CALL HEALTH OFFICERS TO GATHER HERE

Meeting on February 14 To Take up Recommendation For Smallpox Prevention—Many Cases on the North Shore

Dr. E. O. Steeves, of Moncton, chairman of the Provincial Board of Health, was in the city this morning on his way home after attending a meeting of the board in Fredericton yesterday. A number of important matters were considered by the board, among them being the smallpox situation on the north shore. Dr. Steeves said that the health officers in that district had not been reporting cases as they should and matters were now serious. He said he did not know of a health officer on the north shore where there were not cases of smallpox, except perhaps in the towns of Campbellton and Newcastle. Thus far the disease had been mostly confined to the sparsely settled sections. At the meeting yesterday it was decided that definite action regarding certain recommendations to the government concerning the prevention and spread of smallpox in the future, should be deferred until a meeting to be held in St. John on Saturday, Feb. 4, at which health officers from the districts most involved will be invited to be present. It was decided that the health regulations for the province, which have been revised, should be published complete to date.

In connection with a complaint about the dog-fish reduction plant at Shipman a committee was appointed consisting of Dr. Steeves and D. Mullin, K. C., to interview Premier Hazen with the object of securing his co-operation as to the best method to pursue in having certain unsalvageable conditions removed. The factory is operated by the Dominion government and is very beneficial to the fishery in that locality, but there are certain disagreeable conditions existing that can be removed by some slight alterations in the plant and mode of handling the fish and this the board feel assured will be done as soon as the matter is brought to the attention of the Dominion authorities. Those present at the meeting were: Dr. Steeves (chairman), D. Mullin, K. C., St. John; Dr. Sprague, Woodstock; Dr. Murray, Fredericton; Dr. Jones, Chatham; Dr. E. R. and Dr. B. Fisher, Miramichi, secretary.

INQUEST ON MABOEI.

Coroner Beryman has decided to hold an inquest into the death of Samuel Ferguson. It will be on March 1. Mr. Ferguson died on Sunday last, after an illness of several weeks in the General Public Hospital, following a fall while at work on the McLeod warehouse.

FIRST REHEARSAL.

The members of the F. M. A. minstrel troupe had their first rehearsal last evening, and it was very successful. The soloists will be F. T. Hester, Mr. T. Morris, D. Higgins, and Harold Turner, while the chorus and ends will be composed of good talent as well. M. F. Kelley is directing the show.

CONTINUING TAXES.

While being arrested yesterday by City Marshal John Melanson in Chesley street, Patrick Gramman made his escape. The constable was placing him in custody for four years' taxes, and these he prouided to pay this morning, in the police court. He was told to see the chamberlain about the matter.

THE ST. JOHN RIVER BRIDGE.

In the House session in August of this day, Senator Theriault of Aroostook introduced a bill appropriating \$2,638.40 to meet Maine's share of the cost of completing the international bridge across the St. John river between Van Buren, Me., and Leonard, N. B. The legislature of 1909 appropriated \$7,500 to pay one-half of this bridge and the province of New Brunswick and the Dominion of Canada gave a like sum. Through the lapsing of a part of the original sum, the bridge, paid in 1909, there was not sufficient of the appropriation available for the completion of the work, and this additional sum is asked for.

WAREHOUSE READY ANY TIME.

The new No. 7 warehouse on the west side, being built by Scully & Adams, for the Dominion government, is now practically completed. Yesterday the doors were put on, and the only thing remaining to be done is the finishing of the roof, painting and putting two offices and the gear room, inside. This will take only a few days and it is expected that everything will be in readiness before Feb. 15, the time when the contract expires. The warehouse is available for use at any time now that it might be required.

GRANT-LANE.

At St. Mary's rectory last evening Rev. Dr. W. O. Raymond officiated at the marriage of Russell Grant and Miss Margaret Lane, daughter of Robert Lane, of 109 St. Patrick street. The ceremony which took place at 8 o'clock was being witnessed only by intimate friends of the young couple. Mrs. Dibble acted as bridesmaid, while the groom was supported by Miss Dibble. After the marriage, supper was served at the home of the bride's parents. A number of very appropriate gifts were received. Mr. and Mrs. Grant will reside at 104 St. Patrick street.

NEW PLAN TO HARNESS THE FALLS

Ontario Capitalists Get Pictures, Measurements and Other Data in Scheme to Get Great Power for Industries Here

If plans which are now under consideration by a group of Ontario capitalists, materialize, the power in the reversing falls of the St. John river may be utilized for turning the wheels of many new industries in this city. The project of obtaining power from the falls has been looked into on several occasions but the trouble has always been to find a way for storing the energy when the tides were inactive. Recently a St. John man was commissioned by a group of thoroughly reliable financial men in Ontario, to secure photographs, measurements and all possible data about the water power at the falls, and forward it to them. This has been done and a reply is being awaited with considerable interest. The interested parties have an idea that they have a means of storing the power during the hours when the tides are comparatively still and they believe that enough energy can be secured from the reversing waters to furnish power for all the factories that St. John could accommodate. If, after examining the report of the St. John man, they consider the project feasible, engineers will be sent here to go thoroughly into the matter and report on the cost of establishing a power plant. Those who are in touch with the scheme feel sanguine that good results will come from the inquiries.

FORMERLY OF ST. JOHN; DIES IN WORCESTER

George W. Carr Was Oddfellow and Pythian—Was Superintendent of Hassam Paving Co.

Word has been received here that George W. Carr, a former resident of this city, died in Worcester, Mass., on Jan. 21. Mr. Carr left St. John about twenty-five years ago, and became one of the leading factors in the contracting business in Worcester, being prominently identified with the paving business. He was head of the George W. Carr Company, which laid the first granite pavement in Worcester, and had contracts in many of the principal cities of the United States. He was also superintendent of the Hassam Paving Company. He was fifty-seven years of age and leaves, besides his wife, one daughter and three step-children, all residing in the state. A brother and sister also reside in Worcester.

KNIGHTS OF PYTHIAS

Had a meeting of the Oddfellows and Knights of Pythias, having joined the latter organization in this city, taking his rank in New Brunswick Lodge No. 1. The funeral was held on Monday, Jan. 23, from the First Church of Christ, Worcester, of which he was a member.

SNOW NOT SHOVELLED

Police Turn in Quite a List of Property Holders for Not Observing Law

Nearly fifty citizens, companies or trustees of estate have been reported by the police for not complying with the law in regard to the clearing the snow from their places, and it is expected that on Friday morning, when several cases will be dealt with, a busy and interesting session will be had in the police court.

Yesterday five or six were reported and Sergeant Campbell and Policemen Ross, McNamee and McCollum have added the following names to the list—Martin Shaford, Albert McInerney, Mary McInerney, Dr. F. INQUIRE ABOUT PURCHASE OF THE STREET RAILWAY

Upper Canadian Interests Have Had Representative Here Looking Over the Ground

A day or two ago a man representing a large amount of Quebec and Ontario capital was in St. John looking into the prospects for acquiring control of the St. John street railway. As a matter of fact, this is the second time enquiries of this sort have been set on foot within a few weeks.

The stock is held largely in Montreal, and it is said that the Montreal group has been gradually increasing its holdings for some time past. At the present time it seems unlikely that there will be any change in the control. St. John holders, among whom are several directors, retain a considerable block of the stock, and seem disposed to keep it.

What plans were behind recent attempts to corner the stock is not yet known except to those who had the scheme in mind.
