NEW HORROR IN ASIA MINOR

DISEASE FOLLOWS ON HEELS OF SLAUGHTER

Smallpox Spreading Among Survivors of Moslem Massacres.

(Times Leased Wire.)
London, May 3.—Advices to-day from Adana say that smallpox has broken out there in epidemic form. Many other virulent diseases also are prevalent because of the poor sanitary conditions. The spread of smallpox during the last two weeks has been frightful because of the disorders and the homeless element roaming the city.

NEW REGULATIONS FOR FISHERIES

DRAFT OF LAWS HAS REACHED OTTAWA

United States Will Establish Federal Protection Staff

(Times Leased Wire.)
Ottawa, Ont., May 3.—The draft of the fisheries regulations governing the boundary waters between Canada and the United States, prepared by Prof. E. E. Prince, Dominion fisheries commissioner, and President David Starr Jordan, of Stanford University, representing the United States, has been received here. The result will be observance by the fishermen of the two countries of the regulations contained for by Canada in the treaty waters from the Atlantic to the Pacific. These include the waters of Juan de Fuca strait and Puget Sound.
Under the regulations as now agreed upon, the United States government will appoint a federal protection staff, with headquarters at Washington, which will correspond to the Canadian fisheries protection service, with headquarters at Ottawa.
As a result of the new regulations agreed upon, the preservation of continued prosperity in the international fisheries is assured.

WASHINGTON SECRETARY OF STATE MAY RESIGN

Friends of S. H. Nichol Advise Him to Withdraw From Public Life.

(Times Leased Wire.)
Seattle, Wash., May 3.—Friends of San H. Nichol, secretary of state, whose official conduct in connection with the insurance department is now under investigation by a legislative committee, believe that he will very shortly submit his resignation to the governor. It is known that his retirement from public life has been urged by his advisers for several days. Great pressure has been brought to bear and it is the general opinion that Nichol, whose official acts have been seriously compromised by the testimony of state insurance commissioner Shively before the inquisitorial board, will yield to the demands for his retirement.
Senator Routh, a member of the legislative investigation committee, who held a long conference with Secretary Nichol at Everett on Saturday, gives it as his opinion that the secretary will resign from office within a few days. Nichol refuses to discuss the matter.

FOREST FIRE RAGING

Large Force of Men Trying to Check Flames

Orting, Wash., May 3.—A forest fire which started on Saturday afternoon in the woods near here has already swept over one thousand acres and at 2 o'clock this afternoon, assisted by a strong wind, is rapidly approaching the Electron power plant. Two hundred men are fighting the flames.
If the Electron plant is burned it means a loss of street car and interurban power in Tacoma, the White River Valley and Seattle.
Rain is the only thing that will extinguish the flames as the fire is past the control of the fighters.

INSANE WOMAN'S ACT

Killa Two-Year-Old Son With Axe and Then Ends Her Own Life.

Stafford, Conn., May 3.—Becoming suddenly insane, Mrs. Bernard Rister today killed her two-year-old son Bernard with an axe, and then committed suicide. Charles E. Emery, of Boston, who attempted to restrain the woman, received serious injuries. Emery was a Boston firm, and was at the Rister home to take an order for the printing of books to be used as memorials to the woman's daughter, who recently died.

BLASTING WILL NOT BE ALLOWED

CITY THREATENS APPEAL TO COURTS

Saanich Council Will Not Grant Permit to Victoria.

No settlement between the city council and the Saanich council was reached at the meeting of the latter body on Saturday evening. It looks now as if an appeal to the courts is the only way open to the city to persist in its claim to take rock from Mount Tolmie. The Saanich municipal council on Saturday night showed in no unmistakable way that it was their intention to stand by what they had done and refuse a permit to the city to do the blasting.
When it was first proposed to do blasting for the city at the Mount Tolmie pits the residents of the district rose in arms. A petition was circulated among them and presented to the council of Saanich. The council acceded to the request of the residents and passed a by-law which would allow of the refusal of a license to the city on the ground that it would create a nuisance in the neighborhood.
When the city workmen were interfered with the city decided to ask Saanich council to consider some proposition leading to an amicable settlement or the difficulty. Accordingly a letter was written to the Saanich council in which it was stated that every precaution would be taken to avoid creating a nuisance. The blasting would be confined to certain stated hours, early in the morning, at noon and in the evening if desired; the blasting charges would be reduced to the minimum allowed by law; and care would be taken to prevent any damage being done. It was further set forth in the letter that the quarry was 125 feet from the public highway and the nearest dwelling was 100 yards away. There were only four dwellings within a radius of a quarter of a mile of the place. Saanich was asked to suggest any other rules if it thought advisable and in case of refusal to give grounds for it.

SEVEN INJURED IN WRECK OF AUTO

Machine Capsizes and the Occupants Are Thrown Out.

(Times Leased Wire.)
San Francisco, Cal., May 3.—Senator Jos. Plunkett and six companions were seriously injured, some probably fatally, when the automobile in which they were riding was wrecked on the great highway on the beach early to-day. Plunkett sustained severe bruises about the head and internal injuries. Miss Mildred Forbes has a badly sprained ankle and is bruised about the body. Miss Patricia Collins was badly bruised, and is in a serious condition. L. C. Percival, chauffeur, is injured internally, and may not recover. Charles Miller is thought to have a fracture of the skull and has severe scalp lacerations. Wm. Lyons is suffering from a fractured shoulder blade and a badly sprained neck. David Beck has severe scalp wounds and internal injuries.
The party was driving through the park and attempted to turn into the great highway at a fair rate of speed. The machine skidded and upset, hurling the occupants to the ground. The injured were hurried to the Park emergency hospital, where the condition of Mrs. Forbes, Lyons and Miller is said to be very serious.

ALASKA PACKERS MAY LABEL SALMON "SOCKEY"

Reply to Inquiry by the United States Fish Commission.

(Times Leased Wire.)
Washington, D. C., May 3.—According to a decision by Solicitor Earle, for the department of commerce and labor, in an informal opinion to the United States fish commission, there can be no monopoly in the use of the word "sockeye" in denoting the species of salmon canned by any of the great salmon packing interests of the Pacific coast of Alaska. It is not necessary for a packer to state on the label of his cans the locality in which the salmon is taken.
The fish commission had inquired whether the Alaska salmon law required that the label used by the packers should state the locality in which the salmon were taken. It was stated by the commission that the same species of fish which was packed by the Alaska salmon industries and labeled as "sockeye" was also caught in the waters of British Columbia and Puget Sound, and that there was a difference in the food value and the market price in favor of the fish taken in Puget Sound and British Columbia waters. In view of the inferiority of the Alaska pack, the commission contended, the failure of the packers to indicate the locality of their product on the labels used by them, constituted a misrepresentation of the act of congress.
The solicitor did not concur in this view.

NATIONAL PEACE CONGRESS MEETS

LARGE GATHERING OF DELEGATES IN CHICAGO

President Taft Writes Letter Approving Aims of Conference.

(Times Leased Wire.)
Chicago, May 3.—More than a thousand delegates and visitors attended the opening of the second national peace conference here to-day. The sessions will continue until Wednesday night. The reading of a letter from President Taft, in which he expressed his regret at being unable to attend the conference, his wish for the success of the conference and approval of its aims, was one of the features of to-day's session.
Robert Treat Paine, of Boston, presided when the conference was opened. An address written by Secretary of War Dickson was read.
Addresses of welcome were delivered by Governor Deneen, Mayor Busse and Rev. Eugene Barlett, chairman of the reception committee, and then the following letter from President Taft was read:
"I greatly regret that I am unable to attend the national peace conference at Chicago and be there to express my earnest sympathy with the object of the assembling of so many distinguished men in the interest of the world's peace.
That progress may be made in the matter of peace everywhere by international action and by the moral pressure of the peoples of the earth, any one who has examined the record must admit. It is true that armaments go on increasing in cost, but it is also true that burdens presented by this competition in armament are growing heavier and heavier and the problems for solution consistent with their increase become more and more difficult. The possibility of war now arising come chiefly from irresponsibilities of government and in those countries where stability of internal control is lacking.
"The United States has contributed much to the cause of peace by assisting countries weak in respect to their internal government so as to strengthen in them the policy of the United States in avoiding war under all circumstances except those plainly consistent with honor or its highest welfare, has been made so clear to the world as hardly to admit of any question at my hands. I can only say that so far as my legitimate influence extends while at the head of this government, it will be exerted to the full in favor of peace, not only as between this country and other countries, but as between our sister nations."
Following the reading of this letter Miss Anna Eustein of Boston spoke. Dean W. Rogers of the Cincinnati law school was called upon for an address.
Principal speakers at to-night's session will be Samuel Gompers and David Starr Jordan, president of Stanford University.

WILL BE TAKEN EAST

Brandenberg Must Stand Trial on Charge of Forgery and Grand Larceny.

Sacramento, Cal., May 3.—Before leaving for San Francisco this morning Governor Gillett honored a requisition for the return of Broughton Brandenberg, magazine writer and newspaper man, to New York state for trial on charges of grand larceny and forgery. Brandenberg is now under arrest at San Francisco. He is alleged to have forged ex-president Grover Cleveland's name to an alleged interview which was sold to the New York Times.

EARL GREY WILL REMAIN FULL TERM

Governor-General Will Not Leave Canada Until Next Year.

(Special to the Times.)
Ottawa, May 3.—In the House of Commons to-day Sir Wilfrid Laurier announced that Earl Grey would still be in Canada when the next session of parliament opened. His Excellency's full six years term of office will not expire until September, 1910, and though governors-general usually leave at the expiration of five years, His Excellency's intended departure at the end of this year has been postponed until some time next year.

BAY PIRATES AND POSSE FIGHT

Two Men Wounded and One May Succumb to His Injuries.

(Times Leased Wire.)
Richmond, Cal., May 3.—Two men fell, one of them fatally, the other seriously wounded, in a battle between five bay pirates and an armed posse at Wine Haven, near here, yesterday. The battle started when Fire Chief Charles Mahnke was shot down after he had discovered the pirates stealing casks of wine on the water front. The shooting of Mahnke was witnessed by an employee of a refinery nearby. When the chief fell this man summoned his fellow workmen, who hastily armed themselves and set out in pursuit of the fleeing pirates. Two of the pirates made their escape in a launch, in which the gang had invaded the town. Another disappeared in the underbrush. The two remaining sought shelter in the brush but were driven from cover when surrounded by members of the posse. Making a sudden dash for the waterfront, the men stole an old boat in which there was one oar. They were almost out of range when one of their pursuers succeeded in hitting a pirate in the neck with a bullet from a rifle. The thieves threw their arms overboard and promptly surrendered. There is little chance for the recovery of the wounded pirate.

WORK STARTED ON SHOPS AND TERMINAL

Grand Trunk Pacific Will Spend \$5,000,000 at Winnipeg.

(Special to the Times.)
Winnipeg, May 3.—Work started to-day on the Grand Trunk Pacific railway shops and terminal located a few miles east of the city, which, when completed, will have cost \$5,000,000.

NEW PASSENGER SERVICE TO ST. PAUL

First Canadian Pacific-Soo Train Leaves Portland.

(Times Leased Wire.)
Portland, Ore., May 3.—The Canadian Pacific Soo line railroads inaugurated a direct passenger service between Portland and St. Paul last night when a new train of seven cars pulled out over the tracks of the Oregon Railway & Navigation Co. at seven o'clock.
The train is routed over this road to Spokane, then it is to be carried over the Spokane International to the Canadian Pacific's main line.
The running time of the new train to St. Paul is 61 hours from Portland.

THIRTEEN TURKISH CONSPIRATORS EXECUTED

Several Soldier Leaders Shot---Hilmi Pasha, Who Was Driven from Office by Mutineers, Is Reinstated

(Times Leased Wire.)
Constantinople, May 3.—Thirteen plotters were executed early to-day when the punishment of mutineers began in the Stamboul quarter. Several soldier leaders were publicly shot and their civil accomplices hanged.
Thousands were present at the executions. The condemned prisoners were led forth clad in white trousers and jackets, and upon each was fastened a placard bearing his name and the crime of which he was accused. A corps of police controlled a too curious crowd, and smashed the cameras of those who endeavored to secure pictures of the hangings.
Each victim was led to his place on the gallows, and after the noose had been placed about his neck, was raised slowly by a pulley, and suspended while he struggled to death.
Nadir Pasha, the giant eunuch who for years was an advisor of Abdul Hamid, is still alive, despite the reports that he was executed Friday. Another eunuch who was executed is said to have been mistaken for Nadir. Nadir is being held, it is said, in the hope that he may turn states' evidence.
Reports that Abdul Hamid, deposed Sultan of Turkey, is seriously ill, were received from Salonica to-day.
Hilmi Pasha Again in Office
Grand Vizier Tewfik Pasha handed his resignation to the new Sultan of Turkey to-day. Hilmi Pasha, whom the mutineers drove from this office at the time of the uprising April 13th, was re-instated by Rehad.
These changes have not been officially announced but it is known positively that they have been made.
The resignation of Tewfik Pasha has not occasioned surprise because his sympathies with the reactionaries are well known.

ANOTHER DARING HOLD-UP AT SEATTLE

Man Who Robbed Cashier in Second Avenue Store Arrested.

(Times Leased Wire.)
Seattle, Wash., May 3.—For the second time within a fortnight a business institution in this city has been held up in broad daylight by a lone robber, who has not thought it necessary to conceal his features, and who in both instances made good his escape.
About 11 o'clock this forenoon a tall, blonde man, fairly well dressed, walked into the store of the Stern Furniture Company at 1528 Second avenue. Half way down the long room he met Frederick Stern, one of the proprietors. Pulling a big revolver from his pocket, the robber said:
"Come on, be quiet or I'll blow your block off."
Miss Lizzie Stern, the cashier of the establishment, was seated in her cage, busily counting money.
Stepping to the window the desperado shoved his revolver in her face and demanded "some of that coin."
The girl reached down, picked out \$25 in gold and handed it to him. Pocketing the money the hold-up man, apparently well satisfied, walked leisurely out of the place and disappeared.
Late this afternoon the police arrested Charles Hetsley at his residence, five blocks distant from the store, and he has been identified by Miss Stern as the man who robbed her. The police think the man is insane.
On April 17th last, an attempt was made to hold up and rob the paying teller of the American Trust and Savings bank by an unmasked man, who, upon being refused money, fired a shot at the teller and then made his escape.

KILLED BY EXPLOSION OF PICTURE MACHINE

Theatre Crowded at Time of Accident But There Was No Panic.

(Times Leased Wire.)
Peoria, Ills., May 3.—W. R. Robinson, city editor of the Peoria Star, is dead, and Walter Woodrow, moving picture machine operator, is suffering from severe burns to-day as the result of the explosion of the picture machine in a nickelodeon here yesterday. Following the explosion the whole front of the theatre sprang into flames. More than 300 persons were in the theatre, but the crowd left the building without becoming panic-stricken.
Robinson was manager of the playhouse and was assisting the machine operator when the accident occurred.

SEATTLE BOY KILLED IN COASTING ACCIDENT

(Times Leased Wire.)
Seattle, Wash., May 3.—Making a sharp turn with his coasting wagon on the hill at 27th avenue and Olive street last evening, Phillip Schwartz, aged 3, plunged over an embankment ten feet high, struck his forehead against a stump and was killed.

AUTO WRECKED BY RUNAWAY TEAM

Seattle Woman Seriously Injured in Accident at Vancouver.

(Times Leased Wire.)
Vancouver, B. C., May 3.—Mrs. J. M. Chapel, of Seattle, was badly injured by a runaway yesterday. With her husband and friends, Mr. and Mrs. F. R. Stewart, an automobile party of Vancouver, she was posed for a photograph near the big tree in Stanley Park. Down came a runaway team, driverless and swaying from one side of the road to the other. The horses went square into the machine in which Mrs. Chapel was seated, and she was hurled many feet, being picked up badly bruised and suffering from the shock. The automobile was wrecked.

(Special to the Times.)
Winnipeg, May 3.—V. Couture, proprietor of the Quebec hotel, St. Boniface, and formerly in the hotel business here, is dead.

MARATHON RACE AT NOME

Nome, Alaska, May 3.—In a Marathon race Saturday evening Guy Anderson won, defeating Split-the-Wind, a 13-year-old Eskimo, who made a heart-breaking struggle to win. The race was spectacular in many ways and the little native boy had the sympathy of the crowd. The race was run over a wood track in a small hall. Time 2 hours and 2 minutes.

SUNDAY BALL AT NORTH VANCOUVER

FOUR THOUSAND SPECTATORS AT GAME

Beavers Defeat Aberdeen Nine By Four Runs to Three.

(Times Leased Wire.)
Vancouver, B. C., May 3.—Ladies and gentlemen:—I am requested by the chief of police to notify you that you are attending an unlawful game and liable to a fine of \$40. Play ball!
There was a decisive show from a crowd of baseball enthusiasts estimated at 4,000, which packed the stands and bleachers and filled all the spare room at Recreation park, North Vancouver, yesterday afternoon, and then all settled back to witness the first professional baseball match ever played on a Sunday in British Columbia, and so far as is known, the first ever played in Canada outside of Montreal. Vancouver defeated Aberdeen 4 to 3 in ten innings.
In spite of the fact that the grounds were in wretched condition, making fast ball an impossibility, the game was decidedly exciting after the clubs were tied up in the eighth with three runs each. The tie was not broken until Vancouver's half of the tenth, when Sudden led off with a hit, advanced on a safety by Brooks, went to third on Snyder's sacrifice and scored when Donovan, batting for Hall, poked a hot grounder to Moore at second, who failed to get it to the plate in time to catch Sudden. Vancouver thus won, 4 to 3, making four out of six in the series with Aberdeen.

DEATH INTERRUPTS WEDDING TRIP

Bride Dies in Seattle Two Days After Arriving From Salt Lake City.

(Times Leased Wire.)
Seattle, Wash., May 3.—Death interrupted the wedding trip of Mr. and Mrs. Carry Bettyton, of Salt Lake City, a few hours after reaching Seattle, and to-day the sorrowing husband is returning to Utah bearing the body of his bride, who died of asthma in the Providence hospital on Friday night. The husband, 58 years old, a retired businessman of Salt Lake, is almost prostrated at the loss of his bride, 37 years his junior.
Mrs. Bettyton had been a sufferer from chronic asthma for 15 years, and her condition became worse after an operation for appendicitis in a Salt Lake hospital last January. At that time it was discovered the woman's heart was on her right side.
Two weeks ago it was decided that a change of climate was necessary, and a trip to Seattle was ordered. The journey weakened the invalid and she died two days after reaching Seattle.

RESCUED AT SEA

Crew of Lighter Picked Up By Steamer Tobasco.

Campeche, Mexico, May 3.—Almost dead from hunger, men, comprising the crew of the lighter Guahatena, which was driven to sea by a storm fifteen days ago, were rescued to-day by the steamship Tobasco.
The lighter had drifted for many days without provisions and the men were in a pitiable condition.
