach which is only a few feet from the water was left undisturbed, but the beach on the other side of the highwater line, was forced up nearly thirty feet.

Those who live on Red Head Bank say that there was no noise during the night that would indicate that anything had happened nor was there any shaking of the earth. The first intimation that anything was wrong was what the eye encountered in the morning.

The occurrence has attracted considerable attention and several persons visited the scene yesterday. A local civil engineer said this morning that it was most unusual and he could give no explanation of it.

TRINITY CHIMES ARE TO RING OUT NEW TUNES WHEN READY

In Trinity church last evening, the rector, Rev. R. A. Armstrong in a stirring address made an earnest appeal to the congregation for sufficient funds for carrying on the work of having the machinery readjusted for the ringing of the chimes, as well as for the work which has already been done in repairing and regulating the clock. The sum asked for last night was \$18,000. Several new tunes will be added to those formerly used.

NO ARRESTS SINCE FRIDAY

Favorable Comment in Police Court and Hope it Means Less Sorrow in Homes

When the police court opened this morning it was reported that no arrests had been made since Friday, and the two sheets for Saturday and Sunday marked nil, called forth favorable comments from Magistrate Ritchie. He said: "Nil on the police books for two consecutive days means a great deal more than that there were simply no arrests made by the police. Let us hope that it means less drunkenness and consequent sorrow in the homes of our city."

Harry Kyle, arrested on last Friday on charge of being drunk in Brussels street and for profanity, was allowed to go when a friend paid his fine. But he was given a severe lecture by the magistrate, who said that swearing was getting to be too common when the father of a family used such language. He knew of an instance of a boy, heard swearing, being asked where he had ever heard such language and he replied that he had often heard his father use the words.

Oak Hall's Anniversary--

Born January 19th, 1889, and This is the 25th Year of its Growth and Success

This sturdy Oak has flourished and grown apace during its 25 years of life, and now, on its Anniversary, it desires to extend to its customers and the public in general, thanks for the confidence and good will so frequently bestowed.

Oak Hall was founded January 19th, 1889 as a Men's and Boys' Clothing Store, and to such an extent did success smile on its policy of selling only the most reliable clothing made at fair prices and cheerfully refunding money when anything sold was unsatisfactory that it grew into the occupancy of this property which was formerly divided among many small stores. In commemoration of this event we have been holding one of the greatest Sales ever held in Saint John and we will continue this feast of bargains all this week. Don't hesitate and lose the opportunity for saving which it offers you.
