Portland, May 20 .- The criticism of Portland, May 20.—The criticism of the customs officials for delay in begin-ning the examination of the 504 Chinese who arrived here on the British steamer Danube yesterday morning from Vic-toria was answered this morning by the announcement that one of the Chinese passengers had died from smallpox. The Danube brought with her clean bills of health from Victoria, Vancouver and As-toria. The Astoria bill of health states that one 'Chinaman who was sick was suffering from malarial fever, and it was this Chinaman who died this morning. The city physician boarded the steamer as soon as the death of the Chinaman was made known, and he gave it as his as soon as the death of the Chinaman was made known, and he gave it as his opinion that death was due to smallpox. H examined the remainder of the Chi-nese, but found no further evidence of the contagion. Upon his report, the city board of health ordered the Danube placed in quarantine and disinfected, al-so the vaccination of the Chinese and work. crew.

MINERS' FEDERATION.

Great Meeting of Delegates From States and Territories.

Butte, Mon., May 20.—For five days past delegates from the miners' unions of Montana, Utah, Idaho, Nevada, South Dakota and Colorado, have been in session in this city. The purpose of the meeting was to organize the Western Federation of Miners, which was har-moniously accomplished. "The business of the delegates was transacted behind closed doors. Nearly 50,000 miners are represented in this federation, and it now takes rank as one of the strongest labor organizations in the country. Owing to the fact that a standard scale of wages for each locality could not be established, it was decided to allow each union to Butte, Mon., May 20 .- For five days represented in this federation, and it how takes rank as one of the strongest labor organizations in the country. Owing to the fact that a standard scale of wages for each locality could not be established, it was decided to allow each union to fix its own scale for its locality, and this scale will be upheld by every union member

member. Salt Lake was selected as the place for holding the next annual meeting, in May, 1894. John W. Gilligan, of Butte, was elected president; T. Maulin, of Butte, secretary; John McLeod, of South Dakota, chairman of the executive board. The federation adopted resolutions urging free silver comage and op-posing the repeal of the Sherman silver purchase act; opposing imported contract labor and the importation of armed forces in cases of strikes; appealing to workingmen not to join local state mil-itia organizations; demanding the restor-ation of the mineral lands in the mining states to the people; condemning the Russian extradition treaty; approving heartily of the Supreme Court ruling in the Geary exclusion act, and demanding the enforcement of the law, and de-manding the election of United States senators by direct vote of the people. The miners within the federation will carry travelling cards and shall be en-titled to the same benefits as in their

The children's bill, introduced by Hon. Mr. Gibson, has passed its third reading in the Ontario legislature. One of the clauses of the bill provides that, with the consent of the municipalities, the "Curfew Bell shall be rung at 9 o'clock at night as a signal for children to go home." This clause Mr. Whitney (Dundas) attacked as being illiberal, unchristian and singularly out of place in a civilized community, and he demand-ed a division on it, which, on being taken, resulted in a ministerial majority of 40. The Canadian Pacific railway and the
