## The Right Road To Europe Via Vancouver Will Save Millions For Western Canada's Farmers

On December 26th, 1922, The Winnipeg Grain Exchange published an advertisement in the Edmonton Journal, setting out in detail the cost of handling a bushel of grain from Edmonton to Liverpool via Fort William and Buffalo. This cost amounts to 46.26 cents. From these figures The Vancouver Sun of January 5th. 1923, took occasion to show that the Vancouver route would save the Western farmers an enormous amount of money. Writes the Vancouver Sun:

These Grain Exchange figures, brought out in black, show that costs the farmer 46.26 cents per prairie points. bushel to handle his grain from Edmonton to Liverpool.

Calgary to Vancouver .. 15.00 Elevation, government inspection, government weighing, interest, exchange, etc., at Van-Ocean Insurance ..... Insurance against loss in weight ..... Ocean freight ..... 20.25 our figures.

Total Cost Handling a Bushel of

There are other major considerations which favor Vancouver, farmer is entitled to, and did not, 3 cents per bushel, but on the above figures alone there is a clear profit to the farmer of 8 clear profit to the farmer of 8 can be done so that farmers them to inoculate for diptheria all persons wishing to be treated at

Also, it must be remembered

Add freight to Moose Jaw 3.25 Total cost Moose Jaw to Liverpool via Vancouver,
