WEDDED IN VANCOUVER. Dr. T. J. Jones and Miss Webster United in Marriage.

A quiet wedding took place yesterday in Vancouver when Dr. T. J. Jones and Miss Webster, both of this city, were united in marriage.

THAMES NAVAL REVIEW. Gale & Polden, the old service publishers, has issued a very attractive programme of the great naval review in the Thames.

"I want to exchange the hat I bought of you last week for another," said the lady as she entered the millinery shop. "Everybody says it doesn't look well on me."

STRAWBERRY VALE IS TO HAVE TELEPHONE Work is to be commenced on the line at Once.

Strawberry Vale is to be early supplied with telephone connection. The residents of the district have long wanted this connection with the city.

The telephone company agreed to begin work at once on the line. The new line will be available for residents as far as Wilkinson's cross road.

BACK FROM NORTH. Miss Russel Had Delightful Trip to Skagway, Atlin and Dawson.

Miss Russel, principal of Spring Ridge school, who returned on Monday afternoon from a delightful holiday trip to Dawson and Atlin, speaks in the most glowing terms of the trip up the coast.

Speaking of the vegetables and flowers of the north, Miss Russel said they were simply a marvel. Vegetables grow so quickly that they are very tender, and as there are no insect pests, the leaves are in perfect condition.

At Skagway, Miss Russel was met by relatives who accompanied her to Dawson and Atlin. Both the latter cities she states are rather in a state of stagnation, more especially the former, although socially they are very gay.

An interesting drive was taken by Miss Russel and party along the Klondike river. Everywhere the primitive methods of mining were to be contrasted with the newest and most up to date appliances. The mines appeared to be all in a flourishing condition.

Adachi Kinoshita, writing in the World's Work, says that in 1907, largely as a result of the war with Russia, Japan found itself under an enormous financial burden.

There was a rumor around the water front yesterday that the steamer Amur was likely to be sold. Someone looked her over who was said to represent a South American shipping firm.

Seen in regard to the vessel yesterday Captain Troup said that nothing had yet been decided in connection with the steamer. The matter of putting new boilers into her and of adding to her present length had been mooted, and the matter was under consideration, but up to the present nothing had been decided upon.

The Charmer has had a varied career and has done good service to the company. She is at present on the mid-night run from this city to Vancouver and carries most of the freight.

BUREAU RECEIVES MANY INQUIRIES Cache Creek District Attracting Much Attention From Land Seekers.

A great many inquiries have recently come to the bureau of information of the provincial government in regard to the lands in the neighborhood of Cache Creek. A large quantity of land has been bought from the provincial government in the neighborhood recently, and it is supposed that some of these must have been doing some advertising, for a large number of the inquiries have come in within a few days.

A great many reports have come to hand by the steamers trading at the way ports up the coast going into the Shushtarit valley which is adjacent to the Cache creek. There is a good deal of good land in the valleys in that neighborhood, and although a good deal of it is covered by timber license and some has been sold, there is still land open for purchase or pre-emption.

Very little is known of it, however, except from the reports of the land hunters and others who have been in there. Many other inquiries are coming in every day so that Frank I. Clark, who is in charge of the bureau of information all the time answering the letters and securing information.

ANNUAL EXCURSION TO SALT SPRING Y.M.C.A. Has Chartered City of Nanaimo for the Trip.

The annual excursion of the Y. M. C. A. will be held on Labor Day, September 6th, and promises to be one of the best yet held. After negotiations with the C. P. R. the steamer City of Nanaimo has been chartered by the association and will take the excursionists to Ganges Harbor. This place was chosen over a number of others on account of it having excellent grounds on which to run the foot races and to play the games which will be arranged for.

The steamer will leave the Belleville Street dock at 9 o'clock on the morning of the excursion, arriving at Ganges at 1 o'clock. The return will commence at between 5 o'clock and 6. Meals will be served on board the steamer by the ladies' auxiliary, ice cream, candies, soft drinks, etc., will also be for sale.

A committee has been chosen to outline a programme of sports for the day. A baseball game will be played between the Y. M. C. A. junior team and the North Ward Juniors. A football game will also be played between a picked team from the Y. M. C. A. and the Salt Spring Islanders. The races will be open to all.

In former years this excursion proved a big success, having been attended by a large number of persons. It is expected that this year's outing will be ahead of all former ones in both the way of attendance and enjoyment. An orchestra will be engaged to furnish the music on the boat which will prove a good addition to the programme.

NO OFFER MADE FOR STEAMER AMUR Captain Troup Denies That Company Has Any Idea of Buying in Australia.

There was a rumor around the water front yesterday that the steamer Amur was likely to be sold. Someone looked her over who was said to represent a South American shipping firm.

Further questioned in regard to the company getting a steamer from Australia, Capt. Troup said that it was all imagination. The company had never thought of such a thing.

The regular shoot of the Capital Gun Club was held on Sunday morning at the Willows traps. A good day's shooting was indulged in by a number of the members of the club and 2,000 pigeons were shot at. C. Pears won the highest average for the day which was 51.8, he having missed only 10 birds out of 115 which is very creditable shooting.

VISIT OF FIFTH TO SEATTLE FAIR REGIMENT GOES TO THE SOUND METROPOLIS Canadian Soldiers to Participate in Military Parade on Exposition Grounds.

The Fifth Regiment will parade tomorrow night preparatory for a visit to Seattle on Labor Day. The regiment will leave here on Sunday afternoon, September 5th, and will camp at the exposition grounds at Seattle during their stay.

The parade to-morrow night will be held for the inspection of the kit and equipment in possession of the members must be turned in. On leaving the drill hall the men will take home their tunics and side arms in readiness for the trip to Seattle.

As a matter of form the permission of the Washington government must be obtained before the soldiers may plant foot on United States soil. This has been wired for and will of course be forthcoming.

The men of the Fifth will take their blankets with them, and will arrange for their own sleeping accommodation at the exposition grounds. This explanation is considered necessary in view of the fact that a number of the men have been in doubt as to these arrangements.

Major Currie and his brother officers of the regiment are looking forward to a very pleasant visit to the Sound metropolis. Arriving there on Sunday night they will stay until the following evening, Monday is Seattle Day at the exposition as well as being Labor Day, and a great military parade will be held in the grounds of the exposition in charge of the contingents of the National Guards, the regulars and from the naval vessels at Bremerton, besides the Fifth Regiment of Victoria, and as a military display the spectacle should prove a most impressive and attractive one.

COHOES ARE IN STRAITS—DEER PLentiful in Sooke Lake District.

Fishing is engaging the attention of a good many sportsmen at present. Cohoes are being taken regularly in the straits, but no very large catches are reported so far. Just two or three to the boat is the usual take. The lake is splendid. Forty and fifty each of the pretty little lake trout has been taken by those who have been in to the resort within the last few weeks.

Deer are said to be very plentiful in the Sooke district. People driving in over the road often see them and they are quite tame, allowing the buggies to approach easily within gunshot. They seem to know that they are under the protection of the law at this time of year.

OLD RESIDENT OF PROVINCE DIED TO-DAY Angus Galbraith Passed Away at His Residence, Belleville Street.

The death occurred this morning at the family residence 56 Belleville street, of Angus Galbraith, a well known resident of this city. Deceased was born in Colonsay, Scotland, and was 83 years of age. He was the last remaining member of a family of 12. At an early age he emigrated to Canada, settling first near Toronto. Shortly after that he was attracted to the new section of Ontario then thrown open, Bruce county. He took up land and for a number of years followed farming.

The gold excitement in B. C. attracted him with many others, and he left his home in the east and made this province his home. After following that occupation in the Kootenays he was one of the early invaders of the Klondike when gold was discovered there. He was successful there, and for a number of years engaged in enterprises in the north.

For the past twelve years he has lived quietly in Victoria. Mrs. Galbraith survives him, and his son Finlay, living in Dawson, and a daughter, Miss Sarah, who resides at home. The deceased was a member of the First Baptist church in this city, and a life long liberal in politics. The funeral will be held on Saturday from the home on Belleville street.

THISTLES BLOOMING WITH IMPUNITY No Steps Taken by City to Enforce Regulations.

Complaints have been received that the thistles are not being cut on the vacant lots in and around the city to the great annoyance of those in the neighborhood who try to keep their gardens in good shape. It was announced a short time ago that the law in this respect would be strictly enforced, but apparently no steps have been taken for it is a common sight to see the dainty white blossoms floating over the gardens. On many vacant lots, even near the centre of the city, the Scotch flowers have been blooming in all their glory.

One particular bunch of flowers that has aroused the ire of neighbors is situated on the corner of Niagara and South Street. It is rather late to cut them now, for, unless they are burned at once, the seeds will ripen even if they are cut.
